# Independent Auditor's Report

To The Members of JSW Energy Limited

## Report on the Audit of the Standalone Financial Statements

### Opinion

We have audited the accompanying standalone financial statements of JSW Energy Limited (the "Company"), which comprise the Balance Sheet as at 31<sup>st</sup> March 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March 2026, its profit and other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

### Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matter described below to be the key audit matter to be communicated in our report.

| Sr. No. | Key Audit Matter   | Auditor's Response   |
|---------|--|--|
| 1       | <p><u>Tariff related disputes with customers:</u></p> <p>The Company has certain tariff related disputes with its customers, which involve significant judgement to determine the possible outcome.</p> <p>[Refer note 3 (B) (ii) on the critical accounting judgements, note 12(d) on trade receivables and note 29(A)(1)(b) on contingent liability disclosures in standalone financial statements.]</p> <p>Considering the judgement necessary to determine the possible outcome coupled with magnitude of potential exposure, this matter has been identified as a key audit matter.</p> | <p><u>Principal audit procedures:</u></p> <ul style="list-style-type: none"> <li>Evaluating design and implementation and testing operating effectiveness of the controls relating to estimation of possible outcome of disputes.</li> <li>Evaluating the Management's assessment of possible outcome of the disputes by inquiry of the management including in-house legal counsel, reviewing minutes of the meetings of those charged with governance and perusing opinions / advices obtained by the Management from the external legal counsels, and obtaining and evaluating independent confirmations obtained from the external legal counsels on a test check basis.</li> <li>Assessing appropriateness of accounting including provision / reversal of revenue and adequacy of disclosures in the financial statements, based on the aforesaid assessment.</li> </ul> |

### Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Director's report, Management Discussion and Analysis, Corporate Governance Report and Business Responsibility Report in the Annual Report but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Board of Directors for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend

to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's

report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to

the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31<sup>st</sup> March 2026 taken on record by the Board of Directors, none of the directors is disqualified as on 31<sup>st</sup> March 2026 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 29 to the standalone financial statements;

- ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note 16 to the standalone financial statements;
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
  - (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice

that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 14(A)(g)(ii) to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, as applicable.

- vi. Based on our examination, which included test checks, the Company has used accounting software systems for maintaining its books of account for the financial year ended 31<sup>st</sup> March 2026 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

## TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of JSW Energy Limited of even date)

**Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")**

We have audited the internal financial controls with reference to standalone financial statements of JSW Energy Limited (the "Company") as at 31<sup>st</sup> March 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an

audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

### Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and

that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at 31<sup>st</sup> March 2026, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

## TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of JSW Energy Limited of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment, capital work-in-progress and right-of-use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The Company has a program of verification of property, plant and equipment, capital work-in-progress and right-of-use assets so to cover all the items once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain property, plant and equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) Based on our examination of the registered sale deed provided to us, we report that, the title deeds of all the immovable properties, (other than immovable properties where the Company is the lessee, and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in (property, plant and equipment and capital work-in-progress) are held in the name of the Company as at the balance sheet date. Immovable properties of land and buildings whose title deeds have been pledged as security for borrowings,

are held in the name of the Company based on the examination of relevant documents by us.

- (d) The Company has not revalued any of its property, plant and equipment (including right-of-use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as of 31<sup>st</sup> March 2026, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (ii) (a) The inventories were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of ₹ 5 crores, in aggregate, at points of time during the year, from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the statements comprising stock statements and book debt statements filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters. The Company has not been sanctioned any working capital facility from financial institutions.
- (iii) The Company has made investments in, provided guarantee and granted loans, secured or unsecured, to companies, in respect of which:

- (a) The Company has provided loans, stood guarantee, or provided security during the year and details of which are given below: ₹ in crore

| Particulars  | Investments | Loans    | Guarantees |
|--|-------------|----------|------------|
| A. Aggregate amount granted/ provided during the year:                     |             |          |            |
| - Subsidiaries   | 5,760.76    | 1,196.69 | 6,722.53   |
| - Others   | -           | 76.00    | -          |
| B. Balance outstanding as at balance sheet date in respect of above cases: |             |          |            |
| - Subsidiaries   | 5,760.76    | 1,196.69 | 6,722.53   |
| - Others   | -           | 76.00    | -          |

The Company has not provided any advances in the nature of loans or security to any other entity during the year.

- (b) The investments made, guarantees provided, security given and the terms and conditions of the grant of all the above-mentioned loans and advances in the nature of loans and guarantees provided, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.
- (c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are regular as per stipulation. There are no advances in the nature of loan.
- (d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) A loan to related party, which has fallen due during the year, has been renewed or extended, details of which is as follows:

| ₹ in crores               |  |   |
|---------------------------|--|---|
| Name of Party             | Aggregate amount overdue of existing loans renewed or extended | Percentage of the aggregate to the total loan granted during the year |
| South West Mining Limited | 241.70   | 18.99%  |

- (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand

or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) is not applicable.

- (iv) According to information and explanation given to us, the Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Companies Act, 2013, and hence reporting under clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

- (vii) In respect of statutory dues:
  - (a) Undisputed statutory dues, including Goods and Service tax, Provident Fund, Income-tax, duty of Custom, duty of Excise, Value Added Tax, cess, and other material statutory dues applicable to the Company have generally been regularly deposited by it with the appropriate authorities in all cases during the year. We have been informed that the provisions of the Employees' State Insurance Act, 1948 are not applicable to the Company.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Income-tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, cess, and other material statutory dues in arrears as of 31<sup>st</sup> March 2026, for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on 31<sup>st</sup> March 2026, on account of disputes are given below:

| Name of the Statute  | Nature of the Dues               | Forum where dispute is pending       | Period(s) to which the amount relates                        | Amount unpaid | Amount paid under protest |
|--|----------------------------------|--------------------------------------|--|---------------|---------------------------|
|  |                                  |                                      |  | (₹ in crore)  | (₹ in crore)              |
| The Income Tax Act, 1961   | Income Tax                       | Commissioner of Income Tax (Appeals) | F.Y. 2015-16   | 216.58        | -                         |
| Finance Act, 1994  | Service Tax                      | Appellate Tribunal                   | F.Y. 2011-12 to F.Y. 2013-14, F.Y. 2016-17, and F.Y. 2017-18 | 7.15          | 14.02                     |
| The Custom Act, 1962   | Customs Duty                     | Supreme Court                        | F.Y. 2011-12 and F.Y. 2012-13                                | 213.37        | 30.62                     |
| The Income Tax Act, 1961   | Income Tax                       | Bombay High Court                    | F.Y. 2019-20   | 64.14         | -                         |

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.
- (ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were, applied by the Company during the year for the purposes for which the loans were obtained.
- (d) On an overall examination of the financial statements of the Company, the funds raised on short term basis aggregating ₹ 5,426.66 crores have been used for long-term purposes.
- (e) On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associate or joint venture.
- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries or joint venture or associate companies.
- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.

- (b) The Company has made preferential allotment of equity shares and convertible warrants on private placement basis. For such allotment of equity shares and convertible warrants, the Company has complied with the requirements of Section 42 and 62 of the Companies Act, 2013, and the funds raised have been, applied by the Company during the year for the purposes for which the funds were raised. The Company has not made any preferential allotment or private placement of (fully or partly or optionally) convertible debentures during the year.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and up to the date of this report.
- (xii) The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports issued to the Company during the year and covering the period up to March 2026.
- (xv) In our opinion during the year the Company has not entered any non-cash transactions with any of its directors or directors of its subsidiaries, an associate company and a joint venture or persons connected with such directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- (xvi) (a) The Company is not required to be registered under section 45-IA of the Reserve Bank

of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

- (d) The Group has more than one Core Investment Company (CIC) as part of the group. There are 5 CIC forming part of the group.

(xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) In our opinion and according to the information and explanations given to us, there is no unspent amount under sub-section (5) of Section 135 of the Act pursuant to any project other than ongoing projects. Accordingly, clause 3(xx)(a) of the Order is not applicable.

(b) There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act. This matter has been disclosed in Note 31 to the financial statements.

## 1 General information:

JSW Energy Limited ("the Company") is a public company incorporated on 10<sup>th</sup> March, 1994 under the Companies Act, 1956 and has its primary listings on BSE Limited and National Stock Exchange of India Limited. The registered office of the Company is located at JSW Centre, Bandra Kurla Complex, Bandra (East), Mumbai, Maharashtra. The Company is primarily engaged in the business of generation of power with principal places located at Vijayanagar (Karnataka), Ratnagiri (Maharashtra), Nandyal (Andhra Pradesh) and Salboni (West Bengal).

### 2.1 Recent accounting pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 - The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.

2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 - The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any impact in its financial statements.

3. Ind AS 12, International Tax Reform - Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. The company has reviewed the amendment and based on its evaluation has determined that it does not have any impact on its financial statements."

### 2.2 Statement of compliance:

The Standalone Financial Statements of the Company which comprise the Balance Sheet as at 31<sup>st</sup> March, 2026, the Statement of Profit and Loss, the Statement of Cash Flows and the Statement of Changes in Equity for the year ended 31<sup>st</sup> March, 2026, and a summary of the material accounting policies and other explanatory information (together hereinafter referred to as "Standalone Financial Statements") have been prepared in accordance with Indian Accounting Standards notified under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, the provisions of the Companies Act, 2013 ("the Act") to the extent notified, guidelines issued by the Securities and Exchange Board of India (SEBI) and other accounting principles generally accepted in

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

India. The Standalone Financial Statements have been approved by the Board of Directors in its meeting held on 11<sup>th</sup> May, 2026.

### 2.3 Basis of preparation and presentation

The Standalone Financial Statements are prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies given below which are consistently followed except where a new accounting standard or amendment to the existing accounting standards requires a change in the policy hitherto applied. Presentation requirements of Division II of Schedule III to the Companies Act, 2013, "as amended," as applicable to the Standalone Financial Statements have been followed. The Standalone Financial Statements are presented in Indian Rupees ("INR") in crore rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013.

#### Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realised in, or is intended for sale or consumption in the normal operating cycle.
- it is held primarily for the purpose of being traded;
- it is expected to be realised within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;

- it is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting date; or the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Deferred tax assets and liabilities are classified as non-current only.

### 2.4 Material accounting policies:

#### I. Revenue recognition:

Revenue towards satisfaction of performance obligation from contracts with customers is recognised when control of the goods including power generated or services is transferred to the customer, at transaction price (net of variable consideration) i.e. at an amount that reflects the consideration to which the Company expects to be entitled in exchange for transferring promised goods or services having regard to the terms of the contract including Power Purchase Agreements, relevant tariff regulations and the tariff orders by the regulator, as applicable.

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for satisfaction of performance obligation. The variable consideration is estimated having regard to various relevant factors including historical trend and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

Compensation towards shortfall in offtake are recognised on collection or earlier when there is reasonable certainty to expect ultimate collection.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

## II. Leases:

### (a) The Company as lessee:

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets (such as tablets and personal computers, small items of office furniture and telephones). For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Company uses its incremental borrowing rate.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the right-of-use asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects

that the Company expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

For a contract that contain a lease component and one or more additional lease or non-lease components, the Company allocates the consideration in the contract to each lease component on the basis of the relative standalone price of the lease component and the aggregate standalone price of the non-lease components.

### (b) The Company as lessor:

Leases for which the Company is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Company's net investment outstanding in respect of the leases.

Subsequent to initial recognition, the Company regularly reviews the estimated unguaranteed residual value and applies the impairment requirements of Ind AS 109, recognising an allowance for expected credit losses on the lease receivables.

Finance lease income is calculated with reference to the gross carrying amount of

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

the lease receivables, except for credit-impaired financial assets for which interest income is calculated with reference to their amortised cost (i.e. after a deduction of the loss allowance).

When a contract includes both lease and non-lease components, the Company applies Ind AS 115 to allocate the consideration under the contract to each component.

## III. Foreign currencies:

The Company's Standalone Financial Statements are presented in Indian Rupee. The transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in statement of profit and loss in the period in which they arise except for:

- I exchange differences on transactions entered into in order to hedge certain foreign currency risks (see below the policy on hedge accounting in 2.4 (XVI) (G); and
- II exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

## IV. Borrowing costs:

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added

to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in statement of profit and loss in the period in which they are incurred.

The Company suspends capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset.

The Company determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. If any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditure on that asset.

Borrowing Cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the finance cost.

## V. Employee benefits:

### a) Short term employee benefits:

A liability is recognised for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

## b) Long term employee benefits:

Liabilities recognised in respect of long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

The liability for contingency leave is not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

## c) Retirement benefit costs and termination benefits:

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

### Defined contribution plans:

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions. Payments made to state-managed retirement benefit plans are accounted for as payments to defined contribution plans where the Company's obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

### Defined benefit plans:

For defined benefit retirement plans, the cost of providing benefits is determined

using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurements comprising actuarial gains and losses, the effect of the asset ceiling (if applicable) and the return on plan assets (excluding interest) are recognised immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which they occur. Remeasurements recognised in other comprehensive income are not reclassified. Actuarial valuations are being carried out at the end of each annual reporting period for defined benefit plans.

The retirement benefit obligation recognised in the balance sheet represents the deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

The Company provides for gratuity in accordance with the Code on Social Security, 2020. Gratuity is payable to permanent employees after five years of continuous service. For fixed-term employees, gratuity is provided on a pro-rata basis upon completion of one year of service. The benefit is calculated at 15 days of "wages" (as defined under the Code, ensuring a minimum 50% base of total remuneration) for each completed year of service.

## d) Share-based payment arrangements:

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in statement of profit and loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

The Company has created an Employee Welfare Trust for providing share-based payment to its employees. The Company uses the Trust as a vehicle for distributing shares to employees under the employee remuneration schemes. The Trust buys shares of the Parent Company from the market or directly from the Parent Company, for giving shares to employees. The Company treats Trust as its extension and shares held by the Trust are treated as treasury shares. Own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from Equity. No gain or loss is recognised in profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in other equity.

## VI. Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

### Current tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

### Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Standalone Financial Statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination or for transactions that give rise to equal taxable and deductible temporary differences) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

A deferred tax asset arising from unused tax losses or tax credits (credit on account of Minimum Alternative Tax) is recognised only to the extent that the Company has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which the unused tax losses or unused tax credits can be utilised by the Company.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

For operations carried out under tax holiday period (80IA benefits of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their respective tax bases that reverse after the tax holiday ends.

### Current tax and deferred tax for the year:

Current and deferred tax are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

### VII. Property, plant and equipment:

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning.

Cost of major inspection / overhauling is recognised in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of the previous inspection/overhauling (as distinct from physical parts) is de-recognised.

Properties in the course of construction are carried at cost, less any recognised impairment loss, as capital work in progress. Upon completion, such properties are transferred to the appropriate categories of property, plant and equipment and the depreciation commences.

Where an obligation (legal or constructive) exists to dismantle or remove an asset or restore a site to its former condition at the end of its useful life, the present value of the estimated cost of dismantling, removing or restoring the site is capitalized along with the cost of acquisition or construction upon completion and a corresponding liability is recognised.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

### VIII. Other intangible assets:

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Intangible assets with indefinite useful lives are carried at cost less accumulated impairment losses.

An intangible asset is derecognised on disposal, or when no further economic benefits are expected from use or disposal. Gain / loss on de-recognition are recognised in statement of profit and loss.

### IX. Depreciation and amortisation:

Depreciation commences when the assets are ready for their intended use. Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful lives and residual value prescribed in Schedule II to the Act except in case of the following class of assets wherein useful lives are determined based on technical assessment made by a technical expert

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

engaged by the management taking into account the nature of assets, the estimated usage of assets, the operating conditions of the assets, anticipated technological changes, in order to reflect the actual usage.

Estimated useful lives of the assets are as follows:

| Class of Property, plant and equipment | Useful life in years | Useful life in years - as per Schedule II |
|--|----------------------|---|
| Buildings                              | 12-35                | 3-30                                      |
| Plant and equipment                    | 12-35                | 15-40                                     |
| Furniture and fixtures                 | 5-10                 | 10  |
| Vehicles                               | 10                   | 8   |
| Office equipment                       | 5                    | 5   |

When significant parts of property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives.

Freehold land is not depreciated. Leasehold land acquired by the Company, with an option in the lease deed, entitling the Company to purchase on outright basis after a certain period at no additional cost is not amortized.

Major overhaul costs are depreciated over the estimated life of the economic benefit derived from the overhaul. The carrying amount of the remaining previous overhaul cost is charged to the Statement of Profit and Loss if the next overhaul is undertaken earlier than the previously estimated life of the economic benefit.

Computer software is amortised over an estimated useful life of 3 years.

Right-of-use assets are depreciated over the shorter period of the lease term and the useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Company expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

### X. Impairment of tangible and intangible assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in statement of profit and loss.

Any reversal of the previously recognised impairment loss is limited to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

## XI. Inventories:

Inventories are stated at the lower of cost or net realisable value. Costs of inventories are determined on weighted average basis.

Cost of inventories includes cost of purchase price, cost of conversion and other cost incurred in bringing the inventories to their present location and condition.

Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Materials and other supplies held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. However, when a decline in the price of materials indicates that the cost of the finished products exceeds net realisable value, the materials are written down to net realisable value.

## XII. Earnings per share:

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares, bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing

ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date.

## XIII. Provisions, contingencies and commitments:

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Company has a contract under which the unavoidable incremental costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it.

A disclosure for contingent liabilities is made where there is:

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- (b) a present obligation that arises from past events but is not recognized because:
  - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
  - (ii) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- (a) estimated amount of contracts remaining to be executed on capital account and not provided for;
- (b) uncalled liability on shares and other investments partly paid;
- (c) funding related commitment to associate and joint venture companies; and
- (d) other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Commitments include the amount of purchase orders (net of advances) issued to parties for completion of assets.

## XIV. Non-current assets held for sale:

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for

sales of such asset and its sale is highly probable. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell, except for financial assets which are measured as per Ind AS 109 "Financial Instruments". Non-current assets are not depreciated or amortised.

## XV. Financial guarantee contracts:

The Company provides certain guarantees in respect of the indebtedness of other undertakings, claims under the contract or other arrangements in the ordinary course of business. The Company evaluates each guarantee arrangement and elects to account it as an insurance contract or a financial guarantee contract.

Financial guarantee contract liabilities are measured initially at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of the amount of the obligation under the contract and the amount initially recognised less cumulative amortisation over the period of guarantee.

For the guarantee arrangements designated as insurance contracts, at the end of each reporting period, the Company performs a liability adequacy test, (i.e. it assesses the likelihood of a payout based on current undiscounted estimates of future cash flows), and any deficiency is recognized in Statement of Profit and Loss.

## XVI. Financial instruments:

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through Statement of Profit and Loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities,

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in Statement of Profit and Loss.

**(A) Investment in subsidiaries, associate and joint venture:**

The Company has accounted for its investments in subsidiaries, associate and joint venture at cost.

**(B) Financial assets:**

**(a) Recognition and initial measurement:**

All financial assets are recognized initially at fair value. In case of financial assets not recorded at fair value through profit or loss (FVTPL), financial assets are recognized at transaction costs that are attributable to the acquisition of financial assets. However, trade receivables that do not contain a significant financing component are measured at transaction price. Purchases and sales of financial assets are recognised on the trade date, which is the date on which the Company becomes a party to the contractual provisions of the instrument.

**(b) Classification of financial assets:**

Financial assets are classified, at initial recognition and subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit and loss. A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated at FVTPL:

- The asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument is classified as FVTOCI only if it meets both of the following conditions and is not recognised at FVTPL;

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the Other Comprehensive Income (OCI). However, the Company recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the effective interest rate (EIR) method.

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit and Loss.

All other financial assets are classified as measured at FVTPL.

In addition, on initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets at FVTPL are measured at fair value at the end of each reporting year, with any gains and losses arising on remeasurement recognised in statement of profit and loss. The net gain or loss recognised in standalone statement of profit and loss incorporates any dividend or interest earned on the financial asset and is included in the other income line item. Dividend on financial assets at FVTPL is recognised when:

- The Company's right to receive the dividends is established;
- It is probable that the economic benefits associated with the dividends will flow to the entity;
- The dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Perpetual debt instruments / loans, which provide it's holder with the contractual right to receive payments on account of interest at fixed dates extending into the indefinite future, either with no right to receive a return of principal or a right to a return of principal under terms that make it very unlikely or very far in the future, are considered as investment in equity instrument of the

holder. The Company has elected to measure investment in equity instruments of its subsidiaries at cost.

**(c) Derecognition of financial assets:**

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

**(d) Impairment:**

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost. Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the lifetime expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

shortfalls that are predicted over the next 12 months.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

**(e) Income from financial assets:**

Dividend income from investments is recognised when the shareholder's right to receive payment has been established.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Delayed payment charges are recognised on collection or earlier when there is reasonable certainty to expect ultimate collection.

**(f) Effective interest method:**

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant year. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter year, to the net carrying amount on initial recognition. Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

**C. Financial liabilities and equity instruments:**

**(a) Classification as debt or equity:**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**(b) Equity instruments:**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs. Repurchase of the Company's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Company's own equity instruments.

**(c) Financial liabilities:**

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'

**Financial liabilities at FVTPL:**

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL. A financial liability is classified as held for trading if:

- It has been incurred principally for the purpose of repurchasing it in the near term; or
- On initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument. A financial liability other than a financial

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

liability held for trading may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

**(d) Derecognition of financial liabilities:**

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit or Loss.

**D. Derivative financial instruments:**

The Company uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks. Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and

are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in statement of profit and loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in statement of profit and loss depends on the nature of the hedging relationship and the nature of the hedged item.

The contracts to buy or sell a non-financial item that were entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance with the entity's expected purchase, sale or usage requirements are not considered as derivative instruments.

**E. Offsetting of financial instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

**F. Fair Value measurement:**

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability, or
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## G. Hedge accounting:

The Company designates certain hedging instruments, which include derivatives in

respect of foreign currency, as either cash flow hedge or fair value hedge. Hedges of foreign currency risk on firm commitments are accounted for as cash flow hedges.

At the inception of the hedge relationship, the Company documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Company documents whether the hedging instrument is highly effective in offsetting changes in fair values or cash flows of the hedged item attributable to hedged risk.

### (i) Fair value hedges:

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognized in statement of profit and loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to hedged risk are recognized in statement of profit and loss in the line item relating to the hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to profit and loss from that date.

### (ii) Cash flow hedges:

The effective portion of changes in fair value of derivatives that are designated and qualify as cash flow hedges is recognized in other comprehensive

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in statement of profit and loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to effective portion as described above are reclassified to statement of profit and loss in the periods when the hedged item affects profit and loss, in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains or losses are transferred from equity (but not as a reclassification adjustment) and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in statement of profit and loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in statement of profit and loss.

## XVII. Statement of cash flows:

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

- i. changes during the period in inventories and operating receivables and payables, transactions of a non-cash nature;
- ii. non-cash items such as depreciation, provisions, and unrealised foreign currency gains and losses etc.; and
- iii. all other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents comprise cash at banks and on hand, short-term deposits with an original maturity of three months or less and liquid investments, which are subject to insignificant risk of changes in value.

## XVIII. Segment reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of directors of the Company has been identified as the Chief Operating Decision Maker which reviews and assesses the financial performance and makes the strategic decision.

## XIX. Exceptional items:

An item of income or expense which by its size, type or incidence requires disclosure in order to improve an understanding of the performance of the Company is treated as an exceptional item and the same is disclosed in the notes to accounts.

## 3 Key sources of estimation uncertainty and critical accounting judgements:

In applying the Company's accounting policies, which are described in note 2.4, the directors are required to make judgements that have a significant impact on the amounts recognized and to make estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

## A) Key sources of estimation uncertainty:

### i) Useful lives of property, plant and equipment:

The useful lives of property, plant and equipment are reviewed at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets, and also their likely economic lives based on various internal and external factors including relative efficiency, the operating conditions of the asset, anticipated technological changes, historical trend of plant load factor, historical planned and scheduled maintenance. It is possible that the estimates made based on existing experience are different from the actual outcomes and could cause a material adjustment to the carrying amount of property, plant and equipment.

### ii) Provisions and Contingencies:

In the normal course of business, contingent liabilities arise from litigations and claims. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such contingent liabilities are disclosed in the notes but are not recognised. Potential liabilities that are remote are neither recognized nor disclosed as contingent liability. The management decides whether the matters needs to be classified as 'remote,' 'possible' or 'probable' based on expert advice, past judgements, terms of the contract, regulatory provisions etc.

### iii) Fair value measurements:

When the fair values of financial assets or financial liabilities recorded or disclosed in the Financial Statements cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques including the Discounted Cash Flows model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include consideration of inputs such as liquidity risk, credit risk and volatility.

### iv) Income Taxes:

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions. In assessing the realizability of deferred tax assets arising from unused tax credits, the management considers convincing evidence about availability of sufficient taxable income against which such unused tax credits can be utilized. The amount of the deferred income tax assets considered realizable, however, could change if estimates of future taxable income changes in the future.

### v) Loss allowance assessment for a loan / guarantee given to subsidiary and a related party:

Recoverability of loans given to and fair value of financial guarantee given on behalf of, a related party serving as a mine development operator for lignite mine of a joint venture entity is assessed on the basis of projected cash flows derived on the presumption that it will continue as the operator having regard to it being selected as the preferred bidder in the fresh competitive bidding process carried

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

out as per the regulator's direction, its net worth and other external and internal sources of information.

### vi) Expected credit loss:

The measurement of expected credit loss on financial assets is based on the evaluation of collectability and the management's judgement considering external and internal sources of information. A considerable amount of judgement is required in assessing the ultimate realization of the loans having regard to, the past collection history of each party and ongoing dealings with these parties, and assessment of their ability to pay the debt on designated dates.

### vii) Onerous contract:

While ascertaining the unavoidable costs of meeting the obligations under a power purchase contract, the Management has exercised significant judgement in arriving at cost of fuel, plant load factor, components of incremental unavoidable cost of executing the contract and its escalations.

## B) Critical accounting judgements in applying accounting policy:

The following are the critical judgements, apart from those involving estimations (which are presented separately above), that the directors have made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in financial statements:

### i) Evaluation of contracts to determine whether it contains lease arrangements:

In respect of power plant unit at Ratnagiri, Maharashtra, while assessing the applicability of the principles relating to arrangements in the nature of lease prescribed under Ind AS 116, Leases, the management has exercised judgements in evaluating the customer's right with regard to use the underlying asset and pricing terms of the arrangement to reach a conclusion that the arrangement for supply of power through aforesaid power plant unit is in the nature of a lease.

### ii) Tariff related disputes with customers:

Tariff related disputes with the customers arise mainly on account of differences in interpretation of the terms of the power purchase agreements / regulations. A significant judgment is required in determining likelihood of entitlement to the revenue. The Company recognizes such revenues having regard to legal advice, judicial precedence and interpretation of the terms of the agreements / regulations. The final outcome of such disputes may have impact on the revenue recognised by the Company. The Company has also estimated the expected timing of realisation of these balances, which is in turn dependent on the expected ultimate settlement of legal disputes, for classification of such receivables between current and non-current.

## Note:

### 1. Re-organisation of the Company's Green and Grey Businesses:

The Board at its meeting held on 25<sup>th</sup> November, 2021, had approved the re-organisation of the Company's Green (Renewable) Business and Grey (Thermal) Business for streamlining the renewable portfolio and setting up a holding structure to unlock and enhance shareholders' value. Pursuant to the same, the following actions had effectuated during the year ended 31<sup>st</sup> March, 2022:

- 100% of the equity investment held by JSW Future Energy Limited (JSWFEL), a wholly owned subsidiary company, in the following companies were transferred to JSW Neo Energy Limited (JSWNEL), another wholly owned subsidiary of the Company, at cost
  - JSW Renew Energy (Kar) Limited (JSWREKL), a wholly owned subsidiary of JSWFEL of ₹ 0.01 crore
  - JSW Renewable Energy (Dolvi) Limited (JSWREDL), a wholly owned subsidiary of JSWFEL of ₹ 22.10 crore
- 100% of the equity investment held by JSW Hydro Energy Limited (JSWHEL), a wholly owned subsidiary of the Company in JSW Energy (Kutehr) Limited (JSWEKL), a wholly owned subsidiary of JSWHEL amounting to ₹ 789.33 crore was transferred to JSWNEL at cost.
- 100% of the equity investment held by the Company in JSWHEL, a wholly owned subsidiary of the Company amounting to ₹ 2046.01 crore was transferred to JSWNEL at cost.

During the year ended 31<sup>st</sup> March, 2023, the petition filed with National Company Law Tribunal (NCLT), Mumbai bench for scheme of amalgamation of JSW Future Energy Limited with JSW Neo Energy Limited (both wholly owned subsidiaries of the company) with appointed date of 1<sup>st</sup> April, 2022, has been approved by the NCLT vide its order delivered on 25<sup>th</sup> August, 2022. On 26<sup>th</sup> March, 2023, the Scheme has become effective upon receipt of relevant regulatory approvals and necessary filings.

Post consummation of the aforesaid Scheme of Amalgamation, JSWNEL would house the renewable businesses.

### 2. Terms of conversion of unsecured perpetual securities:

These securities are perpetual in nature with no maturity or redemption and are callable only at the option of the issuer. The distributions on these securities are non-cumulative and at the rate at which dividend has been declared by the issuer on its equity shares for the respective financial year. As these securities are perpetual in nature and repayment shall rank senior to the issuers obligations to make payments / distribution in relation to its preference and equity share capital and any other securities at par with preference and equity share capital of the issuer Company and does not have any redemption obligation, these are considered to be in the nature of investment in equity instruments.

## Notes:

- Figures in brackets relate to maximum amount outstanding during the year.
- All the above loans have been given for business purpose only.
- The Company has provided a shareholder loan amounting to ₹ 4,091.55 crore to its subsidiary, JSW Mahanadi Power Company Limited. As per the terms of the arrangement, no coupon or interest shall accrue or be payable on the loan until the exit of the secured financial creditors of the subsidiary as per the resolution plan approved by the Hon'ble National Company Law Tribunal ("NCLT") (Refer note 35). Upon such exit, the coupon/interest rate will be determined through mutual agreement between the Company and the subsidiary.  
*In accordance with the requirements of Ind AS 109 – Financial Instruments, the shareholder loan has been fair valued. Consequently, an amount of ₹ 518.51 crore has been bifurcated from the total loan and recognized as a deemed investment in the subsidiary (Refer note 6) and subsequently ₹ 354.97 crore has been recognised as interest income during the year ended 31<sup>st</sup> March, 2026 (Refer note 21).*
- The Company has provided a shareholder loan amounting to ₹ 962.00 crore to its subsidiary, KSK Water Infrastructure Private Limited. As per the terms of the arrangement, no coupon or interest shall accrue or be payable on the loan upto 2 years from the 4<sup>th</sup> August, 2025 i.e., the execution date of the shareholder loan agreement and the amended agreement dated 7<sup>th</sup> January 2026 (Refer note 35). Post completion of 2 years, the coupon/interest rate will be 9% per annum till the repayment of the loan.  
*In accordance with the requirements of Ind AS 109 – Financial Instruments, the shareholder loan has been fair valued. Consequently, an amount of ₹ 152.30 crore has been bifurcated from the total loan and recognized as a deemed investment in the subsidiary (Refer note 6) and subsequently ₹ 47.92 crore has been recognised as interest income during the year ended 31<sup>st</sup> March, 2026 (Refer note 21).*
- The Group has given loan to South West Mining Limited of ₹ 241.70 crore (as at 31<sup>st</sup> March, 2025 ₹ 168.90 crore) at an interest rate of 12% p.a. repayable in one year.
- The Resolution Plan ("Plan") submitted by the Company for Raigarh Champa Rail Infrastructure Private Limited (RCRIPL) was approved by the Committee of Creditors on November 19, 2025 and has received approval of the Hon'ble National Company Law Tribunal, Hyderabad on January 21, 2026. Pursuant to the NCLT Approval Order, the Resolution Plan has now been implemented and the acquisition of RCRIPL is complete. Accordingly, the Company holds 100% equity shares of RCRIPL and consequently, RCRIPL has become a wholly-owned subsidiary of the Company.

## Movement in loss allowance - loans

b) The average credit period allowed to customers is in the range of 7-45 days and interest on overdue receivables is generally levied at 10.60% to 16.80% per annum as per the terms of the agreement.

c) The Company does not have history of defaults in trade receivables. Loss allowance is estimated for disputed receivables based on assessment of each case by obtaining legal advice, where considered necessary.

d) Trade receivables include ₹ 59.19 crore (as at 31<sup>st</sup> March, 2025 ₹ 59.19 crore) withheld / unpaid by the customers because of tariff related disputes which are pending adjudication. The Company has, based on legal advice, and subsequent actions by the regulators in certain cases, assessed that there is a reasonable certainty about recoverability of these receivables and no provision is required. Having regard to the said assessment

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

and based on the expected timing of realisation of these balances, the Company has classified the receivables into current and non-current.

- e) Trade receivables hypothecated as security against the certain non fund based facilities.
- f) Movement in loss allowance for doubtful receivables

### (1) General reserve

The Company created a general reserve in earlier years pursuant to the provisions of the erstwhile Indian Companies Act 1956, wherein certain percentage of profits were required to be transferred to general reserve before declaring dividend. As per Companies Act, 2013, the requirement to transfer profits to general reserve is not mandatory. General reserve is a free reserve available for distribution subject to compliance with the Companies (Declaration and Payment of Dividend) Rules, 2014.

### (2) Retained earnings

Retained earnings comprise balances of accumulated (undistributed) profit and loss at each year end and balances of remeasurement of net defined benefit plans, less any transfers to general reserve.

### (3) Capital reserve

Reserve is primarily created on amalgamation as per statutory requirement.

### (4) Securities premium

Securities premium comprises premium received on issue of shares.

### (5) Equity-settled employee benefits reserve

The Company offers ESOP under which options to subscribe for the Company's share have been granted to eligible employees. The share based payment reserve is used to recognise the value of equity settled share based payments provided as part of the ESOP scheme.

### (6) Equity instrument through other comprehensive income

The fair value change of the equity instruments measured at fair value through other comprehensive income is recognised in Equity instruments through Other Comprehensive Income.

### (7) Money received against share warrants

During the year ended 31 March 2026, the Company has allotted 4,76,19,047 share warrants (the "warrants") to JTPM on a preferential basis, each carrying a right exercisable by the warrant holder to subscribe to 1 equity share per warrant by way of private placement, at a price of ₹ 525 (including premium of ₹ 515) per warrant. The Company received 25% of the warrant application money, aggregating to ₹625.00 crore, which is currently classified under "Money received against share warrants" as of 31 March 2026 [Refer Note 14A(i)].

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

## (a) Revenue from contract with customers:

The Company primarily generates revenue from contracts with customers for supply of power generated from power plants (from allocating the capacity of the plant under the long / medium term power purchase agreements including job work arrangements), from sale of power on short term contracts / merchant basis and from providing operations and maintenance services of third party power plants.

Revenue from capacity charges (other than from contracts classified as finance lease) under the long and medium term power supply agreements is recognised over a period of time as the capacity of the plant is made available under the terms of the contracts. Incentives and penalties for variation in availability of the capacity are recognised based on the annual capacity expected to be made available under the agreements. Electricity charges are recognised on supply of power under such power supply agreements.

Revenue from sale of power on merchant basis and under short term contracts, is recognised at point of time when power is supplied to the customers, at contracted rate.

Revenue from third party power plant operations and maintenance activity is recognised over the period of time when services under the contracts are rendered.

Revenue from mining activity is recognised when services under the contracts are rendered.

## (b) Significant changes in the contract liability balance during the year:

Contract liability is the Company's obligation to transfer goods or services to a customer for which the Company has received consideration from the customers in advance are as follows:

| Particulars  | As at                        |                              |
|--|------------------------------|------------------------------|
|  | 31 <sup>st</sup> March, 2026 | 31 <sup>st</sup> March, 2025 |
| <b>Opening Balance</b>   | <b>71.43</b>                 | <b>149.47</b>                |
| Less: Revenue recognised during the year from balance at the beginning of the year | (71.43)                      | (149.47)                     |
| Add: Advance received during the year not recognized as revenue                    | 3.04                         | 71.43                        |
| <b>Closing Balance</b>   | <b>3.04</b>                  | <b>71.43</b>                 |

## (c) Significant changes in the unbilled revenue during the year:

| Particulars                   | As at                        |                              |
|-------------------------------|------------------------------|------------------------------|

| Others  | 0.80   | (0.26)   |
|   | <b>(34.94)</b>                                     | <b>57.82</b>                                       |

\*Pursuant to Section 200 of the Income-tax Act, 2025, domestic companies have an option to pay corporate income tax at 22%, plus applicable surcharge and cess, (effective tax rate of 25.17%) subject to fulfilment of prescribed conditions.

During the year ended 31 March 2026, the Company assessed the impact of tax under the above provision and decided to opt for the above said tax rate with effect from 1<sup>st</sup> April 2026. Consequently, the effective tax rate for the Company will reduce from 34.94% to 25.17% from FY 2026-27 onwards.

Accordingly, the deferred tax liabilities have been remeasured at the revised tax rate, resulting in reversal of deferred tax liabilities amounting to ₹114.01 crore during FY 2025-26.

## Note No. 31 - Finance leases

### As lessor:

The Company has identified an arrangement for power supply from its power units which are in the nature of finance lease as per the provisions of Ind AS 116 - Leases. After separating lease payments from other elements in the arrangement, the Company has recognized finance lease receivable for the said power units given under finance lease.

The minimum lease payments receivable and the present value of minimum lease receivable as at 31<sup>st</sup> March, 2026 and 31<sup>st</sup> March, 2025 in respect of the aforesaid power unit are as under:

| Particulars                                  | ₹ crore                            |                                    |   |                                    |
|--|------------------------------------|------------------------------------|---|------------------------------------|
|  | Minimum lease payments             |                                    | Present value of minimum lease payments |                                    |
|  | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 | As at 31 <sup>st</sup> March, 2026      | As at 31 <sup>st</sup> March, 2025 |
| Not later than 1 year                        | 116.47                             | 116.82                             | 68.87                                   | 64.65                              |
| Later than 1 year and not later than 5 years | 368.14                             | 418.94                             | 223.26                                  | 257.36                             |
| Later than 5 years                           | 569.15                             | 634.68                             | 418.53                                  | 452.97                             |
| <b>Total</b>                                 | <b>1,053.75</b>                    | <b>1,170.44</b>                    | <b>710.65</b>                           | <b>774.98</b>                      |
| Less: unearned finance income                | 343.10                             | 395.46                             | -                                       | -                                  |
| <b>Lease Receivable (Refer note 8)</b>       | <b>710.65</b>                      | <b>774.98</b>                      | <b>710.65</b>                           | <b>774.98</b>                      |

Unguaranteed residual value of assets leased under finance leases at the end of the reporting period is estimated at ₹ 296.60 crore (as at 31<sup>st</sup> March, 2025: ₹ 296.10 crore).

## Note No. 33 - Employee benefits expense

### 1] Defined contribution plans:

Retirement Benefits in the form of Provident Fund and National Pension Scheme which are defined contribution schemes are charged to the statement of profit and loss for the period in which the contributions to the respective funds accrue as per relevant rules / statutes.

### A] Provident fund:

The Company's contribution to provident fund recognized in standalone statement of profit and loss of ₹ 10.65 crore (Previous year ₹ 6.24 crore) (Included in note 22).

### B] National pension scheme:

The Company's contribution to National Pension Scheme (NPS) recognized in standalone statement of profit and loss of ₹ 2.81 crore (Previous year: ₹ 1.81 crore) (Included in note 22).

### 2] Defined benefits plans:

The Company provides for gratuity to its employees in accordance with the Code on Social Security, 2020, and the Payment of Gratuity Act, 1972, as applicable. The amount of gratuity shall be payable to an employee on the termination of employment after rendering continuous service for not less than five years, or on their superannuation or resignation. For employees engaged on a fixed-term basis, gratuity is payable on a pro-rata basis upon completion of one year of continuous service. However, in case of death of an employee, the minimum period of five years shall not be required. The gratuity benefit is calculated based on the revised definition of wages under the Code, ensuring the wage base for calculation is at least 50% of the total remuneration. The amount of gratuity payable on retirement / termination is the employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied by the number of years of service completed. The gratuity plan is a funded plan administered by a separate fund that is legally separated from the entity and the Company makes contributions to the insurer (LIC). The Company does not fully fund the liability and maintains the funding from time to time based on estimations of expected gratuity payments.

These plans typically expose the Company to the following actuarial risks:

|                               |  |
|-------------------------------|--|
| Investment risk               | The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments. |
| Interest risk                 | A fall in the discount rate which is linked to the G.Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.   |
| Salary risk                   | The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.  |
| Asset Liability matching risk | The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.  |
| Mortality risk                | Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.  |
| Concentration risk            | Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very low as insurance companies have to follow stringent regulatory guidelines which mitigate risk.  |

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at 31<sup>st</sup> March, 2026 by M/S K. A. Pandit Consultants & Actuaries. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

| Actuarial changes arising from changes in financial assumptions            | 0.27                       | -                         | 0.27              |
| Experience adjustments   | 1.49                       | -                         | 1.49              |
| <b>Sub-total included in OCI</b>   | <b>1.49</b>                | <b>(0.02)</b>             | <b>1.52</b>       |
| <b>Contributions by employer</b>   | <b>-</b>                   | <b>-</b>                  | <b>-</b>          |
| <b>Closing balance as on 31<sup>st</sup> March, 2025 (Refer note 18)</b>   | <b>27.92</b>               | <b>1.12</b>               | <b>26.80</b>      |

The actual return on plan assets (including interest income) was ₹ 0.56 crore (previous year ₹ 0.05 crore).

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

The major categories of the fair value of the total plan assets are as follows:

| Particulars           | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
|-----------------------|------------------------------------|------------------------------------|
| Insurer managed funds | 100%                               | 100%                               |

In the absence of detailed information regarding plan assets which is funded with Insurance Companies, the composition of each major category of plan assets, the percentage or amount for each category to the fair value of plan assets has not been disclosed.

The principal assumptions used in determining gratuity for the Company's plans are shown below:

| Particulars                      | As at 31 <sup>st</sup> March, 2026     | As at 31 <sup>st</sup> March, 2025     |
|----------------------------------|--|--|
| Discount rate                    | 7.23%                                  | 6.72%                                  |
| Future salary increases          | 8.00%                                  | 8.00%                                  |
| Rate of employee turnover        | 11.00%                                 | 8.21%                                  |
| Mortality rate during employment | Indian Assured Lives Mortality 2012-14 | Indian Assured Lives Mortality 2012-14 |

Sensitivity analysis:

Significant actuarial assumptions for the determination of the defined benefit obligation are discounted rate, expected salary increase and employee turnover. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. There was no change in the methods and assumptions used in preparing sensitivity analysis from prior years.

The sensitivity of the defined benefit obligation to changes in the weighted key assumptions are:

| Particulars   | For the year ended 31 <sup>st</sup> March, 2026 | For the year ended 31 <sup>st</sup> March, 2025 |
|---|---|---|
| Delta Effect of +1% Change in Rate of Discounting       | (2.19)  | (1.50)  |
| Delta Effect of -1% Change in Rate of Discounting       | 2.43  | 1.69  |
| Delta Effect of +1% Change in Rate of Salary Increase   | 2.39  | 1.65  |
| Delta Effect of -1% Change in Rate of Salary Increase   | (2.19)  | (1.50)  |
| Delta Effect of +1% Change in Rate of Employee Turnover | (0.21)  | (0.16)  |
| Delta Effect of -1% Change in Rate of Employee Turnover | 0.22  | 0.17  |

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that change in assumption would occur in isolation of the another as some of the assumptions may be co-related.

The following are the maturity analysis of projected benefit obligations:

| Particulars  | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
|--|------------------------------------|------------------------------------|
| <b>Projected benefits payable in future years</b>        |                                    |                                    |
| Within the next 12 months (next annual reporting period) | 13.28                              | 6.21                               |
| From 2 to 5 years  | 17.81                              | 8.97                               |
| From 5 to 10 years                                       | 20.87                              | 10.50                              |
| Above 10 years   | 23.86                              | 19.19                              |
| <b>Total expected payments</b>                           | <b>75.82</b>                       | <b>44.87</b>                       |

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

Each year an asset-liability-matching study is performed in which the consequences of the strategic investment policies are analysed in terms of risk and return profiles.

The Company expects to contribute ₹ 11.79 crore (previous year ₹ 5.19 crore) to its gratuity plan for the next year. The weighted average duration of the plan is 6 years (previous year 7 years).

## B. Compensated absences:

The Company has a policy on compensated absences with provisions of accumulation of contingency leave and encashment for privileged leave by the employees during employment or on separation from the Company due to death, retirement or resignation. The expected cost of contingency leave is determined by actuarial valuation performed by an independent actuary at the balance sheet date using projected unit credit method.

## C. Long service award:

The Company has a policy to recognise the long service rendered by employees and celebrate their long association with the Group. This scheme is called- Long Association of Motivation, Harmony & Excitement (LAMHE). The award is paid at milestone service completion years of 10, 15, 20 and 25 years.

## D. Employee share based payment plan:

### Employees Stock Ownership Plan – 2016 (ESOP 2016)

The Company has offered equity options under ESOP 2016 to the permanent employees of the Company who have been working in India or outside India, including whole-time director, in the identified grades of L16 and above except any employee who is a promoter or belongs to the promoter group or a director who either by himself or through his relatives or through any body corporate, directly or indirectly, holds more than 10% of the outstanding equity shares of the Company and Independent directors, Nominee Directors and Non-Executive Directors.

The grant is determined after having regard to various factors and criteria specified in ESOP 2016. The exercise price is at a discount of 20% to the closing market price on the previous trading day of the grant date at the Exchange having highest trading volume or any other price as may be determined by the Compensation Committee but at least equal to the face value of the shares. The option shall not be transferable and can be exercised only by the employees of the Company.

Vesting of the options granted under the ESOP 2016 shall be at least one year from the date of Grant. 50% of the granted options would vest on the date following 3 years from the date of respective grant and the remaining 50% on the date following 4 years from the date of respective grant.

### JSWEL Employees Stock Ownership Plan – 2021 (ESOP 2021)

The Company has offered equity options under ESOP 2021 to the permanent employees, including whole-time director, of the Company who have been working in India or outside India, in the grades of (i) L16 and above, and (ii) select employees in the grade L-11 to L-15 based on last 3 (three) years performance; and in each case, as may be determined based on the eligibility criteria, or any other employee as may be determined by the compensation committee from time to time, except any employee who is a promoter or belongs to the promoter group or a director who either by himself or through his relatives or through any body corporate, directly or indirectly, holds more than 10% of the outstanding equity shares of the Company and Independent directors, Nominee Directors and Non-Executive Directors.

The grant is determined after having regard to various factors and criteria specified in ESOP 2021. The exercise price is ₹10 or any other price as may be determined by the Compensation Committee. The option shall not be transferable and can be exercised only by the employees of the Company.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

Vesting of the options granted under the ESOP 2021 shall be at least one year from the date of Grant. 25% of the granted options would vest on the date following 1 year from the date of respective grant, 25% of the granted options would vest on the date following 2 years from the date of respective grant and the remaining 50% on the date following 3 years from the date of respective grant.

### JSWEL Employees Stock Ownership Plan – Samruddhi 2021 (ESOP Samruddhi 2021)

The Company has offered equity options under ESOP Samruddhi 2021 to the permanent employees, including whole-time director, of the Company who have been working in India or outside India, in the grades of L-1 to L-15 (excluding the employees granted options under ESOP 2021), except any employee who is a promoter or belongs to the promoter group or a director who either by himself or through his relatives or through any body corporate, directly or indirectly, holds more than 10% of the outstanding equity shares of the Company and Independent directors, Nominee Directors and Non-Executive Directors.

The grant is determined after having regard to various factors and criteria specified in ESOP Samruddhi 2021. The exercise price is ₹10 or any other price as may be determined by the Compensation Committee. The option shall not be transferable and can be exercised only by the employees of the Company.

Vesting of the options granted under the ESOP Samruddhi 2021 shall be at least one year from the date of Grant. 25% of the granted options would vest on the date following 2 years from the date of respective grant, 25% of the granted options would vest on the date following 3 years from the date of respective grant and the remaining 50% on the date following 4 years from the date of respective grant.

### The method of settlement for above grants and shares options outstanding are as below:

| Particulars   | ESOP 2016                 |                          | ESOP 2021                |                          |                          |                          |                          | ESOP Samruddhi 2021      |                          |                          |
|---|---------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
|   | 20 <sup>th</sup> May 2017 | 1 <sup>st</sup> Nov 2018 | 7 <sup>th</sup> Aug 2021 | 7 <sup>th</sup> Aug 2022 | 7 <sup>th</sup> Aug 2023 | 7 <sup>th</sup> Aug 2024 | 7 <sup>th</sup> Aug 2025 | 7 <sup>th</sup> Aug 2021 | 7 <sup>th</sup> Aug 2023 | 7 <sup>th</sup> Aug 2024 |

| Expected option Life   | The expected option life is assumed to be mid-way between the option vesting and expiry. Since the vesting period and contractual term of each tranche is different the expected life for each tranche will be different. The Expected option life is calculated as (Year to Vesting + Contractual Option term) /2. |                           |                          |                          |                          |                          |                          |                          |                          |                          |
| Expected volatility  | Volatility was calculated using standard deviation of daily change in stock price. The historical period considered for volatility matches the expected life of the option.   |                           |                          |                          |                          |                          |                          |                          |                          |                          |

| Model used   | Black-Scholes Method  |                           |                          |                          |                          |                          |                          |                          |                          |                          |

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may not necessarily be the actual outcome.

## Note No. 35 - Business acquisition

### 1. KSK Mahanadi Power Company Limited

The Company has completed the acquisition of JSW Mahanadi Power Company Limited ("JMPCL") (formerly KSK Mahanadi Power Company Limited) on March 06, 2025 pursuant to National Company Law Tribunal ("NCLT") Approval Order and Competition Commission of India ("CCI") Approval Order dated February 13, 2025 and March 04, 2025 respectively. Accordingly, the Company holds 74% equity shares of JSW Mahanadi Power Company Limited and the financial creditors collectively hold the balance 26%, as per the terms of the Resolution Plan, wherein the financial creditors ("FC") have a put option and the Company has a call option for the 26% stake held by FC, exercisable anytime from end of first year from acquisition date of JMPCL till end of 5 years KMPCL owns a 3600 MW (600 MW x 6 units) thermal power plant located at Chhattisgarh. Out of the total capacity, 1800 MW is operational and balance 1800 MW is under construction.

### 2. KSK Water Infrastructures Private Limited

During the year ended March 31, 2026, the Company acquired control over KSK Water Infrastructures Private Limited ("KWIPL") pursuant to the approval of the settlement plan by the National Company Law Tribunal ("NCLT") vide order dated July 23, 2025, with the settlement plan becoming effective on August 4, 2025. Prior to the settlement, Prudent Asset Reconstruction Company Limited ("Prudent ARC") held 51% of the equity share capital of KWIPL, with the balance 49% held by JSW Mahanadi Power Company Limited ("JMPCL") and accounted for as an associate. Upon the settlement plan becoming effective, JSW Energy Limited acquired the 51% equity stake held by Prudent ARC for a consideration of INR 1. Post acquisition, the Company holds 51% equity interest in KWIPL directly and the remaining 49% indirectly through its subsidiary, JMPCL, thereby exercising control over KWIPL.

KWIPL was established as a special purpose vehicle ("SPV") promoted by the KSK Group, primarily to develop, operate, and maintain water infrastructure projects. Its core business involves the construction, development, operation, and maintenance of water supply systems, including water treatment facilities, pumping stations, and underground pipelines. Notably, KWIPL was responsible for transporting water from the Mahanadi River to the JSW Mahanadi Power Company Limited's power plant through a buried pipeline network spanning multiple districts in Chhattisgarh.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

## 3. Raigarh Champa Rail Infrastructure Private Limited

During the year ended March 31, 2026, the Company completed the acquisition of Raigarh Champa Rail Infrastructure Private Limited ("RCRIPL") pursuant to the Corporate Insolvency Resolution Process under the Insolvency and Bankruptcy Code, 2016, on March 4, 2026. RCRIPL provides railway infrastructure services to JSW Mahanadi Power Company Limited ("JMPCL"), which operates a 3,600 MW (6 × 600 MW) thermal power plant in Chhattisgarh. Of the total capacity of JMPCL 1,800 MW is currently operational, with the balance under construction.

The acquisition of RCRIPL enables enhanced operational control and efficiency in the management of railway infrastructure services for the entire 3,600 MW capacity of the JMPCL plant, thereby improving reliability and reducing dependency-related risks associated with this critical input. With this acquisition, together with the earlier acquisition of KSK Water Infrastructures Private Limited, JMPCL has secured access to critical infrastructure resources required for its full 3,600 MW operating capacity.

##### ii) Fair Value Hierarchy:

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are:

- Recognised and measured at fair value.
- Measured at amortised cost for which fair values are disclosed in the Standalone Financial Statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the accounting standard.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

## Financial assets & liabilities measured at fair value

The carrying amount of investment in unquoted equity instrument measured at fair value (which are not disclosed below) is considered to be the same as it's fair value.

| Particulars                        | ₹ crore                            |                                    | Level | Valuation techniques and key inputs  |
|------------------------------------|------------------------------------|------------------------------------|-------|--|
|                                    | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |       |  |
| <b>Financial assets</b>            |                                    |                                    |       |  |
| Investment in equity shares        | 7,861.80                           | 7,446.48                           | 1     | Quoted bid price in an active market   |
| Investment in equity shares        | 6.52                               | 6.52                               | 3     | Net Asset value of shares has been considered as its fair value  |
| Investment in mutual funds         | 85.06                              | 559.94                             | 2     | The mutual funds are valued using the closing NAV  |
| Investment in preference shares    | 7.84                               | 7.49                               | 3     | Discounted cash flow method - Future cash flows are based on terms of preference shares discounted at a rate that reflects market risk             |
| Currency forward contracts         | 2.21                               | -                                  | 2     | The fair value of forward foreign exchange contracts is determined using forward exchange rates at the balance sheet date.                         |
| <b>Total</b>                       | <b>7,963.42</b>                    | <b>8,020.43</b>                    |       |  |
| <b>Financial liabilities</b>       |                                    |                                    |       |  |
| Interest rate swap contracts       | 10.15                              | -                                  | 3     | Discounted cash flow method - Future cash flows are based on terms of interest rate swaps contracts discounted at a rate that reflects market risk |
| Foreign currency forward contracts | -                                  | 1.77                               | 2     | The fair value of commodity exchange forward contract is determined using forward commodity exchange rates at the balance sheet date.              |
| <b>Total</b>                       | <b>10.15</b>                       | <b>1.77</b>                        |       |  |

## Valuation techniques and key inputs:

The above fair values were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable input including counter party credit risk.

| Particulars                     | Valuation technique | Significant unobservable inputs | Change | Sensitivity of the input to fair value   |
|---------------------------------|---------------------|---------------------------------|--------|--|
| Investment in preference shares | DCF method          | Discount rate                   | 0.50%  | 0.50% increase / decrease in the discount rate would decrease / increase the fair value by ₹ 0.21 crore/ ₹ 0.22 crore (Previous year ₹ 0.26 crore / ₹ 0.27 crore). |

## Reconciliation of Level 3 fair value measurement:

### i) Investment in preference shares

| Particulars                                     | ₹ crore   |   |
|---|---|---|
|   | For the year ended 31 <sup>st</sup> March, 2026 | For the year ended 31 <sup>st</sup> March, 2025 |
| <b>Opening balance</b>                          | <b>7.49</b>                                     | <b>7.13</b>                                     |
| Redemption of preference shares                 | (0.29)  | (0.52)  |
| Gain recognised in statement of profit and loss | 0.63  | 0.88  |
| <b>Closing balance</b>                          | <b>7.84</b>                                     | <b>7.49</b>                                     |

There are no transfers between Level 1, Level 2 and Level 3 during the year.

## B. Risk Management Strategies

### Financial risk management objectives

The Company's corporate treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the company. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures, wherever required. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange and commodity price risk management, the use of financial derivatives and non-derivative financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits is reviewed by the internal auditors on a continuous basis. The company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

### I. Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilizing forward foreign exchange contracts as suitable.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

The carrying amounts of the Company's monetary assets and monetary liabilities denominated in foreign currencies are as follows:

The Company uses foreign currency forward contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and foreign currency required at the settlement date of certain payables. The use of foreign currency forward contracts is governed by the Company's strategy approved by the Board of Directors, which provide principles on the use of such forward contracts consistent with the Company's risk management policy.

**The Forward exchange contracts entered into by the Company and outstanding are as under:**

## Foreign currency risk sensitivity

The following table details the Company's sensitivity to a 5% appreciation and depreciation in the INR against the relevant foreign currencies net of hedge accounting impact. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year-end for a 5% change in foreign currency rates, with all other variables held constant. A positive number below indicates an increase in profit or equity where INR strengthens 5% against the relevant currency. For a 5% weakening of INR against the relevant currency, there would be a comparable impact on profit or equity, and the balances below would be negative.

**Impact on profit/(loss) before tax for the year for a 5% change:**

## II. Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with fixed and floating interest rates. The risk is managed by the company by maintaining an appropriate mix between fixed and floating rate borrowing and through re-financing of the various term debts at regular intervals to optimise on interest cost.

The Company to manage the interest rate risk arising from its fixed-rate borrowings, has entered into interest rate swap contracts to convert fixed interest obligations into floating rates. The use of interest rate swap contracts is governed by the Company's strategy approved by the board of directors, which provide principles on the use of such contracts consistent with the Company's interest risk management policy.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

## a). Fair value hedge

As at 31<sup>st</sup> March 2026, the Company has outstanding interest rate swap contracts with a notional principal amount of ₹400 crore (Previous year: Nil) against its fixed rate unsecured non-convertible debentures ("NCDs") carrying interest at 8.80% per annum. Interest Rate Swap contracts converts fixed interest obligations into floating rate liabilities linked to the 3 month treasury bill benchmarks.

In accordance with the requirements of Ind AS 109 – Financial Instruments, the above derivative instruments are designated as fair value hedges. Consequently, as of 31<sup>st</sup> March 2026, the changes in the fair value of the hedging instruments are recognised in the Statement of Profit and Loss as finance cost and the fair value of the outstanding IRS contracts is recognised under Other Financial Liabilities and the corresponding hedge adjustment is included in the carrying amount of borrowings. (Refer note 15).

## b). The interest rate swaps contracts entered into by the Company and outstanding are as under:

| Particulars  | ₹ crore                            |                                    |
|--|------------------------------------|------------------------------------|
|  | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
| No. of contracts   | 2                                  | Nil                                |
| Type of contracts  | Interest rate swap                 | -                                  |

| Carrying value as derivative (liability)*                  | (10.15)                            | -                                  |
| Change in fair value of hedging instrument (A)             | (9.77)                             | -                                  |
| Change in fair value of hedged item-adjusted with NCD (B)# | 9.97                               | -                                  |
| Hedge ineffectiveness charged to finance cost^ (A+B)       | 0.20                               | -                                  |

\* Refer Note 16: Other financial liabilities (derivative instruments)

# Refer Note 15: Borrowings

^ Refer Note 23: Finance costs

The Company's exposures to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management section of this note.

### Interest rate sensitivity analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

The following table provides a break-up of the Company's fixed and floating rate borrowings:

| As at 31st March, 2026   | ₹ crore          |                              |                  |
|--------------------------|------------------|------------------------------|------------------|
|                          | Net Balance      | Unamortised transaction cost | Gross Balance    |
| Fixed rate borrowings    | 10,897.93        | 10.61                        | 10,908.53        |
| Floating rate borrowings | 3,992.79         | 11.40                        | 4,004.20         |
| <b>Total borrowings</b>  | <b>14,890.72</b> | <b>22.01</b>                 | <b>14,912.73</b> |

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

| As at 31st March, 2025   | ₹ crore         |                              |                 |
|--------------------------|-----------------|------------------------------|-----------------|
|                          | Net Balance     | Unamortised transaction cost | Gross Balance   |
| Fixed rate borrowings    | 6,230.84        | 9.58                         | 6,240.42        |
| Floating rate borrowings | 3,527.99        | 17.52                        | 3,545.51        |
| <b>Total borrowings</b>  | <b>9,758.83</b> | <b>27.10</b>                 | <b>9,785.93</b> |

If interest rates had been 50 basis points higher / lower and all other variables were held constant, the Company's profit before tax for the year ended 31<sup>st</sup> March, 2026 would decrease / increase by ₹ 20.02 crore (for the year ended 31<sup>st</sup> March, 2025: decrease / increase by ₹ 17.73 crore). This is mainly attributable to the Company's exposure to interest rates on its floating rate borrowings.

## III. Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company's exposure and the credit ratings of its counterparties are continuously monitored.

The state electricity distribution companies (Government companies) and related parties are the major customers of the Company and accordingly, credit risk is minimal.

Revenue from operations includes revenue aggregating to ₹2767.65 crore (previous year ₹3,089.88 crore) from three (previous year: three) major customers having more than 10% of total revenue from operations of the Company.

### Loans and investment in debt securities:

The Company's centralised treasury function manages the financial risks relating to the business. The treasury function focusses on capital protection, liquidity and yield maximisation. Investments of surplus funds are made only in approved counterparties within credit limits assigned for each of the counterparty. Counterparty credit limits are reviewed and approved by the Finance Committee of the Company. The limits are set to minimise the concentration of risks and therefore mitigate the financial loss through counter party's potential failure to make payments.

### Cash and cash equivalents, derivatives and financial guarantees:

Credit risks from balances with banks and financial institutions are managed in accordance with the Company policy. For derivative and financial instruments, the Company attempts to limit the credit risk by only dealing with reputable banks and financial institutions having high credit-ratings assigned by credit-rating agencies.

In addition, the Company is exposed to credit risk in relation to financial guarantees given to banks provided by the Company. The Company's maximum exposure in this respect is the maximum amount the Company could have to pay if the guarantee is called on. No amount has been recognised in the financial position as financial liabilities. (Refer note 38)

## IV. Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the Board of Directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-term, medium-term, long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial liabilities.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

The table below provides details regarding the remaining contractual maturities of financial liabilities as on reporting date.

The Company has hypothecated part of its trade receivables, unbilled revenue, loans, short term investments and cash and cash equivalents in order to fulfil certain collateral requirements for the banking facilities extended to the Company. There is obligation to release the hypothecation on these securities to the Company once these banking facilities are surrendered. (Refer note 15)

The amount of guarantees given on behalf of other parties included in Note 29 represents the maximum amount the Company could be forced to settle for the full guaranteed amount. Based on the expectation at the end of the reporting period, the Company considers that it is more likely that such an amount will not be payable under the arrangement.

## V. Price Risk

The Company's exposure to equity price risk arises from investments held by the Company and classified in the balance sheet at fair value through OCI.

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

The table below summarizes the impact of increases / decreases in market price of the Company's quoted equity investments for the corresponding period. The analysis is based on the assumption that the share price in market will on an average increase or decrease by 15% (Previous year 15%) with all other variables held constant.

## Impact on other comprehensive income

| ₹ crore  |   |   |
|--|---|---|
| Particulars  | For the year ended 31 <sup>st</sup> March, 2026 | For the year ended 31 <sup>st</sup> March, 2025 |
| Increase in quoted market price by 15% (Previous year 15%) | 1,179.27  | 1,116.97  |
| Decrease in quoted market price by 15% (Previous year 15%) | (1,179.27)                                      | (1,116.97)                                      |

## VI. Fuel supply risk management

The Company is currently using imported coal from countries like Indonesia, South Africa, Russia, and Australia among others. The interruption in the supply of coal due to regulatory changes, weather conditions in the sourcing country, strike by mine workers and closure of mines due to force majeure may impact the availability and / or cost of coal.

The Company regularly broadens the sources (countries / vendors) and maintains optimum fuel mix and stock level.

Further, the increased long term power tie ups through job work arrangements wherein the coal is being supplied by the power procurer. Accordingly, the coal requirement for operations has also reduced and thereby the fuel supply risk is also minimized.

## Note No. 38 - Capital management

The Company being in a capital intensive industry, its objective is to maintain a strong credit rating, healthy capital ratios and establish a capital structure that would maximise the return to stakeholders through optimum mix of debt and equity.

The Company's capital requirement is mainly to fund its capacity expansion, repayment of principal and interest on its borrowings and strategic acquisitions. The principal source of funding of the Company has been, and is expected to continue to be, cash generated from its operations supplemented by funding from bank borrowings and the capital markets. The Company is not subject to any externally imposed capital requirements.

The Company regularly considers other financing and refinancing opportunities to diversify its debt profile, reduce interest cost, align the maturity profile of its debt commensurate with the life of the asset, and closely monitors its judicious allocation amongst competing capital expansion projects and strategic acquisitions, to capture market opportunities at minimum risk.

## Gearing ratio

The Company monitors its capital using gearing ratio, which is net debt divided by total equity as given below:

| ₹ crore                             |                                    |                                    |
|-------------------------------------|------------------------------------|------------------------------------|
| Particulars                         | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
| Debt <sup>1</sup>                   | 14,890.72                          | 9,758.83                           |
| Cash and bank balances <sup>2</sup> | 448.33                             | 1,152.20                           |
| Net debt <sup>(1-2)</sup>           | 14,442.39                          | 8,606.63                           |
| Total equity <sup>3</sup>           | 24,253.70                          | 22,235.87                          |
| <b>Net debt to equity ratio</b>     | <b>0.60</b>                        | <b>0.39</b>                        |

# Notes

to the Standalone Financial Statement for the year ended 31<sup>st</sup> March, 2026

- 1 Debt includes long-term debt including (current & non-current) and short term debt as described in note 15.
- 2 Includes investments in mutual funds, cash and cash equivalents and balances in bank deposits (other than earmarked deposits) as described in note 6, note 13A, and note 13B.
- 3 Includes equity share capital and other equity as described in note 14A and note 14B.

# Independent Auditor's Report

To The Members of JSW Energy Limited

## Report on the Audit of the Consolidated Financial Statements

### Opinion

We have audited the accompanying consolidated financial statements of JSW Energy Limited (the "Parent") and its subsidiaries, (the Parent and its subsidiaries together referred to as "the Group") which includes jointly controlled entities and the Group's share of profit in its associate and a joint venture, which comprise the Consolidated Balance Sheet as at 31<sup>st</sup> March 2026, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31<sup>st</sup> March 2026, and their consolidated profit, their consolidated other comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

### Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associate and joint venture in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the sub-paragraphs (a) and (b) of the Other Matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matter to be communicated in our report.

| Sr. No. | Key Audit Matter  | Auditor's Response   |
|---------|---|--|
| 1.      | <p><u>Tariff related disputes with customers:</u></p> <p>The Group has certain tariff related disputes with its customers, which involve significant judgement to determine the possible outcome.</p> <p>[Refer note 3 on the critical accounting judgements, note 8 (4) on trade receivables and note 33(A)(1)(b) on contingent liability disclosures in the Consolidated Financial Statements.]</p> <p>Considering the judgement necessary to determine the possible outcome coupled with magnitude of potential exposure, this matter has been identified as a key audit matter.</p> | <p><u>Principal audit procedures:</u></p> <ul style="list-style-type: none"> <li>Evaluating design and implementation and testing operating effectiveness of the controls relating to estimation of possible outcome of disputes.</li> <li>Evaluating the Management's assessment of possible outcome of the disputes by inquiry of the management including in-house legal counsel, reviewing minutes of the meetings of those charged with governance and perusing opinions / advices obtained by the Management from the external legal counsels and obtaining and evaluating independent confirmations obtained from the external legal counsels on a test check basis.</li> </ul> |

| Sr. No. | Key Audit Matter  | Auditor's Response   |
|---------|---|--|
|         |   | <ul style="list-style-type: none"> <li>Assessing appropriateness of accounting including provision / reversal of revenue and adequacy of disclosures in the financial statements, based on the aforesaid assessment.</li> </ul>  |
| 2.      | <p>The Group has acquired various businesses as explained in note 44 to the consolidated financial statements which have been accounted as business combination in accordance with Ind AS 103 – Business Combination.</p> <p>This process necessitates the application of the Purchase Price Allocation (PPA) method, which involves allocating the purchase consideration to the identifiable assets acquired and liabilities assumed based on their fair values.</p> <p>The most significant judgements relates to the valuation of tangible and intangible assets (comprising of Power Purchase Agreements and letter of intents).</p> <p>Considering the complexity and significant judgment required in fair value assessments, combined with the material magnitude of the acquisitions undertaken by the Group, this matter has been identified as a key audit matter.</p> | <p><u>Principal audit procedures:</u></p> <ol style="list-style-type: none"> <li>We evaluated the design, implementation and operating effectiveness of the relevant internal controls over accounting for business combination.</li> <li>We examined the terms and conditions of the share purchase agreements in order to evaluate the Group's assessment of whether the acquisition comprises a business, whether the Group obtained the control of acquiree and the date for satisfaction of the closing conditions to determine the acquisition date.</li> <li>We have checked the purchase price paid with share purchase agreement and bank statements.</li> <li>We have assessed the Group's determination of fair values for assets acquired and liabilities assumed and the methods used to fair value the said identifiable assets by: <ul style="list-style-type: none"> <li>Reading the valuation report prepared by the external valuation specialist appointed by the management.</li> <li>Evaluating the competence, objectivity and integrity of the aforesaid external valuation specialist.</li> <li>Involving our internal valuation specialist in assessing the appropriateness of the methods used to determine the fair values of the tangible assets (property, plant and equipment) and intangible assets (Power Purchase Agreements and letter of intents), including assumptions such as the discount rates applied.</li> </ul> </li> <li>We evaluated the appropriateness of adequate disclosures in accordance with the applicable accounting standards.</li> </ol> |

### Information Other than the Financial Statements and Auditor's Report Thereon

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's Report, Management Discussion and Analysis, Corporate Governance Report and Business Responsibility Report in the Annual Report, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.
- Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained

during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries, is traced from their financial statements audited by other auditors.

- If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including its associate and joint venture in accordance with the accounting principles generally accepted in India, including Ind AS specified

under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associate and joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and joint venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and of its associate and joint venture are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associate and joint venture are also responsible for overseeing the financial reporting process of the Group and of its associate and joint venture.

#### **Auditor's Responsibility for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate and joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate and joint venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its

associate and joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditors. For the other entities or business activities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters**

- We did not audit the financial statements / financial information of 177 subsidiaries, whose financial statements / financial information reflect total assets of ₹ 62,444.45 crore as at 31<sup>st</sup> March 2026, total revenues of ₹ 1,910.43 crore and net cash inflows (net) amounting to ₹ 591.97 crore for the year ended on that date, as considered in the consolidated financial statements. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Parent's Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.
- We did not audit the financial statements / financial information of 12 subsidiaries, whose financial statements / financial information reflect total assets of ₹ 221.55 crore as at 31<sup>st</sup> March 2026, total revenues of ₹ 48.69 crore and net cash inflows (net) amounting to ₹ 18.95 crore for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of ₹ 22.75 crore for the year ended 31<sup>st</sup> March 2026, as considered in the consolidated financial statements, in respect of an associate and a joint venture, whose financial statements / financial information have not been audited by us. These financial statements / financial information are unaudited and have been furnished to us by the Parent's Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, jointly controlled entities/ joint ventures and associates, is based solely on such unaudited financial statements / financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements / financial information are not material to the Group.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of other auditors and the financial statements / financial information certified by the Management.

## Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the separate financial statements / financial information of the subsidiaries referred to in the Other Matters section above we report, to the extent applicable that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
  - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
  - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors of the Parent as on 31<sup>st</sup> March 2026 taken on record by the Board of Directors of the Parent and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31<sup>st</sup> March 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
  - f) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and

operating effectiveness of internal financial controls with reference to consolidated financial statements of those companies.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the auditor's reports of subsidiary companies incorporated in India, the remuneration paid by the Parent and such subsidiary companies to their respective directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associate and joint venture - Refer note 33 to the consolidated financial statements
  - ii) Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts - Refer Note 10, 18 and 19 to the consolidated financial statements
  - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Parent and its subsidiary companies incorporated in India.
  - iv) (a) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, no

funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The respective Managements of the Parent and its subsidiaries which are companies incorporated in India, whose financial statements have been audited under the Act, have represented to us and to the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, no funds have been received by the Parent or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent or any of such subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the

subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditor's notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v) a) The final dividend proposed in the previous year, declared and paid by the Parent during the year is in accordance with section 123 of the Act, as applicable.
- b) The interim dividend declared and paid by subsidiaries of the Parent which is a company incorporated in India, whose financial statements have been audited under the Act, where applicable, during the year and until the date of this report is in compliance with section 123 of the Act.
- c) As stated in note 16(A)(g)(ii) to the consolidated financial statements, the Board of Directors of the Parent have proposed final dividend for the year which is subject to the approval of the members of the Parent at the ensuing respective Annual General Meetings. Such dividend proposed is in accordance with section 123 of the Act, as applicable.
- vi) Based on our examination which included test checks and based on the other auditor's reports of its subsidiary companies incorporated in India whose financial statements have been audited under the Act, except for the instances mentioned below, the Parent and its subsidiary companies incorporated in India have used accounting software for maintaining their respective books of account for the financial year ended 31<sup>st</sup> March 2026 which have the feature of recording audit trail (edit log) facility and the same has operated throughout

the year for all relevant transactions recorded in the software.

(a) In respect of 57 subsidiaries, the accounting software used by those subsidiaries during the period 1<sup>st</sup> April 2025 to 31<sup>st</sup> December 2025, for maintaining its books of account for the year ended 31<sup>st</sup> March 2026 which has a feature of recording audit trail (edit log) facility and the audit trail feature at the application level has operated for the period 1<sup>st</sup> April 2025 to 31<sup>st</sup> December 2025 for all relevant transactions recorded in the software. However, in the absence of an independent auditor's System and Organisation Controls report covering the audit trail requirement, at the database level, we are unable to comment whether audit trail feature at the database of the said software was enabled and operated for the period 1<sup>st</sup> April 2025 to 31<sup>st</sup> December 2025 for all relevant transactions recorded in the software and whether there were any instances of the audit trail feature being tampered with.

These subsidiaries migrated to a new accounting software from 1<sup>st</sup> January 2026 which has the audit trail feature and the same has operated from 1<sup>st</sup> January 2026, throughout the remaining period for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with, in respect of the accounting software for the period for which the audit trail feature was operating (Refer note 47B).

(b) In respect of 11 subsidiaries, the accounting software used by those subsidiaries during the period 1<sup>st</sup> April 2025 to 31<sup>st</sup> March 2026, for maintaining its books of account for the year ended 31<sup>st</sup> March 2026 which has a feature

of recording audit trail (edit log) facility and the audit trail feature at the application level has operated for the period 1<sup>st</sup> April 2025 to 31<sup>st</sup> March 2026 for all relevant transactions recorded in the software. However, in the absence of an independent auditor's System and Organisation Controls report covering the audit trail requirement, at the database level, we are unable to comment whether audit trail feature at the database of the said software was enabled and operated for the period 1<sup>st</sup> April 2025 to 31<sup>st</sup> March 2026 for all relevant transactions recorded in the software and whether there were any instances of the audit trail feature being tampered with (Refer note 47B).

Further, during the course of audit, we and respective other auditors, whose reports have been furnished to us by the Management of the Parent, have not come across any instance of the audit trail feature being tampered with in respect of the accounting software for the period for which the audit trail feature was operating, except for the aforesaid instances mentioned in paragraph (a) and (b) above. Additionally, the audit trail has been preserved by the Parent and above referred subsidiary companies incorporated in India as per the statutory requirements for record retention.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Parent, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said respective companies included in the consolidated financial statements except for the following:

| Name of the component             | CIN                   | Nature of relationship  | Clause number of CARO report | Remarks  |
|-----------------------------------|-----------------------|-------------------------|------------------------------|--|
| JSW Energy Limited                | L74999MH1994PLC077041 | Parent                  | (ix)(d)                      | Funds raised on short term basis aggregating ₹ 5,426.66 crores have been used for long-term purposes |
| JSW Neo Energy Limited            | U40108MH2021PLC363393 | Wholly owned subsidiary | (ix)(d)                      | Funds raised on short term basis aggregating ₹ 1,500.00 crores have been used for long-term purposes |
| JSW Energy (Barmer) Limited       | U14109RJ2007SGC023687 | Wholly owned subsidiary | (iii)(c); (iii)(d)           | Delays in receipt of interest aggregating to ₹ 153.26 crore ranging from 1 to 3 years                |
| JSW Hydro Energy Limited (JSWHEL) | U40101HP2014PLC000681 | Wholly owned subsidiary | (i)(c)                       | Title deed of land not in the name of the JSWHEL - ₹ 22.24 crore                                     |

In respect of the following companies included in the consolidated financial statements of the Parent, whose audits under section 143 of the Act has not yet been completed, the CARO report, as applicable, in respect of those entities are not available and consequently have not been provided to us as on the date of this audit report:

| Name of the company                       | CIN                   | Nature of relationship |
|---|-----------------------|------------------------|
| Toshiba JSW Power Systems Private Limited | U31100TN2008FTC069121 | Associate              |
| Barmer Lignite Mining Company Limited     | U14109RJ2007SGC023687 | Joint Venture          |

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

### Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

In conjunction with our audit of the consolidated financial statements of the Company as at and for the year ended 31<sup>st</sup> March 2026, we have audited the internal financial controls with reference to consolidated financial statements of JSW Energy Limited (hereinafter referred to as the "Parent") and its subsidiary companies, which are companies incorporated in India, as of that date.

#### Management's and Board of Directors' Responsibilities for Internal Financial Controls

The respective Company's management and Board of Directors of the Parent and its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary companies, which are companies incorporated in

India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary companies, which are companies incorporated in India.

#### Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding

the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, Parent and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31<sup>st</sup> March 2026, based on the criteria for internal financial control with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

#### Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to 177 subsidiary companies, which are companies incorporated in India, is based solely on the corresponding reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of the above matter.

## Note no. 1 - General information:

JSW Energy Limited ("the Company" or "the Parent") is a public company incorporated on 10<sup>th</sup> March, 1994 under the Companies Act, 1956 and has its primary listings on Bombay Stock Exchange Limited and National Stock Exchange of India Limited. The registered office of the Company is located at JSW Centre, Bandra Kurla Complex, Bandra (East), Mumbai, Maharashtra. The Company and its subsidiaries (together referred to as "the Group") are primarily engaged in the business of generation of power with principal places located across all states in India. Further, the Group is having a joint venture company engaged in the mining activity and an associate engaged in the manufacturing of turbines.

## Note no. 2.1 - Recent accounting pronouncements:

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time.

In May 2025, MCA notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, applicable w.e.f. April 1, 2025. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any significant impact in its financial statements.

In August 2025, MCA notified the following amendments to:

1. Ind AS 1, Presentation of Financial Statements, applicable w.e.f. April 1, 2025 - The amendment relates to classification of liabilities as current or non-current and non-current liabilities with covenants. In the context of classifying a liability as current, it removes the requirement of existence of a right to defer settlement for at least 12 months after the reporting date and instead requires that the said right should exist on the reporting date and have substance. The amendment also introduces guidance on classification of liabilities with covenants. The Company has no impact of these amendments in its classification criteria of current and non-current liabilities.

2. Ind AS 7, Statement of Cash Flows and Ind AS 107, Financial Instruments: Disclosures, applicable w.e.f. April 1, 2025 - The amendment in Ind AS 7 requires to inform users of financial statements of the existence of supplier finance arrangements and explain the nature of the arrangements, the carrying amount of liabilities and the range of payment due dates. Ind AS 107 has been amended to add supplier finance arrangements as a factor that may cause concentration of liquidity risk. The Company has reviewed the amendment and based on its evaluation has determined that it does not have any impact in its financial statements.
3. Ind AS 12, International Tax Reform - Pillar Two Model Rules applicable immediately - The amendments provide a temporary mandatory relief from deferred tax accounting for top-up tax and disclose that they have applied the relief. This relief is immediate and applies retrospectively. The company has reviewed the amendment and based on its evaluation has determined that it does not have any impact on its financial statements.

## 2.2 - Statement of compliance:

The Consolidated Financial Statements of the Group which comprise the Consolidated Balance Sheet as at 31<sup>st</sup> March, 2026, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended 31<sup>st</sup> March, 2026, and a summary of the significant accounting policies and other explanatory information (together hereinafter referred to as "Consolidated Financial Statements") have been prepared in accordance with Indian Accounting Standards notified under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time, the provisions of the Companies Act, 2013 ("the Act") to the extent notified, guidelines issued by the Securities and Exchange Board of India (SEBI) and other accounting principles generally accepted in India. The Consolidated Financial Statements have been approved by the Board of Directors in its meeting held on 11<sup>th</sup> May, 2026.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## 2.3 - Basis of preparation and presentation of consolidated financial statements:

The Consolidated Financial Statements are prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below which are consistently followed except where a new accounting standard or amendment to the existing accounting standards requires a change in the policy hitherto applied. Presentation requirements of Division II of Schedule III to the Companies Act, 2013, as applicable to the Consolidated Financial Statements have been followed. The Consolidated Financial Statements are presented in Indian Rupees ('INR') in crore rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013.

### Current and non-current classification

The Group presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realised in, or is intended for sale or consumption in the normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realised within 12 months after the reporting date; or
- it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting date; or the Group does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Deferred tax assets and liabilities are classified as non-current only.

## 2.4 - Basis of consolidation:

The Consolidated Financial Statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries) made up to 31<sup>st</sup> March every year. Control is achieved where the Company:

- has power over the investee;
- is exposed to, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassess whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than majority of the voting rights of an investee, it has power over the investee if the voting rights and other contractual terms are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- i. the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- ii. potential voting rights held by the Company, other vote holders or other parties;
- iii. rights arising from other contractual arrangements; and
- iv. any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

the Company loses control of a subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed off during the year are included in the Consolidated Statement of Profit and Loss and Other Comprehensive Income from the date the Company gains control until the date when the control ceases.

Adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies.

### Consolidation procedure:

- a. Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b. Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- c. Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets.

Profit and loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total

comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When the Group loses control of a subsidiary, the gain or loss on disposal recognised in profit or loss is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), less liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as required / permitted by applicable Ind ASs).

### 2.5 - Business combinations:

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange for control of the acquiree. Acquisition-related costs are recognised in Consolidated Statement of Profit and Loss as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their fair value at the acquisition date, except that:

- I deferred tax assets or liabilities and liabilities or assets related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Taxes and Ind AS 19 Employee Benefits respectively;
- II liabilities or equity instruments related to share-based payment arrangements of the acquiree or share-based payment arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind AS 102 Share-based Payments at the acquisition date; and

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

- III assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that Standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any), over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

If the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed exceeds the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree and the fair value of the acquirer's previously held interest in the acquiree (if any), the excess, after reassessment, is recognised in capital reserve through other comprehensive income or directly depending on whether there exists clear evidence of the underlying reason for classifying the business combination as a bargain purchase.

When the consideration transferred by the Group in a business combination includes a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against Goodwill / capital reserve. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified. Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Other contingent consideration is remeasured to fair

value at subsequent reporting dates with changes in fair value recognised in profit or loss.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date (i.e. the date when the Group obtains control) and the resulting gain or loss, if any, is recognised in the Consolidated Statement of Profit and Loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed of.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed as of the acquisition date that, if known, would have affected the amounts recognised as of that date.

Business combinations involving entities or businesses under common control are accounted for using the pooling of interest method.

### 2.6 - Goodwill:

Goodwill is initially recognised and measured as set out above.

Goodwill is not amortised but is reviewed for impairment at least annually. For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units or groups of cash-generating units that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

unit. Any impairment loss for goodwill is recognised in the Consolidated Statement of Profit and Loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

The Group's policy for goodwill arising on the acquisition of an associate and a joint venture is described in the note below.

## 2.7 - Investment in associates and joint ventures:

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not a control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates or joint ventures are incorporated in these Consolidated Financial Statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105 – Non-current Assets Held for Sale and Discontinued Operations.

Under the equity method, an investment in an associate or a joint venture is initially recognised in the Consolidated Financial Statement at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or

constructive obligations or made payments on behalf of the associate or joint venture.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

The requirements of Ind AS 36 are applied to determine whether it is necessary to recognise any impairment loss with respect to the Group's investment in an associate or a joint venture. When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with Ind AS 36 as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount. Any impairment loss recognised is not allocated to any asset, including goodwill that forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with Ind AS 36 to the extent that the recoverable amount of the investment subsequently increases.

The Group discontinues the use of the equity method from the date when the investment ceases to be an associate or a joint venture, or when the investment is classified as held for sale. When the Group retains an interest in the former associate or joint venture and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with Ind AS 109. The difference between the carrying amount of the associate or joint venture at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest in the associate or joint venture is included in the determination of the gain or loss on disposal of the associate or joint venture. In addition, the Group

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

accounts for all amounts previously recognised in other comprehensive income in relation to that associate or joint venture on the same basis as would be required if that associate or joint venture had directly disposed of the related assets or liabilities.

Therefore, if a gain or loss previously recognised in other comprehensive income by that associate or joint venture would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) when the equity method is discontinued.

When the Group reduces its ownership interest in an associate or a joint venture but the Group continues to use the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be reclassified to profit or loss on the disposal of the related assets or liabilities.

When a Group entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associate or joint venture are recognised in the Group's Consolidated Financial Statements only to the extent of interests in the associate or joint venture that are not related to the Group.

The Group applies Ind AS 109, including the impairment requirements, to long-term interests in an associate or joint venture to which the equity method is not applied and which form part of the net investment in the investee. Furthermore, in applying Ind AS 109 to long-term interests, the Group does not take into account adjustments to their carrying amounts required by Ind AS 28 (i.e., adjustments to the carrying amount of long-term interests arising from the allocation of losses of the investee or assessment of impairment in accordance with Ind AS 28).

## Interests in joint operations

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about

the relevant activities require unanimous consent of the parties sharing control.

When a Group entity undertakes its activities under joint operations, the Group as a joint operator recognises in relation to its interest in a joint operation:

- its assets, including its share of any assets held jointly;
- its liabilities, including its share of any liabilities incurred jointly;
- its revenue from the sale of its share of the output arising from the joint operation;
- its share of the revenue from the sale of the output by the joint operation; and
- its expenses, including its share of any expenses incurred jointly.

The Group accounts for the assets, liabilities, revenue and expenses relating to its interest in a joint operation in accordance with the Ind ASs applicable to the particular assets, liabilities, revenue and expenses.

## 2.8 - Material accounting policies:

### I. Revenue recognition:

Revenue towards satisfaction of performance obligation from contracts with customers is recognised when control of the goods including power generated or services is transferred to the customer, at transaction price (net of variable consideration) i.e. at an amount that reflects the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services having regard to the terms of the contract including Power Purchase Agreements, relevant tariff regulations and the tariff orders by the regulator, as applicable. If the consideration in a contract includes a variable amount, the Group estimates the amount of consideration to which it will be entitled in exchange for satisfaction of performance obligation. The variable consideration is estimated having regard to various relevant factors including historical trend and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. Compensation towards

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

shortfall in offtake are recognised on collection or earlier when there is reasonable certainty to expect ultimate collection.

Where the final tariff rates are yet to be approved by the regulator, revenue is recognised based on the provisional rates as provided by the regulator adjusted by the truing up adjustments under the relevant tariff regulations and presented as 'truing up revenue adjustments' in the Consolidated Balance Sheet. Any surplus or deficit is recognised when the final order is passed by the regulator.

## II. Leases:

### (a) The Group as lessee:

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets (such as tablets and personal computers, small items of office furniture and telephones). For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day, less any lease incentives received and any initial direct costs. They are

subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated over the shorter period of lease term and useful life of the right-of-use asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. The depreciation starts at the commencement date of the lease.

For a contract that contain a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

### (b) The Group as lessor:

Leases for which the Group is a lessor are classified as finance or operating leases. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight-line basis over the lease term.

Amounts due from lessees under finance leases are recognised as receivables at the amount of the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Group's net investment outstanding in respect of the leases.

Subsequent to initial recognition, the Group regularly reviews the estimated unguaranteed residual value and applies the impairment requirements of Ind AS 109, recognising an allowance for expected credit losses on the lease receivables.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

Finance lease income is calculated with reference to the gross carrying amount of the lease receivables, except for credit-impaired financial assets for which interest income is calculated with reference to their amortised cost (i.e. after a deduction of the loss allowance).

When a contract includes both lease and non-lease components, the Group applies Ind AS 115 to allocate the consideration under the contract to each component.

## III. Service concession arrangements:

The Group recognises intangible assets and / or financial assets in accordance with the terms of concession arrangements.

### Intangible asset:

The right to charge users of the services under the arrangement is recognised and classified as intangible asset. The intangible asset, so recognised, is amortised over the period of service concession arrangement.

### Financial assets:

The Group's unconditional right to receive specified determinable amounts under the agreement are recognised and classified as financial assets.

Finance income is recognised using effective interest rate method.

## IV. Foreign currency transactions and foreign operations:

The Group's Consolidated Financial Statements are presented in Indian Rupee, which is also the parent company's functional currency. For each entity, the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency.

The transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated

in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in Consolidated Statement of Profit and Loss in the period in which they arise except for:

- I exchange differences on transactions entered into in order to hedge certain foreign currency risks (see below the policy on hedge accounting in 2 (XVII) (F); and
- II exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings;
- III. exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur in the foreseeable future (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on disposal or partial disposal of the net investment.

## V. Borrowing costs:

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in Consolidated Statement of Profit and Loss in the period in which they are incurred.

The Group suspends capitalisation of borrowing costs during extended periods in which it suspends active development of a qualifying asset.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

The Group determines the amount of borrowing costs eligible for capitalisation as the actual borrowing costs incurred on that borrowing during the period less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. If any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. In case if the Group borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalisation are determined by applying a capitalisation rate to the expenditure on that asset.

Borrowing Cost includes exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the finance cost.

## VI. Employee benefits:

### a) Short term employee benefits:

A liability is recognised for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

### b) Long term employee benefits:

Liabilities recognised in respect of long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

The liabilities for contingency leave are not expected to be settled wholly within 12 months after the end of the period in which the employees

render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

### c) Retirement benefit costs and termination benefits:

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

#### Defined contribution plans:

Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions. Payments made to state-managed retirement benefit plans are accounted for as payments to defined contribution plans where the Group's obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

#### Defined benefit plans:

For defined benefit, retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurements comprising actuarial gains and losses, the effect of the asset ceiling (if applicable) and the return on plan assets (excluding interest) are recognised immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which they occur. Remeasurements recognised in other comprehensive income are not reclassified. Actuarial valuations are being

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

carried out at the end of each annual reporting period for defined benefit plans.

The retirement benefit obligation recognised in the consolidated balance sheet represents the deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

The Group pays gratuity to the employees whoever has completed five years of service with the Group at the time of resignation / superannuation. The gratuity is paid @ 15 days salary for each completed year of service as per the Payment of Gratuity Act, 1972.

### d) Share-based payment arrangements:

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Group's estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Group revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Consolidated Statement of Profit and Loss such that the cumulative expense reflects the revised estimate, with a corresponding adjustment to the equity-settled employee benefits reserve.

The Group has created an Employee Welfare Trust for providing share-based payment to its employees. The Group uses the Trust as a vehicle for distributing shares to employees under the employee remuneration schemes. The Trust buys shares of the Parent Company from the market or directly from the Parent Company, for giving shares to employees. The Group treats Trust as its extension and shares held by the Trust are treated

as treasury shares. Own equity instruments that are reacquired (treasury shares) are recognised at cost and deducted from Equity. No gain or loss is recognised in profit and loss on the purchase, sale, issue or cancellation of the Company's own equity instruments. Any difference between the carrying amount and the consideration, if reissued, is recognised in other equity.

## VII. Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

### Current tax:

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in profit or loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

### Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Consolidated Financial Statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination or for transactions that give rise to equal taxable and deductible temporary differences) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries and associates, and interests in joint ventures, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments and interests are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

A deferred tax asset arising from unused tax losses or tax credits (credit on account of Minimum Alternative Tax) is recognised only to the extent that the Group has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which the unused tax losses or unused tax credits can be utilised by the Group.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For operations carried out under tax holiday period (Section 80IA benefits of Income Tax Act, 1961), deferred tax assets or liabilities, if any, have been established for the tax consequences of those temporary differences between the carrying values of assets and liabilities and their

respective tax bases that reverse after the tax holiday period ends.

### Current tax and deferred tax for the year:

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

In respect of regulated businesses where tariff is determined on cost plus return on equity and the income tax is a pass through, deferred tax recoverable from / adjustable against future tariff, when and to the extent such deferred tax becomes current tax in future periods, is presented separately, and is not offset against deferred tax.

### VIII. Property, plant and equipment:

The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, including relevant borrowing costs for qualifying assets and any expected costs of decommissioning.

Cost of major inspection / overhauling is recognised in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any remaining carrying amount of the cost of the previous inspection / overhauling (as distinct from physical parts) is de-recognised.

Properties in the course of construction are carried at cost, less any recognised impairment loss, as capital work-in-progress. Upon completion, such properties are transferred to the appropriate categories of property, plant and equipment and the depreciation commences.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

Where an obligation (legal or constructive) exists to dismantle or remove an asset or restore a site to its former condition at the end of its useful life, the present value of the estimated cost of dismantling, removing or restoring the site is capitalized along with the cost of acquisition or construction upon completion and a corresponding liability is recognised.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Consolidated Statement of Profit and Loss.

### IX. Intangible assets (other than goodwill and service concession):

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Intangible assets with indefinite useful lives are carried at cost less accumulated impairment losses.

An intangible asset is derecognised on disposal, or when no further economic benefits are expected from use or disposal. Gain / loss on de-recognition are recognised in Consolidated Statement of Profit and Loss.

### X. Depreciation and amortisation:

Depreciation commences when the assets are ready for their intended use. Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

### Regulatory business:

Depreciation on Property, plant and equipment in respect of electricity business of the Group covered under Part B of Schedule II of the Companies Act, 2013, has been provided on the straight line method at the rates using the methodology as notified by the respective regulators.

### Non-Regulatory business:

Depreciation is recognized so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using straight-line method as per the useful lives and residual value prescribed in Schedule II to the Act except in case of the following class of assets wherein useful lives are determined based on technical assessment made by a technical expert engaged by the management taking into account the nature of assets, the estimated usage of assets, the operating conditions of the assets, anticipated technological changes, in order to reflect the actual usage:

| Class of Property, plant and equipment            | Useful life in years | As per schedule II |
|---|----------------------|--------------------|
| Buildings (factory buildings and civil structure) | 2-30                 | 3-30               |
| Plant and equipment                               | 2-30                 | 15-40              |
| Furniture and fixtures                            | 8-10                 | 10                 |
| Vehicles  | 5-10                 | 8-10               |
| Office equipment                                  | 2-5                  | 5                  |

Depreciation is charged on a pro-rata basis from the date the asset is ready for use, and up to the date preceding disposal in case of sale or retirement. Gains or losses on disposal are recognised in the Statement of Profit and Loss based on the difference between sale proceeds and carrying amount.

When significant parts of property, plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives.

Freehold land is not depreciated. Leasehold land acquired by the Group, with an option in the lease deed, entitling the Group to purchase on outright basis after a certain period at no additional cost is not amortized.

Major overhaul costs are depreciated over the estimated life of the economic benefit derived from the overhaul. The carrying amount of the remaining previous overhaul cost is charged to the Consolidated Statement of Profit and Loss if

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

the next overhaul is undertaken earlier than the previously estimated life of the economic benefit.

Mineral rights are amortised on a Unit of Production basis over the economically recoverable reserves of the mine concerned.

Computer software is amortised over an estimated useful life of 3 years.

Contractual rights are amortised over the period of respective contracts.

Right-of-use assets are depreciated over the shorter period of the lease term and the useful life of the underlying asset. If a lease transfers ownership of the underlying asset or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

## XI. Impairment of tangible and intangible assets other than goodwill:

At the end of each reporting period, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Intangible assets with indefinite useful lives and intangible assets not yet available for use

are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Consolidated Statement of Profit and Loss.

Any reversal of the previously recognised impairment loss is limited to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

## XII. Inventories:

Inventories are stated at the lower of cost or net realizable value. Costs of inventories are determined on weighted average basis.

Cost of inventories includes cost of purchase price, cost of conversion and other cost incurred in bringing the inventories to their present location and condition.

Net realisable value represents the estimated selling price for inventories less all estimated cost of completion and cost necessary to make the sale. Materials and other supplies held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. However, when a decline in the price of materials indicates that the cost of the finished products exceeds net realisable value, the materials are written down to net realisable value.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## XIII. Earnings per share:

Basic earnings per share is computed by dividing the profit / (loss) for the year by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares, bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split (consolidation of shares).

Diluted earnings per share is computed by dividing the profit / (loss) for the year as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date.

## XIV. Provisions, contingencies and commitments:

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, and it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

Present obligations arising under onerous contracts are recognised and measured as provisions. An onerous contract is considered to exist where the Group has a contract under which the unavoidable incremental costs of meeting the obligations under the contract exceed the economic benefits expected to be received from the contract. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfill it.

A disclosure for contingent liabilities is made where there is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- (b) a present obligation that arises from past events but is not recognized because:
  - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
  - (ii) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity.

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

- (a) estimated amount of contracts remaining to be executed on capital account and not provided for;

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

- (b) uncalled liability on shares and other investments partly paid;
- (c) funding related commitment to associate and joint venture companies; and
- (d) other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

Commitments include the amount of purchase orders (net of advances) issued to parties for completion of assets.

## XV. Non-current assets held for sale:

The Group classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset and its sale is highly probable. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell, except for financial assets which are measured as per Ind AS 109 "Financial Instruments". Non-current assets are not depreciated or amortised.

## XVI. Financial guarantee contracts:

The Group provides certain guarantees in respect of the indebtedness of other undertakings, claims under the contract or other arrangements in the ordinary course of business. The Group evaluates each guarantee arrangement and elects to account it as an insurance contract or a financial guarantee contract.

Financial guarantee contract liabilities are measured initially at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of the amount of the obligation under the contract and the amount initially recognised less cumulative amortisation over the period of guarantee.

For the guarantee arrangements designated as insurance contracts, at the end of each reporting period, the Group performs a liability adequacy test, (i.e. it assesses the likelihood of a pay-out based on current undiscounted estimates of future cash flows), and any deficiency is recognized in Consolidated Statement of Profit and Loss.

## XVII. Financial instruments:

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit and loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit and loss are recognised immediately in Consolidated Statement of Profit and Loss.

### A. Financial assets:

#### (a) Recognition and initial measurement:

All financial assets are recognized initially at fair value. In case of financial assets not recorded at fair value through profit or loss (FVTPL), financial assets are recognized at transaction costs that are attributable to the acquisition of financial assets. However, trade receivables that do not contain a significant financing component are measured at transaction price. Purchases and sales of financial assets are recognised on the trade date, which is the date on which the Group becomes a party to the contractual provisions of the instrument.

#### (b) Classification of financial assets:

Financial assets are classified, at initial recognition and subsequently measured at amortised cost, fair value through other

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

comprehensive income (OCI), and fair value through profit and loss. A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated at FVTPL:

- The asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument is classified as FVTOCI only if it meets both of the following conditions and is not recognised at FVTPL;

- The asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the Other Comprehensive Income (OCI). However, the Group recognises interest income, impairment losses & reversals and foreign exchange gain or loss in the Consolidated Statement of Profit and Loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to Consolidated Statement of Profit and Loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the effective interest rate (EIR) method.

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which

Ind AS 103 applies are classified as at FVTPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognised in the OCI. There is no recycling of the amounts from OCI to Consolidated Statement of Profit and Loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognised in the Consolidated Statement of Profit and Loss.

All other financial assets are classified as measured at FVTPL.

In addition, on initial recognition, the Group may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets at FVTPL are measured at fair value at the end of each reporting year, with any gains and losses arising on remeasurement recognised in consolidated statement of profit and loss. The net gain or loss recognised in consolidated statement of profit and loss incorporates any dividend or interest earned on the financial asset and is included in the 'other income' line item. Dividend on financial assets at FVTPL is recognised when:

- The Group's right to receive the dividends is established;

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

- It is probable that the economic benefits associated with the dividends will flow to the entity;
- The dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Perpetual debt instruments / loans, which provide it's holder with the contractual right to receive payments on account of interest at fixed dates extending into the indefinite future, either with no right to receive a return of principal or a right to a return of principal under terms that make it very unlikely or very far in the future, are considered as investment in equity instrument of the holder.

**(c) Derecognition of financial assets:**

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

**(d) Impairment:**

The Group applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost. Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Group estimates cash flows by considering all contractual terms of the financial instrument through the expected life of that financial instrument.

The Group measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if

the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the life-time expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Group always measures the loss allowance at an amount equal to lifetime expected credit losses.

**(e) Income from financial assets:**

Dividend income from investments is recognised when the shareholder's right to receive payment has been established.

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Delayed payment charges are recognised on collection or earlier when there is reasonable certainty to expect ultimate collection.

**(f) Effective interest method:**

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant year. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

discounts) through the expected life of the debt instrument, or, where appropriate, a shorter year, to the net carrying amount on initial recognition. Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL.

**B. Financial liabilities and equity instruments:**

**(a) Classification as debt or equity:**

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**(b) Equity instruments:**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs. Repurchase of the Group's own equity instruments is recognised and deducted directly in equity. No gain or loss is recognised in Consolidated Statement of Profit and Loss on the purchase, sale, issue or cancellation of the Group's own equity instruments.

**(c) Financial liabilities:**

Financial liabilities are classified as either financial liabilities 'at FVTPL' or 'other financial liabilities'

Financial liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is either held for trading or it is designated as at FVTPL. A financial liability is classified as held for trading if:

- It has been incurred principally for the purpose of repurchasing it in the near term; or

- On initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument. A financial liability other than a financial liability held for trading may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability forms part of a group of financial assets or financial liabilities or both, which is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, and information about the grouping is provided internally on that basis; or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL in accordance with Ind AS 109.

The Group assesses forward and put options based on the terms of the shareholding agreements with non-controlling shareholders. In cases where forward and put options are exercisable at either fair market value or face value, and such arrangements provide the NCI with present access to ownership interests, the non-controlling interests are classified under equity. When the Group writes a forward and put option to NCI shareholders, a financial liability is recognized. The financial liability is subsequently re-measured at each reporting period in accordance with Ind AS 109 and changes in the measurement of the financial liability are recognized in Statement of Profit or Loss. If the put option is exercised, the

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

amount recognised as financial liability at that date is extinguished by the payment of the exercise price.

**(d) Derecognition of financial liabilities:**

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange between a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Consolidated Statement of Profit or Loss.

**C. Derivative financial instruments:**

The Group uses derivative financial instruments, such as forward foreign exchange contracts, to hedge its foreign currency risks.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in Consolidated Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Consolidated Statement of Profit and Loss depends on the nature of the hedging relationship and the nature of the hedged item.

The contracts to buy or sell a non-financial item that were entered into and continue to be held for the purpose of the receipt or delivery of a non-financial item in accordance

with the entity's expected purchase, sale or usage requirements are not considered as derivative instruments.

**D. Offsetting of financial instruments:**

Financial assets and financial liabilities are offset and the net amount is reported in the Consolidated Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

**E. Fair value measurement:**

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability; or
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

**F. Hedge accounting:**

The Group designates certain hedging instruments, which include derivatives in respect of foreign currency, as either cash flow hedge or fair value hedge. Hedges of foreign currency risk on firm commitments are accounted for as cash flow hedges.

At the inception of the hedge relationship, the Group entity documents the relationship between the hedging instrument and the hedged item, along with its risk management objectives and its strategy for undertaking various hedge transactions. Furthermore, at the inception of the hedge and on an ongoing basis, the Group documents whether the hedging instrument is highly effective in

offsetting changes in fair values or cash flows of the hedged item attributable to hedged risk.

**(i) Fair value hedges:**

Changes in fair value of the designated portion of derivatives that qualify as fair value hedges are recognized in Consolidated Statement of Profit and Loss immediately, together with any changes in the fair value of the hedged asset or liability that are attributable to the hedged risk. The change in the fair value of the designated portion of hedging instrument and the change in the hedged item attributable to hedged risk are recognized in Consolidated Statement of Profit and Loss in the line item relating to the hedged item.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. The fair value adjustment to the carrying amount of the hedged item arising from the hedged risk is amortised to Consolidated Statement of Profit and Loss from that date.

**(ii) Cash flow hedges:**

The effective portion of changes in fair value of derivatives that are designated and qualify as cash flow hedges is recognized in other comprehensive income and accumulated under the heading of cash flow hedging reserve. The gain or loss relating to the ineffective portion is recognised immediately in Consolidated Statement of Profit and Loss.

Amounts previously recognised in other comprehensive income and accumulated in equity relating to effective portion as described above are reclassified to Consolidated Statement of Profit and Loss in the periods when the hedged item affects profit or loss,

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

in the same line as the recognised hedged item. However, when the hedged forecast transaction results in the recognition of a non-financial asset or a non-financial liability, such gains or losses are transferred from equity (but not as a reclassification adjustment) and included in the initial measurement of the cost of the non-financial asset or non-financial liability.

Hedge accounting is discontinued when the hedging instrument expires or is sold, terminated, or exercised, or when it no longer qualifies for hedge accounting. Any gain or loss recognised in other comprehensive income and accumulated in equity at that time remains in equity and is recognised when the forecast transaction is ultimately recognised in Consolidated Statement of Profit and Loss. When a forecast transaction is no longer expected to occur, the gain or loss accumulated in equity is recognised immediately in Consolidated Statement of Profit and Loss.

## XVIII. Government Grants:

Government grants are recognized only when there is as reasonable assurance that the conditions attached to them shall be complied with, and the grants will be received. In case of depreciable assets, the cost of the assets is shown at gross value and grant thereon is taken to deferred income which is recognised as income in the Statement of Profit & Loss over useful life of the asset. Where the company receives non-monetary grants, the assets and the grant are accounted at fair value of asset and grants are treated as deferred income. Deferred income is recognised in the statement of profit & loss on a systematic and rational basis over the useful life of the asset.

## XIX. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Board of

directors of the Company has been identified as the Chief Operating Decision Maker which reviews and assesses the financial performance and makes the strategic decisions.

## XX. Statement of cash flows:

Consolidated Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

- i. changes during the period in inventories and operating receivables and payables, transactions of a non-cash nature;
- ii. non-cash items such as depreciation, provisions, and unrealised foreign currency gains and losses etc.; and
- iii. all other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents comprise cash at banks and on hand, short-term deposits with an original maturity of three months or less and liquid investments, which are subject to insignificant risk of changes in value.

## XXI. Exceptional items:

An item of income or expense which by its size, type or incidence requires disclosure in order to improve an understanding of the performance of the Group is treated as an exceptional item and the same is disclosed in the notes to accounts.

## Note no. 3 - Key sources of estimation uncertainty and critical accounting judgements:

In applying the Group's accounting policies, which are described in note 2.7, the directors are required to make judgements that have a significant impact on the amounts recognized and to make estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

## Key sources of estimation uncertainties

### Useful lives and residual value of property, plant and equipment:

The useful lives of property, plant and equipment are reviewed at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets, and also their likely economic lives based on various internal and external factors including relative efficiency, the operating conditions of the asset, anticipated technological changes, historical trend of plant load factor, historical planned and scheduled maintenance. It is possible that the estimates made based on existing experience are different from the actual outcomes and could cause a material adjustment to the carrying amount of property, plant and equipment.

### Provisions and Contingencies:

In the normal course of business, contingent liabilities arise from litigations and claims. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such contingent liabilities are disclosed in the notes but are not recognised. Potential liabilities that are remote are neither recognized nor disclosed as contingent liability. The management decides whether the matters needs to be classified as 'remote,' 'possible' or 'probable' based on expert advice, past judgements, terms of the contract, regulatory provisions etc.

### Fair value measurements:

When the fair values of financial assets or financial liabilities recorded or disclosed in the Consolidated Financial Statements cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques including the Discounted Cash Flows model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include consideration of inputs such as liquidity risk, credit risk and volatility.

### Income Taxes:

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions. In assessing the realizability of deferred tax assets arising from unused tax credits, the management considers convincing evidence about availability of sufficient taxable income against which such unused tax credits can be utilized. The amount of the deferred income tax assets considered realizable, however, could change if estimates of future taxable income changes in the future.

### Impairment testing:

#### Goodwill:

Determining whether goodwill is impaired requires an estimation of the 'value in use' of the cash-generating units to which goodwill has been allocated. In considering the value in use, the management has made assumptions relating to useful lives of the cash generating units, plant availability, plant load factor, useful life of the assets, additional capacity and capital cost approval from the regulators, expected renewals / extension of power purchase agreement / implementation agreement, input cost escalations and discount rates. Any subsequent changes to the cash flows due to changes in the above mentioned factors could impact the carrying value of the goodwill.

### Loss allowance assessment for a loan / guarantee given to a related party:

Recoverability of loans given to and fair value of financial guarantee given on behalf of, a related party serving as a mine development operator for lignite mine of a joint venture entity is assessed on the basis of projected cash flows derived on the presumption that it will continue as the operator having regard to it being selected as the preferred bidder in the fresh competitive bidding process carried out as per the regulator's direction, its net worth and other external and internal sources of information.

### Expected credit loss:

The measurement of expected credit loss on financial assets is based on the evaluation of collectability and the management's judgement considering external and internal sources of information. A considerable amount

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

of judgement is required in assessing the ultimate realization of the loans having regard to, the past collection history of each party and ongoing dealings with these parties, and assessment of their ability to pay the debt on designated dates.

### Onerous contract:

While ascertaining the unavoidable costs of meeting the obligations under a power purchase contract, the Management has exercised significant judgement in arriving at cost of fuel, plant load factor, components of incremental unavoidable cost of executing the contract and it's escalations.

### Critical judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations (which are presented separately above), that the Directors have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in consolidated financial statements:

### Evaluation of contracts to determine whether it contains lease arrangements:

- In respect of power plant unit at Ratnagiri, Maharashtra, while assessing the applicability of the principles relating to arrangements in the nature of lease prescribed under Ind AS 116, Leases, the management has exercised judgements in evaluating the customer's right with regard to use the underlying asset and pricing terms of the arrangement to reach a conclusion that the arrangement for supply of power through the aforesaid power plant unit is in the nature of a lease.
- The management has critically evaluated the terms of the contract (including by obtaining independent legal advice) with respect to Karcham Hydro Plant to determine whether the contract is, in substance, with a customer or with multiple state electricity utility companies, and the customer is merely acting as an intermediary/facilitator, i.e. an agent. Based on such evaluation, it was concluded that the arrangement, in substance, is not in the nature of lease in terms of Ind AS 116, Leases.

### Service concession arrangements:

The management has exercised significant judgment in evaluating the terms of agreements / license arrangements, regulatory provisions and concluded that power purchase agreement for hydro plant at Baspa, Himachal Pradesh, is in nature of service concession.

### Classification of Barmer Lignite Mining Company Limited ("BLMCL") as joint venture:

BLMCL is a limited liability company where the Group holds 49% of equity share capital and balance equity capital is held by a state-owned entity. The management has evaluated the terms of the joint venture agreement including requirement of unanimous consent of both the shareholders for relevant activities, and concluded that BLMCL is a joint venture.

### Tariff related disputes with customers:

Tariff related disputes with the customers arise mainly on account of differences in interpretation of the terms of the power purchase agreements / regulations. A significant judgment is required in determining likelihood of entitlement to the revenue. The Group recognizes such revenues having regard to legal advice, judicial precedence and interpretation of the terms of the agreements / regulations. The final outcome of such disputes may have impact on the revenue recognised by the Group. The Group has also estimated the expected timing of realisation of these balances, which is in turn dependent on the expected ultimate settlement of legal disputes, for classification of such receivables between current and non-current.

### Asset Acquisition:

Accounting for acquisition of asset or group of assets involves significant judgement in determining whether they collectively constitute business. In cases where such group of assets does not constitute business, the management estimates the fair values of the underlying identified assets acquired and liabilities assumed with the help of an independent expert and allocates the cost of acquisition to such identified assets and liabilities on the basis of their relative fair values at the date of purchase.

## NOTES

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

### Note No. 4A - Property, plant and equipment

| Particulars  | Land - freehold <sup>at</sup> | Buildings <sup>b,d</sup> | Plant and equipment <sup>ce</sup> | Office equipment | Furniture and fixtures | Vehicles | Right-of-use assets <sup>fh</sup> | Total     |
|--|-------------------------------|--------------------------|-----------------------------------|------------------|------------------------|----------|-----------------------------------|-----------|
|  |                               |                          |                                   |                  |                        |          |                                   |           |
| <b>I. Gross carrying value</b>                             |                               |                          |                                   |                  |                        |          |                                   |           |
| Balance as at 1 <sup>st</sup> April, 2024                  | 1,939.81                      | 2,143.60                 | 31,105.82                         | 80.98            | 74.19                  | 20.89    | 464.69                            | 35,829.98 |
| Additions  | 114.56                        | 80.88                    | 10,039.62                         | 22.77            | 6.40                   | 3.59     | 397.47                            | 10,665.29 |

## Allocation of goodwill to cash generating units (CGU's)

For the purpose of impairment testing, goodwill is allocated to the Group's operating assets, which represents the lowest level within the Group at which goodwill is monitored for internal management purposes. Carrying amount of goodwill allocated to each CGUs is as follows:

| Particulars  | As at                        |                              |
|--|------------------------------|------------------------------|
|  | 31 <sup>st</sup> March, 2026 | 31 <sup>st</sup> March, 2025 |
| I. Hydro power plant at Karcham, Himachal Pradesh, India     | 526.34                       | 526.34                       |
| II. Hydro power plant at Baspa, Himachal Pradesh, India      | 113.48                       | 113.48                       |
| III. Tidong Power Generation Private Limited (Refer note 43) | 19.36                        | -                            |
| <b>Carrying amount</b>                                       | <b>659.18</b>                | <b>639.82</b>                |

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## Estimates used to measure recoverable amounts of Hydro Power Plants

The recoverable amount of Karcham and Baspa hydro power plants have been determined following 'value-in-use' approach over tenure (including expected renewals) of respective long term power purchase agreements (PPA) / implementation agreement.

The key assumptions used in the value-in-use calculations are as follows:

| Key assumptions                                     | Hydro Power Plant at Karcham             | Hydro Power Plant at Baspa   | Basis   |
|---|--|--|---|
| Discount rate                                       | 9.34%<br>(8.61%)                         | 9.34%<br>(8.61%)   | Pre-tax discount rate has been derived based on current cost of borrowing and equity rate of return in line with the current market expectations.   |
| Plant availability                                  | 96.24%<br>(102.13%)                      | 96.16%<br>(97.02%)   | Plant availability factor (PAF) is estimated based on past trend of PAF and expected PAF in future years.   |
| Plant load factor                                   | 51.03%<br>(47.94%)                       | 49.17%<br>(49.60%)   | Plant load factor (PLF) is estimated based on past trend of PLF and expected PLF in future years.   |
| Balance tenure of PPA (including expected renewals) | 46 Years<br>(47 Years)                   | 16 Years<br>(17 Years)   | Balance useful life based on the plants' useful life assessment of the management / external expert having regard to the terms of the implementation agreement.   |
| Balance useful life of cash generating unit / asset | 46 Years<br>(47 Years)                   | 36 Years<br>(37 Years)   | Useful life assessment of the management  |
| Additional capacity                                 | 45MW<br>(45MW)                           | NIL<br>(NIL)   | Based on Central Electricity Regulatory Commission order  |
| Capital cost approvals from regulatory              | ₹ 6,696.55 crores<br>(₹ 6,696.55 crores) | ₹ 1,638.54 crores<br>(₹ 1,638.54 crores)   | Based on Central Electricity Regulatory Commission order  |
| Input cost escalations                              | 5.47%<br>(4.77%)                         | 4.56%<br>(4.01%)   | Based on management assessment  |
| Tariff  | As per CERC tariff regulation 2019-24    | HPERC (Terms & Conditions for Determination of Hydro Generation Supply Tariffs) Regulations, 2011, along with its subsequent amendments, having regard to the tariff entitlement under the PPA | Tariff basis continuity of existing notified tariff provisions / PPA<br><br>Economic benefits basis the expectation of approval of additional capacity of 46 MW in the year 2026-27 by Central Electricity Authority. |

(Figures / Information in brackets relate to previous year)

## Sensitivity to changes in assumptions:

The management has considered that any reasonable possible change in any one of the key assumptions would not result into carrying amount to exceed the recoverable amounts of the afore-mentioned hydro power plants.

- 2] The average credit period allowed to customers is in the range of 7-135 days and interest on overdue receivable is generally levied at 10.60% to 18.00% per annum as per the terms of the agreement.
- 3] The Group does not have history of defaults in trade receivables. Loss allowance is estimated for disputed receivables based on assessment of each case by obtaining independent legal opinion, where considered necessary.
- 4] Trade receivables include ₹ 330.22 crore (as at 31<sup>st</sup> March, 2025 ₹ 247.61 crore) withheld / unpaid by the customers because of tariff related disputes which are pending adjudication. The Group has, based on legal advice, and subsequent actions by the regulators in certain cases, assessed that there is a reasonable certainty about recoverability of these receivables and no provision is required. Having regard to the said assessment and based on the expected timing of realisation of these balances, the Group has classified the trade receivables into current and non-current.
- 5] Refer note 17 for trade receivables hypothecated as security against borrowings.

Figures in brackets relate to maximum amount outstanding during the year.

All the above loans have been given for business purpose only.

### Subordinated debt to Barmer Lignite Mining Company Limited and accrued interest thereof:

JSW Energy (Barmer) Limited ("JSWEBL") had given a subordinated loan of ₹ 567.64 crore (as at 31<sup>st</sup> March, 2025 ₹ 567.64 crore) to Barmer Lignite Mining Company Limited ("BLMCL"), a joint venture of JSWEBL. The Management has filed the Petition for approval of capital cost of BLMCL mines with Rajasthan Electricity Regulatory Commission ("RERC"). As the determination of transfer price of lignite is based on two-part tariff as per RERC Regulations, approval of capital cost will result in the recovery of sub-ordinate loan as well.

Such subordinated unsecured loan carries an interest rate of 10% p.a. and is re-payable after the repayment of existing secured rupee term loan of BLMCL i.e. in FY 2038-39. There had been certain delays in payment of accrued interest on such subordinated loan. Outstanding interest accrued as at 31<sup>st</sup> March, 2026 ₹ 153.26 crore (as at 31<sup>st</sup> March, 2025 ₹ 206.86 crore). Based on expected timing of recovery of interest due, expected credit loss of ₹ 32.69 crore being time value of money, is recognised as at 31<sup>st</sup> March, 2026 (Refer note 10).

### Loan to South West Mining Limited:

The Group has given loan to South West Mining Limited of ₹ 271.70 crore (as at 31<sup>st</sup> March, 2025 ₹ 198.90 crore) at an interest rate of 12% p.a. repayable in one year.

## (i) General reserve

The Group created a general reserve in earlier years pursuant to the provisions of the erstwhile Indian Companies Act, 1956, wherein certain percentage of profits were required to be transferred to general reserve before declaring dividend. As per Companies Act, 2013, the requirement to transfer profits to general reserve is not mandatory. General reserve is a free reserve available for distribution subject to compliance with the Companies (Declaration and Payment of Dividend) Rules, 2014.

## (ii) Retained earnings

Retained earnings comprise balances of accumulated (undistributed) profit and loss at each year end and balances of remeasurement of net defined benefit plans, less any transfers to general reserve.

## (iii) Securities premium

Securities premium comprises premium received on issue of shares.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## (iv) Equity settled employee benefits reserve:

The Group offers ESOP under which options to subscribe for the Company's share have been granted to its employees. The share based payment reserve is used to recognise the value of equity settled share based payments provided as part of the ESOP scheme.

## (v) Capital Reserve:

Reserve is primarily created on business combination. This reserve is utilised as per the applicable provisions of Companies Act, 2013.

## (vi) Contingency reserve:

The contingency reserve has been created out of profit of Jaigad PowerTransco Limited, a subsidiary company, as per MERC Regulations. The reserve can be utilised by the group for the purpose of future losses, which may arise from uninsured risks.

## (vii) Money received against Share Warrants:

During the year ended 31<sup>st</sup> March, 2026, the Company has allotted 4,76,19,047 share warrants (the "warrants") to JTPM Metal Traders Limited on a preferential basis, each carrying a right exercisable by the warrant holder to subscribe to 1 equity share per warrant by way of private placement, at a price of ₹ 525 (including premium of ₹ 515) per warrant, The Company received 25% of the warrant application money, aggregating to ₹625.00 crore, which is currently classified under "Money received against share warrants" as of 31<sup>st</sup> March, 2026 [Refer Note 16A(e)].

## (viii) Equity instrument through other comprehensive income:

The fair value change of the equity instruments measured at fair value through other comprehensive income is recognised in equity instruments through other comprehensive income.

## (ix) Foreign currency translation reserve:

This reserve contains the accumulated balance of foreign exchange differences arising on monetary items that, in substance, form part of the Group's net investment in a foreign operation whose functional currency is other than Indian rupees. Exchange differences previously accumulated in this reserve are reclassified to profit or loss on disposal of the foreign operation.

## (x) Effective portion of cash flow hedge:

Effective portion of cash flow hedges represents the cumulative effective portion of gains or losses arising on changes in fair value of hedging instruments entered into for cash flow hedges, which shall be reclassified to profit or loss / respective asset or liability when the hedged transaction is materialised.

# No amount due to be credited to Investor Education and Protection Fund.

## Non-controlling shareholders have an option to offload their shareholding to the Group in accordance with the terms mentioned in the agreement with them at fair value or face value of shares for cash on the date of exercise of the forward or Put option. Put option liability with non-controlling interest accounted for at fair value. Subsequent to initial recognition, changes in the carrying amount of the put option liability are recognised in statement of profit and loss.

\* Includes liabilities taken over through business combination.

### (a) Revenue from contract with customers:

The Group primarily generates revenue from contracts with customers for supply of power generated from power plants (from allocating the capacity of the plant under the long / medium term power purchase agreements including job work arrangements), from sale of power on short term contracts / merchant basis, from allocation of capacity of transmission lines, from power trading and from providing operations and maintenance services of third party power plants.

Revenue from capacity charges (other than from contracts classified as finance lease and service concession arrangements) under the long and medium term power supply agreements and under long term agreements for transmission lines, is recognised on a monthly / yearly basis as the capacity of the plant or transmission lines, as the case may be, is made available under the terms of the contracts. Incentives and penalties for variation in availability of the capacity are recognised based on the annual capacity expected to be made available under the agreements. Energy charges are recognised on supply of power under such power supply agreements.

Revenue from sale of power on merchant basis and under short term contracts, and from power trading activity, is recognised at point of time when power is supplied to the customers, at contracted rate.

Revenue from third party power plant operations and maintenance activity is recognised over the period of time when services under the contracts are rendered.

Revenue from mining activity is recognised when services under the contracts are rendered.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## (b) Significant changes in the contract liability balance during the year are as follows:

Contract liability is the Group's obligation to transfer goods or services to a customer for which the Group has received consideration from the customers in advance.

| Contract liability - Advance from customers  | ₹ crore                            |                                    |
|--|------------------------------------|------------------------------------|
|  | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
| Opening Balance  | 1.38                               | 2.06                               |
| Less: Revenue recognized during the year from balance at the beginning of the year | (1.38)                             | (2.06)                             |
| Add: Advance received during the year not recognized as revenue                    | 16.07                              | 1.38                               |
| <b>Closing Balance</b>   | <b>16.07</b>                       | <b>1.38</b>                        |

## (c) Significant changes in the unbilled revenue during the year are as follows:

| Particulars                   | ₹ crore                            |                                    |
|-------------------------------|------------------------------------|------------------------------------|
|                               | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
| Opening Balance               | 1,294.54                           | 859.34                             |
| Less: Billed during the year  | (1,198.78)                         | (793.06)                           |
| Add: Unbilled during the year | 1,247.33                           | 1,228.26                           |
| <b>Closing Balance*</b>       | <b>1,343.09</b>                    | <b>1,294.54</b>                    |

\* Unbilled Revenue include ₹ 106.10 crore (as at 31<sup>st</sup> March, 2025 ₹ 95.76 crore) tariff related disputes which are pending adjudication. The Group has, based on legal advice, and subsequent actions by the regulators in certain cases, assessed that there is a reasonable certainty about recoverability of these receivables and no provision is required.

## (d) Details of Revenue from contract with customers:

| Particulars   | ₹ crore   |   |
|---|---|---|
|   | For the year ended 31 <sup>st</sup> March, 2026 | For the year ended 31 <sup>st</sup> March, 2025 |
| Total revenue from contracts with customers as per contracted price | 18,738.31                                       | 11,610.09                                       |
| Less: Rebate on prompt payment                                      | (62.39)   | (35.05)   |
| Add: Incentives   | 173.14  | 113.76  |
| <b>Total revenue from contracts with customers as above</b>         | <b>18,849.06</b>                                | <b>11,688.80</b>                                |

## (e) Credit terms:

Customers are given average credit period of 7 to 135 days for payment. No delayed payment charges ('DPC') are charged during the allowed credit period. Thereafter, DPC is recoverable from the customers at the rates prescribed under the respective Power Purchase Agreement / Tariff regulations on the outstanding balance.

## (f) Others:

As per the implementation agreement between Government of Rajasthan and JSW Energy (Barmer) Limited ("JSWEBL"), the sale price of lignite by Barmer Lignite Mining Company Limited ("BLMCL"), a joint venture, to JSWEBL has to be approved by Rajasthan Electricity Regulatory Commission ("RERC"). Pending determination of transfer price of lignite (as the capital cost of lignite mine and mine development operator of BLMCL is yet to be approved by RERC), RERC has allowed only adhoc / interim transfer prices for JSWEBL's tariff. Such adhoc / interim transfer prices (to the extent subsequently modified by Appellate Tribunal for Electricity ("APTEL"), as the case may be have been kept as a base for revenue recognition by JSWEBL and subject to adjustment, once the final tariff is determined by RERC.

| Brought forward losses /Unabsorbed depreciation        | 1,214.85                             | 572.49  | 1,787.34                              |
| Expenses not deductible in determining taxable profits | -                                    | 1,236.47  | 1,236.47                              |
| Lease liabilities                                      | 56.13                                | 14.78   | 70.91                                 |
| Others   | 133.96                               | 269.31  | 403.27                                |
|  | <b>(836.72)</b>                      | <b>(1,763.10)</b>   | <b>(2,599.82)</b>                     |

- The movement in deferred tax assets and deferred tax liabilities during the year includes the impact of amounts recognized pursuant to business combinations and acquisitions undertaken during the reporting period.
- Deferred tax liability of ₹ 1,681.16 crore (31<sup>st</sup> March, 2025 ₹ 1,205.46 crore) is not recognised on temporary differences which are created on undistributed earnings of the subsidiaries, where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.
- JSW Energy (Utkal) Limited ("JSWEUL") (formerly known as Ind-Barath Energy (Utkal) Limited), a subsidiary of the Company has signed a Power Purchase Agreement ("PPA") with multiple Karnataka DISCOMs for the supply of 400 MW of power for a tenure of 25 years from 01<sup>st</sup> April, 2026. Based on the expected future taxable profits arising from the said PPA, it is probable that sufficient taxable income will be available against which the carried forward tax losses and unabsorbed depreciation can be utilized. Accordingly, the Group has recognized a deferred tax asset of ₹ 762 crore on carry forward losses and unabsorbed depreciation during the year ended 31<sup>st</sup> March, 2026. Similarly, in respect of JSW Mahanadi Power Company Limited ("JSWMPCL") (formerly known as KSK Mahanadi Power Company Limited) on account of estimation of recoverability of carry forward losses, unabsorbed depreciation and other available tax deductions, a net deferred tax asset of ₹ 254 crore has been recognised during the year ended 31<sup>st</sup> March, 2026.

### Expiry schedule of deferred tax assets not recognised is as under:

Tax asset:

₹ crore

| Expiry period (as per local tax laws)  | Amount          |
|--|-----------------|
| <b>(A)</b>   |                 |
| < 1 year   | 22.31           |
| > 1 year to 5 years  | 374.43          |
| > 5 years to 10 years  | 772.13          |
| > 10 years   | 84.53           |
| <b>Total (A)</b>   | <b>1,253.40</b> |
| <b>(B)</b> Unabsorbed depreciation available for set-off for indefinite period | 1,373.27        |
| <b>(C)</b> Short term capital loss available for set off                       | 0.13            |
| <b>Total (A+B+C)</b>   | <b>2,626.80</b> |

a) Yet to commence commercial operations

b) Based on representation of the Board of Directors of TJPSPL.

JSW Neo Energy Limited ("JSWNEEL"), wholly owned subsidiary of JSW Energy Limited ("Company") has completed the acquisition of O2 Power Midco Holdings Pte. Limited ("O2 Power") and O2 Energy SG Pte. Limited ("O2 Energy") and their subsidiaries ("O2 Entities") as on 09<sup>th</sup> April, 2025.

Prior to acquisition of O2 Entities by JSWNEEL, by a Share Purchase Agreement dated 14<sup>th</sup> March, 2024 and the Amendment Agreement dated 02<sup>nd</sup> September, 2024 ("SPA"), O2 Power SG Pte. Ltd. and Clean Solar Power (Bhainsada) ("O2 Entity") Private Limited had agreed to sell 100% shareholding in Beempow Energy Private Limited ("BEEMPOW") ("O2 Entity") to EPIC Green Urja Private Limited and Schemes of Infrastructure Yield Trust ("BEEMPOW Buyers") and had transferred 49% of the shareholding in BEEMPOW to the BEEMPOW Buyers.

Pursuant to the SPA, the balance 51% in BEEMPOW was transferred on 06<sup>th</sup> June, 2025, to BEEMPOW Buyers and BEEMPOW has ceased to be a step-down subsidiary of JSWNEEL and the Company with effect from 06<sup>th</sup> June, 2025.

\* NIL in FY 26 on account of business combination/asset acquisition.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

- b) Disputes with customers regarding determination of tariff under power supply arrangements aggregating to ₹ 340.23 crore (as at 31<sup>st</sup> March, 2025 ₹ 340.23 crore).
- c) In the matter of charges for rail transportation services payable by the JSW Mahanadi Power Company Limited and Raigarh Champa Rail Infrastructure Private Limited ("RCRIPL"), post-acquisition of RCRIPL by the Group, both parties are currently in the process of withdrawing the case from the Hon'ble NCLAT, Chennai.
- d) In the matter of charges payable as per the Water Transport Agreement between the JSW Mahanadi Power Company Limited and KSK Water Infrastructure Pvt Ltd. ("KWIPL"), post acquisition of KWIPL by the Group, both parties are currently in the process of withdrawing the case from the Honourable Supreme Court of India.
- e) JSW Hydro Energy Limited ("JSWHEL") a stepdown subsidiary of the Company having its Karcham Wangtoo power plant ("KWPP") in the state of Himachal Pradesh was obligated to supply 12% free power to the Home State (Government of Himachal Pradesh "GoHP") for the initial 12 years and 18% free power for the subsequent 28 years as per the Implementation Agreement ("IA"). However, the Central Electricity Regulatory Commission ("CERC") order dated 17<sup>th</sup> March, 2022, capped the free power at 12% (excluding 1% for Local Area Development Authority ("LADA")).

Based on the aforesaid CERC order, JSWHEL filed a writ petition with the Hon'ble High Court of Himachal Pradesh seeking alignment of the IA with the CERC order dated 17<sup>th</sup> March, 2022. The High Court gave its judgement dated 28<sup>th</sup> May, 2024 directing GoHP to align the IA with CERC order.

Aggrieved by the judgment of the High Court, GoHP filed an appeal with Hon'ble Supreme Court. Hon'ble Supreme Court vide its judgement dated 16<sup>th</sup> July, 2025, allowed the appeal filed by the GoHP and set aside the judgement of High Court and directed JSWHEL to supply 18% free power from 14<sup>th</sup> September, 2023 onwards. Pursuant to the order and judgement of the Supreme Court, the Company has started supplying free power of 18% from 19<sup>th</sup> July, 2025 to GoHP. During the year, at a meeting held on 12<sup>th</sup> November, 2025 between the Management of JSWHEL and the Director, Directorate of Energy, GoHP, both the parties agreed on JSWHEL supplying additional free power of 6% to GoHP for the earlier period from 14<sup>th</sup> September, 2023 to 18<sup>th</sup> July, 2025 from the future generation from the available untied capacity of KWPP.

## 2] Guarantees:

The Group has issued financial guarantees to banks on behalf of and in respect of loan facilities availed by a related party and other parties. The following are the amount against such guarantees.

| Particulars                   | ₹ crore                            |                                    |
|-------------------------------|------------------------------------|------------------------------------|
|                               | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
| Related party (Refer note 45) | 599.80                             | 711.89                             |
| Other parties                 | 5.00                               | -                                  |
| <b>Total</b>                  | <b>604.80</b>                      | <b>711.89</b>                      |

In respect of financial guarantee contracts, no amounts are recognised based on the results of the liability adequacy test for likely deficiency / defaults by the entities on whose behalf the Group has given guarantees.

## 3] Others:

In respect of land parcels admeasuring 30.73 hectares (as at 31<sup>st</sup> March, 2025, 30.73 hectares), acquired by the Group, the claim by certain parties towards title disputes are not currently ascertainable.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## 4] The Group's share of the contingent liabilities relating to its joint venture, Barmer Lignite Mining Company Limited ("BLMCL") is as follows:

- (i) Claims not acknowledged as debt

| Particulars           | ₹ crore                            |                                    |
|-----------------------|------------------------------------|------------------------------------|
|                       | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
| VAT                   | 0.97                               | 0.97                               |
| Income tax            | 39.47                              | 18.07                              |
| Service tax           | 789.52                             | 751.63                             |
| Goods and Service Tax | 178.59                             | 178.57                             |
| Others                | 32.58                              | 32.58                              |
| <b>Total</b>          | <b>1,041.13</b>                    | <b>981.82</b>                      |

- (ii) Few land owners have gone to the district / high court for claiming enhanced rate of compensation from Rajasthan State Mines and Minerals Limited ("RSMML"), a co-venturer, through which land for the mine has been acquired. In case, if such enhanced compensation is approved by the court, BLMCL will have to reimburse the same to RSMML. The amount of compensation is undeterminable as on date.
  - (iii) As per the implementation agreement between Government of Rajasthan and JSW Energy (Barmer) Limited ("JSWEBL"), the sale price of lignite by BLMCL to JSWEBL has to be approved by Rajasthan Electricity Regulatory Commission ("RERC"). Pending determination of transfer price of lignite, RERC has allowed only adhoc/interim transfer prices. Correspondingly, BLMCL is accruing proportionate reduced lignite extraction cost in terms of its mine development operator ("MDO") arrangement. The accumulated amount as at 31<sup>st</sup> March, 2026 between contracted MDO price for lignite extraction and adhoc / interim lignite transfer price is ₹ 2672.13 crore (As at 31<sup>st</sup> March, 2025 ₹ 2,509.65 crore). Such payment to MDO is contingent upon approval of final transfer price of lignite by RERC, which would also result into corresponding higher revenue for BLMCL. There shall be no additional financial implication to BLMCL on this account.
- 5] The Group has already recognised its share of losses equivalent to its interest in an associate and hence, the Group has no further exposure. Accordingly, the share in the contingent liability of the associate amounting to ₹ 3.78 crore (As at 31<sup>st</sup> March, 2025 ₹ 3.64 crore) is not reckoned with by the Group.

### Notes:

- (i) Future cash flows in respect of the above matters are determinable only on receipt of judgements / decisions pending at various forums / authorities.
- (ii) Third party claims where the possibility of outflow of resources embodying economic benefits is remote, and includes show cause notices, if any which have not yet converted to regulatory demands, have not been disclosed as contingent liabilities.

## (B) Commitments

| Particulars   | ₹ crore                            |                                    |
|---|------------------------------------|------------------------------------|
|   | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
| 1] Estimated amount of contracts remaining to be executed on capital account and not provided for (net of advances) | 24,184.00                          | 8,795.80                           |

- 2] Other commitments:

In accordance with joint venture agreement, JSW Energy (Barmer) Limited shall make all investments in the joint venture company and Rajasthan State Mines and Minerals Limited (co-venturer) shall have no financial liability.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## Note no. 34 - Provisions

### 1) Provision for decommissioning and environmental rehabilitation

| Particulars                             | ₹ crore   |   |
|---|---|---|
|   | For the year ended 31 <sup>st</sup> March, 2026 | For the year ended 31 <sup>st</sup> March, 2025 |
| <b>Opening balance</b>                  | <b>65.43</b>                                    | <b>61.48</b>                                    |
| Settlement of provisions                | (2.10)  | -   |
| Recognised during the year              | 1.65  | 1.55  |
| Effect of foreign exchange fluctuations | 6.03  | 2.40  |
| <b>Closing balance</b>                  | <b>71.01</b>                                    | <b>65.43</b>                                    |

The provision for mine restoration, decommissioning and environmental rehabilitation represents management's best estimate of the future outflow of economic benefits that will be required under the Group's obligations under local legislation. The estimate has been made on the basis of historical trends and may vary as a result of future escalation of labour and overhead costs.

### 2) Other provisions

| Particulars                | ₹ crore   |   |
|----------------------------|---|---|
|                            | For the year ended 31 <sup>st</sup> March, 2026 | For the year ended 31 <sup>st</sup> March, 2025 |
| <b>Opening balance</b>     | <b>10.76</b>                                    | <b>-</b>  |
| Recognised during the year | 54.51   | 10.76   |
| <b>Closing balance</b>     | <b>65.27</b>                                    | <b>10.76</b>                                    |

## Note No. 35 - Leases

### A) As lessor:

The Group has leased certain land admeasuring to 122.86 acres with carrying amount of ₹ 7.08 crore (31<sup>st</sup> March, 2025: 122.86 acres with carrying amount of ₹ 7.08 crore) to related parties for the period ranging from 25 to 99 years. The agreements are renewable with mutual consent. (Refer note 4A)

### B) As lessee

i) The Group leases several assets including land, transmission line, pathway, aerial NOC, office premises, vehicles and residential flats. The amount recognised in the consolidated statement of profit and loss in respect of right-of-use assets and lease obligation are as under:

| Particulars                   | ₹ crore   |   |
|-------------------------------|---|---|
|                               | For the year ended 31 <sup>st</sup> March, 2026 | For the year ended 31 <sup>st</sup> March, 2025 |
| Depreciation                  | 61.49   | 22.73   |
| Interest on lease liabilities | 50.76   | 24.56   |

Depreciation and interest on lease liabilities of ₹ 25.39 crore (previous year ₹ 13.89 crore) and ₹ 41.94 crore (previous year ₹ 10.50 crore) respectively has been capitalised.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## Reconciliation of the lease liabilities:

| Particulars  | ₹ crore   |   |
|--|---|---|
|  | For the year ended 31 <sup>st</sup> March, 2026 | For the year ended 31 <sup>st</sup> March, 2025 |
| <b>Balance as at the beginning of the year</b>         | <b>563.88</b>                                   | <b>246.36</b>                                   |
| Lease liabilities recognised during the year           | 367.38  | 233.59  |
| Interest on lease liabilities                          | 92.70   | 35.06   |
| Payment of lease liabilities                           | (156.04)  | (63.95)   |
| Additions through asset acquisition                    | -   | 5.43  |
| Additions through business combination (Refer note 43) | 231.72  | 107.39  |
| <b>Balance as at the end of the year</b>               | <b>1,099.64</b>                                 | <b>563.88</b>                                   |
| Current  | 49.21   | 101.64  |
| Non-current  | 1,050.43  | 462.24  |

ii) The agreements are executed on non-cancellable basis for a period of 2-50 years, which are renewable on expiry with mutual consent.

## Future minimum rentals payable under non-cancellable operating leases are as follows:

| Particulars                                     | ₹ crore                            |                                    |
|---|------------------------------------|------------------------------------|
|   | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
| A) Not later than 1 year                        | 71.25                              | 73.60                              |
| B) Later than 1 year and not later than 5 years | 333.44                             | 220.25                             |
| C) Later than 5 years                           | 1,848.50                           | 1,226.65                           |
| <b>Total</b>                                    | <b>2,253.19</b>                    | <b>1,520.50</b>                    |

## Note No. 36 - Finance leases

### As lessor:

The Group has identified an arrangement for power supply from its power units which are in the nature of finance lease as per the provisions of Ind AS 116 - Leases. After separating lease payments from other elements in the arrangement, the Group has recognized finance lease receivable for the said power units given under finance lease.

The minimum lease payments receivable and the present value of minimum lease receivable in respect of the aforesaid power units are as under:

### Amounts receivable under finance leases

| Particulars                                  | ₹ crore                            |                                    |   |                                    |
|--|------------------------------------|------------------------------------|---|------------------------------------|
|  | Minimum lease payments             |                                    | Present value of minimum lease payments |                                    |
|  | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 | As at 31 <sup>st</sup> March, 2026      | As at 31 <sup>st</sup> March, 2025 |

## Note no. 37 - Service concession arrangement (SCA)

### (a) Description of the concession arrangement

On 1<sup>st</sup> October, 1992, a service concession agreement was entered into with the Government of Himachal Pradesh ("the Government") to establish, own, operate and maintain 300 MW Hydro Electric power plant at Baspa, Kuppa, Himachal Pradesh ("the power plant") for supply of power to Himachal State Electricity Board. Pursuant to the above, a power purchase agreement ("the PPA") was entered with Himachal Pradesh State Electricity Board.

### (b) Significant terms of the concession arrangement

| Terms                            | Particulars  |
|----------------------------------|--|
| Period of arrangement            | 40 years from date of commissioning of the power plant and extendable for 20 years at the option of the Government.  |
| Commissioning of the power plant | 8 <sup>th</sup> June, 2003   |
| Tariff                           | Determined by Himachal Pradesh Electricity Regulatory Commission (HPERC) in terms of HPERC (Terms & Conditions for Determination of Hydro Generation Supply Tariffs) Regulations, 2011, along with its subsequent amendments, having regard to the tariff entitlement under the PPA. |
| Option to purchase               | The Government has the option to purchase all the assets and works of the power plant, at mutually agreed terms, upon expiry of the service concession agreement.  |
| Free power                       | Free power of the electricity generated is to be supplied to the Government - 12%  |

### (c) Obligation for overhaul

Under the concession agreement, the Group has to manage, operate, maintain and repair the plant.

### (d) Renewal / Termination options

Termination of the concession agreement can happen before expiry date under the force majeure events and default by either parties of the concession agreement.

### (e) Classification of service concession arrangement

| Particulars   | ₹ crore                            |                                    |
|---|------------------------------------|------------------------------------|
|   | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
| Intangible asset - Rights under service concession receivable (refer note 6A)     | 587.61                             | 619.64                             |
| Financial asset - Receivable under service concession arrangement (refer note 10) | 0.36                               | 0.36                               |

## Note No. 38 - Employee benefits expense

### 1] Defined contribution plans:

Retirement Benefits in the form of Provident Fund and National Pension Scheme which are defined contribution schemes are charged to the consolidated statement of profit and loss for the period in which the contributions to the respective funds accrue as per relevant rules / statutes.

#### A] Provident fund:

The Group's contribution to provident fund recognized in Consolidated Statement of Profit and Loss of ₹ 24.44 crore (Previous year ₹ 15.24 crore) (Included in note 24)

#### B] National pension scheme:

The Group's contribution to National Pension Scheme ("NPS") recognized in Consolidated statement of Profit and Loss of ₹ 6.69 crore (Previous year: ₹ 4.19 crore) (included in note 24)

### 2] Defined benefits plans:

The Group provides for gratuity to its employees in accordance with the Code on Social Security, 2020, and the Payment of Gratuity Act, 1972, as applicable. The amount of gratuity shall be payable to an employee on the termination of employment after rendering continuous service for not less than five years, or on their superannuation or resignation. For employees engaged on a fixed-term basis, gratuity is payable on a pro-rata basis upon completion of one year of continuous service. However, in case of death of an employee, the minimum period of five years shall not be required. The gratuity benefit is calculated based on the revised definition of wages under the Code, ensuring the wage base for calculation is at least 50% of the total remuneration. The amount of gratuity payable on retirement / termination is the employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied by the number of years of service completed. The gratuity plan is a funded plan administered by a separate fund that is legally separated from the entity and the Company makes contributions to the insurer (LIC). The Company does not fully fund the liability and maintains the funding from time to time based on estimations of expected gratuity payments.

These plans typically expose the Group to the following actuarial risks:

|                               |  |
|-------------------------------|--|
| Investment risk               | The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments. |
| Interest risk                 | A fall in the discount rate, which is linked, to the G-Sec rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.  |
| Salary risk                   | The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.  |
| Asset Liability matching risk | The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.  |
| Mortality risk                | Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.  |
| Concentration risk            | Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.   |

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at 31<sup>st</sup> March, 2026 by M/S K. A. Pandit Consultants & Actuaries. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

| <b>Contributions by employer</b>   | <b>-</b>                   | <b>0.82</b>               | <b>(0.82)</b>     |
| <b>Additions through business combination</b>                              | <b>31.80</b>               | <b>18.44</b>              | <b>13.36</b>      |
| <b>Closing balance as on 31<sup>st</sup> March, 2025 (Refer note 19)</b>   | <b>93.39</b>               | <b>21.75</b>              | <b>71.64</b>      |

The actual return on plan assets (including interest income) was ₹ 1.94 crore (Previous year ₹ 0.28 crore).

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

### The major categories of the fair value of the total plan assets are as follows:

| Particulars           | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
|-----------------------|------------------------------------|------------------------------------|
| Insurer managed funds | 100%                               | 100%                               |

In the absence of detailed information regarding plan assets which is funded with Insurance Companies, the composition of each major category of plan assets, the percentage or amount for each category to the fair value of plan assets has not been disclosed.

### The principal assumptions used in determining gratuity for the Group's plans are shown below:

| Particulars                      | As at 31 <sup>st</sup> March, 2026             | As at 31 <sup>st</sup> March, 2025             |
|----------------------------------|--|--|
| Discount rate                    | 7.14%-7.90%                                    | 6.65%-7.01%                                    |
| Future salary increases          | 7.00%-10.00%                                   | 4.00%-10.00%                                   |
| Rate of employee turnover        | 2.00%-11.00%                                   | 1.00%- 15.00%                                  |
| Mortality rate during employment | Indian Assured Lives Mortality 2012-14 (Urban) | Indian Assured Lives Mortality 2012-14 (Urban) |

### Sensitivity analysis:

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and employee turnover. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

### The sensitivity of the defined benefit obligation to changes in the weighted key assumptions are:

| ₹ crore   |   |   |
|---|---|---|
| Particulars   | For the year ended 31 <sup>st</sup> March, 2026 | For the year ended 31 <sup>st</sup> March, 2025 |
| Delta Effect of +1% Change in Rate of Discounting       | (6.72)  | (29.38)   |
| Delta Effect of -1% Change in Rate of Discounting       | 7.45  | 37.68   |
| Delta Effect of +1% Change in Rate of Salary Increase   | 7.32  | 30.69   |
| Delta Effect of -1% Change in Rate of Salary Increase   | (6.73)  | (35.83)   |
| Delta Effect of +1% Change in Rate of Employee Turnover | (0.62)  | (29.78)   |
| Delta Effect of -1% Change in Rate of Employee Turnover | 0.66  | 29.73   |

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that change in assumptions would occur in isolation of the another as some of the assumptions may be co-related.

### The following are the maturity analysis of projected benefit obligations:

| ₹ crore  |                                    |                                    |
|--|------------------------------------|------------------------------------|
| Particulars  | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
| <b>Projected benefits payable in future years</b>        |                                    |                                    |
| Within the next 12 months (next annual reporting period) | 26.59                              | 10.87                              |
| From 2 to 5 years  | 61.59                              | 27.25                              |

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

Each year an asset-liability-matching study is performed in which the consequences of the strategic investment policies are analysed in terms of risk and return profiles.

The Group expects to contribute ₹ 23.34 crore (previous year ₹ 22.79 crore) to its gratuity plan for the next year. The weighted average duration of the plan is 7 years (previous year 9 years).

## B) Compensated absences:

The Group has a policy on compensated absences with provisions on accumulation and encashment of privilege leave by the employees during employment or on separation from the group due to death, retirement or resignation. The expected cost of contingency leave is determined by actuarial valuation performed by an independent actuary at the balance sheet date using projected unit credit method.

## C) Long service award

The Group has a policy to recognise the long service rendered by employees and celebrate their long association with the Group. This scheme is called- Long Association of Motivation, Harmony & Excitement ("LAMHE"). The award is paid at milestone service completion years of 10,15,20 and 25 years.

## D) Employee share based payment plan:

### JSWEL Employees Stock Ownership Plan – 2016 (ESOP 2016)

The Group has offered equity options under ESOP 2016 to the permanent employees of the Company and of its subsidiaries who have been working in India or outside India, including whole-time director, in the identified grades of L16 and above except any employee who is a promoter or belongs to the promoter group or a director who either by himself or through his relatives or through any body corporate, directly or indirectly, holds more than 10% of the outstanding equity shares of the Company and Independent directors, Nominee Directors and Non-Executive Directors.

The grant is determined after having regard to various factors and criteria specified in ESOP 2016. The exercise price is at a discount of 20% to the closing market price on the previous trading day of the grant date at the Exchange having highest trading volume or any other price as may be determined by the Compensation Committee but at least equal to the face value of the shares. The option shall not be transferable and can be exercised only by the employees of the Group.

Vesting of the options granted under the ESOP 2016 shall be at least one year from the date of Grant. 50% of the granted options would vest on the date following 3 years from the date of respective grant and the remaining 50% on the date following 4 years from the date of respective grant.

### JSWEL Employees Stock Ownership Plan – 2021 (ESOP 2021)

The Group has offered equity options under ESOP 2021 to the permanent employees, including whole-time director, of the Company and of its subsidiaries who have been working in India or outside India, in the grades of (i) L16 and above, and (ii) select employees in the grade L-11 to L-15 based on last 3 (three) years performance; and in each case, as may be determined based on the eligibility criteria, or any other employee as may be determined by the compensation committee from time to time, except any employee who is a promoter or belongs to the promoter group or a director who either by himself or through his relatives or through any body corporate, directly or indirectly, holds more than 10% of the outstanding equity shares of the Company and Independent directors, Nominee Directors and Non-Executive Directors.

The grant is determined after having regard to various factors and criteria specified in ESOP 2021. The exercise price is ₹10 or any other price as may be determined by the Compensation Committee. The option shall not be transferable and can be exercised only by the employees of the Group.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

Vesting of the options granted under the ESOP 2021 shall be at least one year from the date of Grant. 25% of the granted options would vest on the date following 1 year from the date of respective grant, 25% of the granted options would vest on the date following 2 years from the date of respective grant and the remaining 50% on the date following 3 years from the date of respective grant.

### JSWEL Employees Stock Ownership Plan – Samruddhi 2021 (ESOP Samruddhi 2021)

The Group has offered equity options under ESOP Samruddhi 2021 to the permanent employees, including whole-time director, of the Company and of its subsidiaries who have been working in India or outside India, in the grades of L-1 to L-15 (excluding employees granted options under ESOP 2021), except any employee who is a promoter or belongs to the promoter group or a director who either by himself or through his relatives or through any body corporate, directly or indirectly, holds more than 10% of the outstanding equity shares of the Company and Independent directors, Nominee Directors and Non-Executive Directors.

The grant is determined after having regard to various factors and criteria specified in ESOP Samruddhi 2021. The exercise price is ₹10 or any other price as may be determined by the Compensation Committee. The option shall not be transferable and can be exercised only by the employees of the Group.

Vesting of the options granted under the ESOP Samruddhi 2021 shall be at least one year from the date of Grant. 25% of the granted options would vest on the date following 2 years from the date of respective grant, 25% of the granted options would vest on the date following 3 years from the date of respective grant and the remaining 50% on the date following 4 years from the date of respective grant.

### The method of settlement for above grants and shares options outstanding are as below:

| Expected option Life   | The expected option life is assumed to be mid-way between the option vesting and expiry. Since the vesting period and contractual term of each tranche is different, the expected life for each tranche will be different. The Expected option life is calculated as (Year to Vesting + Contractual Option term) / 2. |                 |                 |                 |                 |                 |                  |                     |                 |                 |
| Expected volatility  | Volatility was calculated using standard deviation of daily change in stock price. The historical period considered for volatility match the expected life of the option.   |                 |                 |                 |                 |                 |                  |                     |                 |                 |
| How expected volatility was determined, including an explanation of the extent to which expected volatility was based on historical volatility; and Whether and how any other features of the option grant were incorporated into the measurement of fair value, such as a market condition. | The following factors have been considered:<br>(a) Share price (b) Exercise prices (c) Historical volatility (d) Expected option life (e) Dividend Yield  |                 |                 |                 |                 |                 |                  |                     |                 |                 |
| Model used   | Black-Scholes Method  |                 |                 |                 |                 |                 |                  |                     |                 |                 |

The expected life of the share options is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may not necessarily be the actual outcome.

## E] Code on Social Security, 2020:

The Government of India has notified the Code on Social Security, 2020 ("Social Security Code"); the Occupational Safety, Health and Working Conditions Code, 2020; the Industrial Relations Code, 2020 and the Code on Wages, 2019 (collectively, the "Labour Codes") on 21<sup>st</sup> November, 2025. The Ministry of Labour & Employment published draft Central Rules and FAQs to enable assessment of the financial impact due to Labour Codes. In accordance with Ind AS 19 – Employee benefits, changes to employee benefit plans arising from legislative amendments are treated as plan amendments, requiring immediate recognition of past service cost in the Consolidated Statement of Profit and Loss. This approach is consistent with the guidance issued by the Institute of Chartered Accountants of India. The implementation of the Labour Codes has resulted in an increase of ₹ 65.19 crores in the provision for defined benefit obligations, which has been recognized as an expense in the current reporting period and disclosed as an Exceptional Item in the consolidated financial results for year ended 31<sup>st</sup> March, 2026.

## ii) Fair Value Hierarchy:

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are

- recognised and measured at fair value and
- measured at amortised cost and for which fair values are disclosed in the financial statements.

To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into three levels prescribed under the accounting standard.

### Financial assets and liabilities measured at fair value

The carrying amount of investment in unquoted equity instrument which are not disclosed below is considered to be the same as its fair value.

## Valuation techniques and key inputs:

The above fair values were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable input including counter party credit risk.

## Sensitivity Analysis of Level 3 financial instruments measured at fair value:

| Particulars                     | Valuation technique | Significant unobservable inputs | Change | Sensitivity of the input to fair value  |
|---------------------------------|---------------------|---------------------------------|--------|---|
| Investment in preference shares | DCF method          | Discount rate                   | 0.50%  | 0.50% increase / decrease in the discount rate would decrease / increase the fair value by ₹ 0.21 crore / ₹ 0.22 crore (Previous year ₹ 0.26 crore / ₹ 0.27 crore). |

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## Reconciliation of Level 3 fair value measurement:

### i) Investment in preference shares

| Particulars  | For the year ended 31 <sup>st</sup> March, 2026 | For the year ended 31 <sup>st</sup> March, 2025 |
|--|---|---|
| Opening balance  | 2.96  | 3.09  |
| Redemption of preference shares                                      | (0.29)  | (0.52)  |
| Gain/ (loss) recognised in consolidated statement of profit and loss | 0.33  | 0.39  |
| Closing balance  | <b>3.00</b>                                     | <b>2.96</b>                                     |

There are no transfers between Level 1, Level 2 and Level 3 during the year.

### (b) Risk Management Strategies

#### Financial risk management objectives

The Group's corporate treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations of the Group. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Group seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures, wherever required. The use of financial derivatives is governed by the group's policies approved by the board of directors, which provide written principles on foreign exchange and commodity price risk management, the use of financial derivatives and non-derivative financial instruments, and the investment of excess liquidity. Compliance with policies and exposure limits is reviewed by the internal auditors on a continuous basis. The Group does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

#### I. Foreign currency risk management

The Group undertakes transactions denominated in foreign currencies, consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are managed within approved policy parameters utilizing forward foreign exchange contracts and currency options as suitable.

The carrying amounts of the Group's financial assets and liabilities denominated in different currencies are as follows:

| As at 31 <sup>st</sup> March, 2026 | USD              |
|------------------------------------|------------------|
| <b>Financial assets</b>            |                  |
| Cash and bank balances             | 195.20           |
| Cross currency swap                | 688.64           |
| Foreign currency forward contracts | 19.85            |
| Foreign currency options           | 1,061.66         |
|                                    | <b>1,965.35</b>  |
| <b>Financial liabilities</b>       |                  |
| Borrowings                         | 11,750.05        |
| Trade payables                     | 35.98            |
| Acceptances                        | 87.86            |
| Interest accrued                   | 251.50           |
|                                    | <b>12,125.39</b> |

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

|  | ₹ crore         |
|--|-----------------|
| <b>As at 31<sup>st</sup> March, 2025</b> | <b>USD</b>      |
| <b>Financial assets</b>                  |                 |
| Cash and bank balances                   | 0.08            |
| Cross currency swap                      | 1.36            |
| Foreign currency forward contracts       | 4.48            |
| Foreign currency options                 | 819.45          |
|  | <b>825.37</b>   |
| <b>Financial liabilities</b>             |                 |
| Borrowings                               | 4,462.32        |
| Trade payables                           | 229.91          |
| Acceptances                              | 79.82           |
| Foreign currency forward contracts       | 8.18            |
| Interest accrued                         | 45.62           |
| Payable for capital supplies/services    | 2.12            |
| <b>Total</b>                             | <b>4,827.97</b> |

The Group uses foreign currency forward and options contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and foreign currency required at the settlement date of certain payables. The use of foreign currency forward and options contracts is governed by the Group's strategy approved by the board of directors, which provide principles on the use of such forward contracts consistent with the Group's risk management policy.

### Movement in Cash flow hedge:

## Foreign currency risk sensitivity

The following table details the Group's sensitivity to a 5% appreciation and depreciation in the INR against the relevant foreign currencies net of hedge accounting impact. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year-end for a 5% change in foreign currency rates, with all other variables held constant. A positive number below indicates an increase in profit or equity where INR strengthens 5% against the relevant currency. For a 5% weakening of INR against the relevant currency, there would be a comparable impact on profit or equity, and the balances below would be negative.

### Impact on profit / (loss) before tax for the year for a 5% change:

| Particulars | ₹ crore   |                 |   |                 |
|-------------|---|-----------------|---|-----------------|
|             | For the year ended 31 <sup>st</sup> March, 2026 |                 | For the year ended 31 <sup>st</sup> March, 2025 |                 |
|             | 5% appreciation                                 | 5% depreciation | 5% appreciation                                 | 5% depreciation |
| USD / INR   | 1.66  | (1.66)          | 1.23  | (1.23)          |

## II. Interest rate risk management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations with floating interest rates. The risk is managed by the Group by maintaining an appropriate mix between fixed and floating rate borrowings and through re-financing of the various term debts at regular intervals to optimise on interest cost.

The Group to manage the interest rate risk arising from its fixed-rate borrowings, has entered into interest rate swap (IRS) contracts to convert fixed interest obligations into floating rates. The use of interest rate swap contracts is governed by the Group's strategy approved by the board of directors, which provide principles on the use of such contracts consistent with the Group's interest risk management policy.

### a). Fair value hedge

As at 31<sup>st</sup> March, 2026, the Group has outstanding IRS contracts with a notional principal amount of ₹400 crore (Previous year: Nil) against its fixed rate unsecured non-convertible debentures (NCDs) carrying interest at 8.80% per annum. Interest Rate Swap (IRS) contracts converts fixed interest obligations into floating rate liabilities linked to the 3 month treasury bill benchmarks.

In accordance with the requirements of Ind AS 109 – Financial Instruments, the above derivative instruments are designated as fair value hedges. Consequently, as of 31<sup>st</sup> March, 2026, the changes in the fair value of the hedging instruments are recognised in the Statement of Profit and Loss

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

as finance cost and the fair value of the outstanding IRS contracts is recognised under Other Financial Liabilities and the corresponding hedge adjustment is included in the carrying amount of borrowings. (Refer note 17).

### b). The interest rate swaps contracts entered into by the Group and outstanding are as under:

| Particulars  | ₹ crore                            |                                    |
|--|------------------------------------|------------------------------------|
|  | As at 31 <sup>st</sup> March, 2025 | As at 31 <sup>st</sup> March, 2025 |
| No. of contracts                                     | 2                                  | -                                  |
| Type of contracts                                    | Interest rate swap                 | -                                  |

\* Refer Note 18: Other financial liabilities (derivative instruments), # Refer Note 17: Borrowings, ^ Refer Note 25: Finance costs

The Group's exposures to interest rates on financial assets and financial liabilities are detailed in the liquidity risk management section of this note.

### Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

The following table provides a break-up of the Group's fixed and floating rate borrowings:

| As at 31 <sup>st</sup> March, 2026 | ₹ crore          |                              |                  |
|------------------------------------|------------------|------------------------------|------------------|
|                                    | Net Balance      | Unamortised transaction cost | Gross Balance    |
| Fixed rate borrowings              | 19,238.43        | 45.14                        | 19,283.56        |
| Floating rate borrowings           | 56,607.71        | 716.86                       | 57,324.58        |
| <b>Total borrowings</b>            | <b>75,846.14</b> | <b>762.00</b>                | <b>76,608.14</b> |

| As at 31 <sup>st</sup> March, 2025 | ₹ crore          |                              |                  |
|------------------------------------|------------------|------------------------------|------------------|
|                                    | Net Balance      | Unamortised transaction cost | Gross Balance    |
| Fixed rate borrowings              | 9,732.14         | 111.71                       | 9,843.85         |
| Floating rate borrowings           | 39,889.16        | 502.72                       | 40,391.88        |
| <b>Total borrowings</b>            | <b>49,621.30</b> | <b>614.43</b>                | <b>50,235.73</b> |

If interest rates had been 50 basis points higher / lower and all other variables were held constant, the Group's profit before tax for the year ended 31<sup>st</sup> March, 2026 would decrease / increase by ₹ 286.62 crore (Previous year: decrease/increase by ₹ 201.96 crore). This is mainly attributable to the Group's exposure to interest rates on its unhedged floating rate borrowings.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

### III. Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. The Group has adopted a policy of only dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Group's exposure and the credit ratings of its counterparties are continuously monitored.

JSW Steel Limited, a related party, and state electricity distribution companies (Government companies) are the major customers of the Group and accordingly, credit risk is minimal.

Revenue from operations includes revenue aggregating to ₹ 1,956.70 crore (Previous year ₹ 1,238.79 crore) from one (Previous year: one) customer having more than 10% of total revenue from operations of the Group.

#### Loans and investment in debt securities:

The Group's centralised treasury function manages the financial risks relating to the business. The treasury function focuses on capital protection, liquidity and yield maximisation. Investments of surplus funds are made only in approved counterparties within credit limits assigned for each of the counterparty. Counterparty credit limits are reviewed and approved by the Finance Committee of the Group. The limits are set to minimise the concentration of risks and therefore mitigate the financial loss through counterparty's potential failure to make payments.

#### Cash and cash equivalents, derivatives and financial guarantees:

Credit risks from balances with banks and financial institutions are managed in accordance with the Group policy. For derivative and financial instruments, the Group attempts to limit the credit risk by only dealing with reputable banks and financial institutions having high credit-ratings assigned by credit-rating agencies.

In addition, the Group is exposed to credit risk in relation to financial guarantees given to banks. The Group's maximum exposure in this respect is the maximum amount the Group could have to pay if the guarantee is called on. (Refer note 33).

### IV. Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Group's short-term, medium-term, long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial liabilities.

The table below provides details regarding the remaining contractual maturities of financial liabilities as on reporting date.

| ₹ crore                            |           |           |           |           |

The Group has hypothecated part of its trade receivables, unbilled revenue, loans, short term investments and cash and cash equivalents in order to fulfill certain collateral requirements for the banking facilities extended to the Group. There is obligation to release the hypothecation on these securities to the Group once these banking facilities are surrendered. (Refer note 17)

The amount of guarantees given on behalf of other parties included in note 33 represents the maximum amount the Group could be forced to settle for the full guaranteed amount. Based on the expectation at the end of the reporting period, the Group considers that it is more likely than not that such an amount will not be payable under the arrangement.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## V. Price Risk

The Group's exposure to equity price risk arises from quoted investments held by the Group and classified in the balance sheet at FVTOCI.

The table below summarizes the impact of increases / decreases in market price of the Group's quoted equity investments for the corresponding period. The analysis is based on the assumption that the equity instruments recognised through OCI will on an average increase or decrease by 15% (Previous year 15%) with all other variables held constant.

### Impact on other comprehensive income:

| Particulars  | ₹ crore   |   |
|--|---|---|
|  | For the year ended 31 <sup>st</sup> March, 2026 | For the year ended 31 <sup>st</sup> March, 2025 |
| Increase in quoted market price by 15% (Previous year 15%) | 1,179.27  | 1,116.97  |
| Decrease in quoted market price by 15% (Previous year 15%) | (1,179.27)                                      | (1,116.97)                                      |

## VI. Fuel price risk management

The Group is currently using for its coal based power plants, imported coal from countries like Indonesia, South Africa, Russia and Australia, among others. The interruption in the supply of coal due to regulatory changes, weather conditions in the sourcing country, strike by mine workers and closure of mines due to force majeure may impact the availability and / or cost of coal. However the Group does not have material fuel price exposure due to significant portion of capacity which is tied up on cost plus basis arrangement and job work arrangements.

The Group regularly broadens the sources (countries / vendor) and maintains optimum fuel mix and stock level. The Group further applies prudent hedging strategies to mitigate the risk of foreign exchange.

## Note No. 41 - Capital management

The Group being in a capital intensive industry, its objective is to maintain a strong credit rating, healthy capital ratios and establish a capital structure that would maximise the return to stakeholders through optimum mix of debt and equity.

The Group's capital requirement is mainly to fund its capacity expansion, repayment of principal and interest on its borrowings and strategic acquisitions. The principal source of funding of the Group has been, and is expected to continue to be, cash generated from its operations supplemented by funding from bank borrowings and the capital markets. The Group is not subject to any externally imposed capital requirements.

The Group regularly considers other financing and refinancing opportunities to diversify its debt profile, reduce interest cost, align the maturity profile of its debt commensurate with the life of the asset, and closely monitors its judicious allocation amongst competing capital expansion projects and strategic acquisitions, to capture market opportunities at minimum risk.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## Gearing ratio

The Group monitors its capital using gearing ratio, which is net debt divided by total equity, as given below:

| Particulars                                | ₹ crore                            |                                    |
|--|------------------------------------|------------------------------------|
|  | As at 31 <sup>st</sup> March, 2026 | As at 31 <sup>st</sup> March, 2025 |
| Debt <sup>1</sup>                          | 75,846.14                          | 49,621.30                          |
| Cash and bank balances <sup>2</sup>        | 8,046.93                           | 5,659.91                           |
| Net debt <sup>(1-2)</sup>                  | 67,799.21                          | 43,961.39                          |
| Total equity <sup>3</sup>                  | 30,751.51                          | 27,361.43                          |
| <b>Net debt to equity ratio (in times)</b> | <b>2.20</b>                        | <b>1.61</b>                        |

1) Includes long-term and short-term debt as described in note 17.

2) Includes cash and cash equivalents, balances in bank deposits (other than earmarked deposits), investments in debentures and investments in mutual fund as described in note 15A, note 15B and note 7B.

3) Includes equity share capital and other equity attributable to the owners of the parent as described in note 16A and note 16B.

## Note no. 42 - Operating segment

The Chief Operating Decision Makers ("CODM") determines the allocation of resources and assesses the performance at Renewable (Green) and Thermal (Grey) business segments of the Group.

### The Groups's reportable segments under Ind AS

**Thermal:** Comprises of generation of power from coal and other thermal sources (lignite, gas and oil) from plants owned and related ancillary services.

**Renewables:** Comprises of generation of power from renewable energy sources i.e. hydro, wind, solar and related ancillary services.

Revenue and expenses directly attributable to segments are reported under each reportable segment. Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment.

## Note no. 43- Business Combination

### 1) HETERO GROUP

JSW Neo Energy Limited, ("JSWNELE") a wholly owned subsidiary of the Company, has completed the acquisition of 3 special purpose vehicles ("3 SPVs") collectively holding a portfolio of 125 MW of wind generation capacity from Hetero Labs Limited and Hetero Drugs Limited ("Hetero Group") on 10<sup>th</sup> January, 2025. JSWNELE has acquired 100% voting interest in all the 3 SPVs. The captive users of Hetero Wind Power Limited are entitled for a put option to sell all the equity shares held by them, this put option has a fair value of ₹ 9.43 crore on the date of acquisition.

The said business acquisition is strategic in nature as it provides the group with 125 MW portfolio comprising of wind projects located in the states of Andhra Pradesh and Maharashtra and have long term power purchase agreements benefits

The Group has accounted for the above acquisitions in accordance with Ind AS 103- Business Combination, wherein purchase consideration has been allocated to the fair value of acquired assets and liabilities assumed. The resultant capital reserve of ₹ 1.67 crore was determined on a provisional basis as at 31<sup>st</sup> March, 2025. Subsequent measurement period adjustments led to a revision of the capital reserve to ₹ 1.65 crore as at 31<sup>st</sup> March, 2026.

Fair value of trade and other receivables acquired is ₹ 22.67 Crores. These amounts are fully collectible as per facts available on the date of acquisition

**The amounts recognised in respect of identifiable assets acquired and liabilities assumed are as set out in the table below:**

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

## Impact of acquisition on the consolidated financial statements:

Revenue of ₹ 133.35 crore (previous year ₹ 16.81 crore) and profit before tax of ₹ 125.07 crore (previous year ₹ 3.52 crore) attributable to the said business acquisition has been considered in the consolidated statement of profit and loss.

### 2) JSW Mahanadi Power Company Limited (formerly known as KSK Mahanadi Power Company Limited)

The Company has completed the acquisition of JSW Mahanadi Power Company Limited ("JSWMPCL") (formerly known as KSK Mahanadi Power Company Limited) on 06<sup>th</sup> March, 2025 pursuant to National Company Law Tribunal ("NCLT") approval order dated 13<sup>th</sup> February, 2025. Accordingly, the Company holds 74% equity shares of JSW Mahanadi Power Company Limited and the secured Financial Creditors ("FC") collectively hold the balance 26%, as per the terms of the Resolution Plan, wherein the FC have a put option and the Company has a call option for the 26% stake held by FC, exercisable from end of first year from acquisition date of JSWMPCL till end of 5 years. Subsequent to reporting date on 09<sup>th</sup> April, 2026, Company has exercised its right for call option to acquire balance 26% equity shareholding of JSWMPCL from Financial creditors (FC). (Refer note 18).

The acquisition of JSWMPCL is strategic acquisition enhancing JSWEL's baseload thermal power portfolio. The acquisition added 3,600 MW (6 X 600 MW) capacity thermal power plant (1800 MW operational and 1800 MW under construction) and will boast fuel supply agreements.

The Group has accounted for the above acquisitions in accordance with Ind AS 103- Business Combination, wherein purchase consideration has been allocated to the fair value of acquired assets and liabilities assumed. The resultant capital reserve of ₹ 15.08 crore was determined on a provisional basis as at 31<sup>st</sup> March, 2025. Subsequent measurement period adjustments led to a revision of the capital reserve to ₹ 34.64 crore as at 31<sup>st</sup> March, 2026.

Fair value of trade and other receivables acquired is ₹ 1,137.88 crores. These amounts are fully collectible as per facts available on the date of acquisition

The amounts recognised in respect of identifiable assets acquired and liabilities assumed are as set out in the table below:

|  | ₹ crore                             |

## Impact of acquisition on the consolidated financial statements:

Revenue of ₹ 6,071.31 crore (previous year ₹ 440.58 crore) and profit before tax of ₹ 1,478.7 crore (previous year ₹ 45.46 crore) attributable to the said business acquisition has been considered in the consolidated statement of profit and loss.

### 3) O2 Power

JSW Neo Energy Limited, ("JSWNEL") a wholly owned subsidiary of the Company has completed the acquisition of O2 Power Midco Holdings Pte. Limited and O2 Energy SG Pte. Limited and their subsidiaries (O2 Entities) having a consolidated operational and under construction / development renewable energy portfolio of 4.7 GW from O2 Power Pooling Pte. Limited, O2 Power SG Pte. Limited and certain individuals (Sellers) on 09<sup>th</sup> April, 2025. The entities have become subsidiaries of JSWNEL with effect from 09<sup>th</sup> April, 2025. The Company has acquired 100% voting interest in O2 Entities with a purchase consideration of ₹ 6,800 crore. The NCI users of O2 Power are entitled for a put option to sell all the equity shares held by them at termination/ completion of PPA, this put option has a fair value of ₹ 12.79 crore on 31<sup>st</sup> March, 2026.

The said renewable business acquisition is strategic in nature as it provides the group with benefit of a diversified portfolio in solar and wind power business

The Group has accounted for the above acquisitions in accordance with Ind AS 103- Business Combination, wherein purchase consideration has been allocated to the fair value of acquired assets and liabilities assumed which has resulted in a capital reserve of ₹ 76.53 crore.

The amounts recognised in respect of identifiable assets acquired and liabilities assumed are as set out in the table below:

|  | ₹ crore                               |

| <b>Satisfied by:</b>  |                                       |
| - Cash  | 6,800.48                              |
| <b>Total</b>  | <b>6,800.48</b>                       |
| Transaction costs of the acquisition recognised under legal and professional expenses | 8.33                                  |

#### Impact of acquisition on the consolidated financial statements:

Revenue of ₹ 1,671.40 crore and loss before tax of ₹ 265.36 crore attributable to the said business acquisition has been considered in the consolidated statement of profit and loss.

Had this business combination been effected at 1<sup>st</sup> April, 2025, the revenue of the Group would have been higher by ₹ 24.93 crore, and the loss before tax of the Group for the year would have been higher by ₹ 40.94 crore.

#### 4) Tidong Power Generation Limited

JSW Neo Energy Limited (JSWNEL), a wholly-owned subsidiary of the Company, has completed the acquisition of Tidong Power Generation Private Limited ("TPGPL") from Statkraft IH Holding AS having a 150 MW under construction hydro power project. TPGPL has become a subsidiary of JSWNEL and step-down subsidiary of the Company with effect from 29<sup>th</sup> January, 2026.

The said renewable business acquisition is strategic in nature as it provides the group with benefit of a portfolio in hydro power business

The Group has accounted for the above acquisitions in accordance with Ind AS 103- Business Combination, wherein purchase consideration has been allocated on a provisional basis pending final determination of fair value of acquired assets and liabilities which has resulted in a goodwill of ₹ 19.36 crore.

| <b>Total</b>  | <b>1,807.95</b>                         |
| Transaction costs of the acquisition recognised under legal and professional expenses | 1.39                                    |

#### Impact of acquisition on the consolidated financial statements:

Loss before tax of ₹ 2.16 crore attributable to the said business acquisition has been considered in the consolidated statement of profit and loss.

Had this business combination been effected at 1<sup>st</sup> April, 2025, the revenue of the Group would have been higher by ₹ 0.18 crore, and the loss before tax of the Group for the year would have been higher by ₹ 18.44 crore.

#### Note No. 44 - Asset acquisitions

##### 1. KSK Water Infrastructures Private Limited

KSK Water Infrastructure Private Limited ("KWIPL") owns and operates a dedicated water intake and transportation infrastructure that supplies raw water to the JMPCL. JSWEL had submitted a Settlement Plan for the settlement of debt of KWIPL which was approved by the Committee of Creditors ("CoC") and accordingly, the CoC had approved the withdrawal of the insolvency resolution process of KWIPL. The National Company Law Tribunal, Hyderabad ("NCLT") also allowed the withdrawal of the application for CIRP for KWIPL. JSWEL had implemented the Settlement Plan and as a part of the Settlement Plan, acquired majority shareholding of KWIPL on 04<sup>th</sup> August, 2025. Upon the settlement plan becoming effective, JSW Energy Limited acquired the 51% equity stake held by Prudent ARC for a consideration of INR 1. Post acquisition, the Company holds 51% equity interest in KWIPL directly and the remaining 49% indirectly through its subsidiary, JMPCL, thereby exercising control over KWIPL.

As part of the Settlement Plan, the Company has paid the settlement amount of ₹ 962 Crores to the Lenders of KWIPL. Post-acquisition, KWIPL has become a subsidiary of the Group. The accounting for the aforesaid transaction has been done as an asset acquisition.

# Notes

to the Consolidated Financial Statement for the year ended 31<sup>st</sup> March, 2026

|   | ₹ crores                      |
|---|-------------------------------|
| Identified assets / liabilities         | Allocated relative fair value |
| Property, plant and equipment           | 1,048.21                      |
| Borrowings                              | (80.00)                       |
| Other liabilities (net of other assets) | (6.21)                        |

## 2) Raigarh Champa Rail Infrastructure Private Limited

RCRIPL provides railway infrastructure services to JSW Mahanadi Power Company Limited ("JMPCL"), which operates a thermal power plant in Chhattisgarh. The Resolution Plan ("Plan") submitted by the Company for Raigarh Champa Rail Infrastructure Private Limited ("RCRIPL") was approved by the Committee of Creditors on 19<sup>th</sup> November, 2025 and has received approval of the Hon'ble National Company Law Tribunal, Hyderabad on 21<sup>st</sup> January, 2026. Pursuant to the NCLT Approval Order, the Resolution Plan has now been implemented and the acquisition of RCRIPL is complete. Accordingly, the Company holds 100% equity shares of RCRIPL and consequently, RCRIPL has become a wholly-owned subsidiary of the Company. Transaction is completed for a total Resolution Amount of ₹ 700.10 crores (including ₹ 60.10 crore paid by RCRIPL from its surplus funds). The aforesaid transaction has been accounted as an asset acquisition.

The acquisition of RCRIPL enables enhanced operational control and efficiency in the management of railway infrastructure services for the entire 3,600 MW capacity of the JMPCL plant, thereby improving reliability and reducing dependency-related risks associated with this critical input. With this acquisition, together with the earlier acquisition of KSK Water Infrastructures Private Limited, JMPCL has secured access to critical infrastructure resources required for its full 3,600 MW operating capacity.

\*Less than ₹ 50,000

## C) The remuneration to key managerial personnel during the year was as follows

| ₹ crore                    |  |  |  |
|----------------------------|--|--|--|
| Particulars                |  | For the year ended<br>31 <sup>st</sup> March, 2026 | For the year ended<br>31 <sup>st</sup> March, 2025 |
| 1 Short-term benefits *    |  | 24.60  | 27.85  |
| 2 Post-employment benefits |  | 1.10   | 1.35   |
| 3 Sitting fees             |  | 0.64   | 0.58   |
| 4 Commission to directors  |  | 4.38   | 1.67   |

\*Excluding amount for ESOPs exercised during the year ended 31<sup>st</sup> March, 2026 amounting to ₹ 6.68 crore (previous year ₹ 5.07 crore).

- The above figures does not include provisions for gratuity, group mediclaim, group personal accident and compensated absences as the same is determined at the company level and is not possible to determine for select individuals.
- The Company has accrued ₹ 5.03 crore (previous year ₹ 3.04 crore) in respect of employee stock options granted to Joint Managing Director & CEO, Director (Finance) and CFO by a related party, and to the Joint Managing Director & CEO, Director (Finance), Whole time director & COO and Company Secretary by the Company. The same has not been considered as managerial remuneration of the current year as defined under section 2 (78) of the Companies Act, 2013 as the options have not been exercised.

## Note no. 47A - Other statutory information

- i) The Group does not have any benami property, where any proceeding has been initiated or pending against the Group for holding any benami property.
- ii) The Group has not traded or invested in Crypto currency or Virtual Currency during the financial year.
- iii) The Group has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:
  - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (ultimate beneficiaries) or
  - (b) provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries.
- iv) The Group has not received any fund from any person(s) or entity(ies), including foreign entities (funding party) with the understanding (whether recorded in writing or otherwise) that the Group shall:
  - (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party (ultimate beneficiaries) or
  - (b) provide any guarantee, security or the like on behalf of the ultimate beneficiaries.
- v) The Group does not have any such transaction which is not recorded in the books of accounts that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey) or any other relevant provisions of the Income Tax Act, 1961.
- vi) The Group has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with the Companies (Restriction on number of Layers) Rules, 2017.
- vii) The Group is not declared wilful defaulter by banks or financial institutions or lender during the year.
- viii) The Group does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.
- ix) Monthly and quarterly returns or statements of current assets filed by the Group with banks or financial institutions are in agreement with the books of accounts.
- x) The Group has used the borrowings from banks and financial institutions for the specific purpose for which it was obtained.
- xi) The title deeds of all the immovable properties, (other than immovable properties where the Group is the lessee and the lease agreements are duly executed in favour of the Group) disclosed in the financial statements included in property, plant and equipment and capital work-in progress are held in the name of the Group as at the balance sheet date.
- xii) The Group does not have any transactions with companies which are struck off except the following:

| SN | Name of the struck off company  | Nature of transactions            | Balance outstanding (₹ crore)      |                                    | Relationship with the struck off company, if any, to be disclosed |

## Note no. 47B - Audit Trail

The Group has evaluated the compliance requirements prescribed under the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014, relating to the maintenance of an audit trail (edit log) feature in the accounting software used for maintaining books of account.

In respect of the 68 subsidiary companies of the O2 Group acquired during the year ended March 31, 2026, the databases supporting the accounting software were hosted and managed by third-party service providers. Accordingly, independent auditor's System and Organization Controls (SOC) reports specifically addressing the audit trail requirements were not available for review for the relevant period.

With effect from 01<sup>st</sup> January, 2026, of the above 57 subsidiaries companies were migrated to an accounting system equipped with an audit trail (edit log) facility in compliance with the aforesaid Rules. The audit trail functionality remained enabled and operational from the date of migration through the balance period of the financial year for all relevant transactions recorded in the system.

The Group is in the process of migrating the remaining 11 subsidiary companies to an accounting system having an audit trail facility compliant with the aforesaid Rules.

## Note no. 48

Previous year figures have been regrouped / reclassified wherever necessary.
