Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013, Secretarial Standard - 2 on General Meetings and Regulation 36 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

Item No. 3 - Appointment of a Director in place of one retiring by rotation

Mr. Sharad Mahendra (DIN: 02100401) was appointed as a Director, liable to retire by rotation, with effect from 1st December 2023 by the Members, by a Resolution passed through Postal Ballot on 23rd February 2024. Accordingly, in terms of Section 152(6) of the Companies Act, 2013, Mr. Sharad Mahendra shall retire as a Director by rotation at the forthcoming 32nd Annual General Meeting and being eligible, has offered himself for re-appointment.

As per the terms of his appointment as a Whole-time Director, designated as the Joint Managing Director & CEO, his re-appointment as a Director retiring by rotation at the forthcoming 32nd Annual General Meeting would not constitute break in his term as a Whole-time Director.

Mr. Sharad Mahendra has completed his B. Tech in Mechanical Engineering from NIT, Allahabad, and brings with him 36 years of rich experience in organizational strategy, driving business growth, execution, sales and marketing, and people development across steel, power, chemicals as well as automobile sectors. He has been working with the JSW Group since the last 16 years.

As required under Clause 1.2.5 of Secretarial Standard-2, other requisite information is annexed to, and forms a part of the Notice.

Your Directors recommend the Resolution at Item No. 3 for approval by the Members by way of an Ordinary Resolution.

Except Mr. Sharad Mahendra and his relatives, to the extent of their shareholding interest in the Company, if any, none of the Directors, Key Managerial Personnel of the Company and their relatives are in anyway concerned or interested, financially or otherwise, in the Resolution set out at Item No. 3 of the Notice.

Item No.4 - Remuneration payable to the Cost Auditor

As per Notification dated 31st December 2014 issued by the Ministry of Corporate Affairs, the Companies (Cost Records and Audit) Rules, 2014, provisions relating to the auditing of cost accounting records are applicable to the Company.

Accordingly, on the recommendation of the Audit Committee, the Board of Directors, at its meeting held on 11th May 2026, approved the appointment of ABK and Associates, Cost Accountants, (Firm Registration Number: 000036) for the conduct of the audit of the cost accounting records of the Company for the financial year ending on 31st March 2027, at a remuneration of ₹ 1,65,000 (Rupees One Lakh Sixty Five Thousand Only) plus applicable taxes and reimbursement of out of pocket expenses at actuals, subject to ratification of the remuneration by the Members pursuant to the provisions of Section 148(3) of the Companies Act, 2013 ("the Act") read with the Companies (Audit and Auditor) Rules, 2014 and the Companies (Cost Records and Audit) Rules, 2014.

ABK & Associates, established in 1989, operates through a broad network of partners, directors, and associate consultants across India. Combining over 46 years of senior experience with dynamic younger partners, the firm offers integrated services in cost records and audits, cost management consultancy, etc. headquartered in Mumbai, it also has branch offices in Indore, Delhi and Vadodara. Their other major clients, including from the same industry, are ITC Ltd, IPCA Laboratories Limited, ONGC Petro Additions Limited, Mahanagar Gas Limited, NTPC Green Energy Limited, NTPC Renewable Energy Limited, NTPC SAIL Power Company Limited, Camlin Fine Sciences Ltd, Transrail Lighting Limited, etc.

ABK and Associates has, as required under Section 141 of the Act, consented to act as the Cost Auditor of the Company for the financial year 2026-27 and confirmed its eligibility to conduct the audit of the cost accounting records of the Company.

The proposed remuneration is commensurate with the expected volume of work as the Company has a single line of business.

Your Directors recommend the Resolution at Item No. 4 for ratification by the Members by way of an Ordinary Resolution.

None of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 4 of the Notice.

Item No. 5 - Re-appointment of Mr. Rajiv Chaudhri as an Independent Director

The Members of the Company, by a Special Resolution passed through Postal Ballot on 31st August 2023, approved the appointment of Mr. Rajiv Chaudhri (DIN: 10134162) as an Independent Director of the Company for a period of 3 consecutive years from 14th July 2023. Accordingly, his term as an Independent Director will be ending on 13th July 2026.

As per Section 149 of the Act, an Independent Director may hold office for two terms up to 5 (five) consecutive years each. The Compensation and Nomination & Remuneration Committee ("CNRC") of the Board of Directors at its meeting held on 5th May 2026, on the basis of his performance evaluation as summarised below, has recommended the re-appointment of Mr. Chaudhri as an Independent Director of the Company for a second term of 5 consecutive years with effect from 14th July 2026, not liable to retire by rotation.

Mr. Rajiv Chaudhri, aged 68 years, is the Founder and CEO of Sunsara Capital. His professional experience encompasses over 40 years in the investment management business in a variety of leadership capacities. Sunsara invests in the solar energy food chain, from components to utility scale projects. Prior to founding Sunsara, Mr. Chaudhri was the Founder and President of Digital Century Capital for 15 years, a research driven, long-short, high-tech hedge fund that managed a peak portfolio in excess of \$1 billion invested in both public and private technology companies. He was an early investor in companies like AOL, Yahoo, EBAY, Inktomi, SanDisk, Blackberry, VMC, PayPal and Google. During 1984-1997, Mr. Chaudhri was a leading securities analyst in high technology equity investment research at Goldman, Sachs & Co where he created the 'Goldman Sachs Tech Index' and spearheaded the Global Semiconductor Research team. He was a financial and strategic advisor to Motorola, Texas Instruments, Intel, SanDisk, AMD, Altera, Micron Technology, TSMC, NEC, Toshiba and other Asian high technology companies.

Mr. Chaudhri is a Master of Public Administration from Harvard University (1983), a Master of Business Administration from the Indian Institute of Management, Ahmedabad (1980) and a Bachelor of Arts in Economics from St. Stephens College, Delhi (1978). He served as Co-Vice-Chair of the Board of Directors of the World Policy Institute.

The Company has received a declaration from Mr. Chaudhri confirming that he meets the criteria for independence under Section 149(6) of the Companies Act, 2013 ("the Act") and the Rules made

thereunder and Regulation 16(1)(b) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"). The Company has received a Notice in writing from a Member under Section 160(1) of the Act proposing Mr. Chaudhri's candidature for the office of Director. Mr. Chaudhri has conveyed his consent to act as an Independent Director of the Company for a second term. The Company has also received other necessary disclosures and declarations from Mr. Chaudhri including the declaration that he is not debarred from holding the office of Director pursuant to any order passed by SEBI or any other authority. Mr. Chaudhri has also confirmed that he is in compliance with Rules 6(1) and 6(2) of the Companies (Appointment and Qualifications of Directors) Rules, 2014, with respect to the registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs. Mr. Chaudhri is a Non-Executive, Independent Director on the Board of JSW Neo Energy Limited and a member of the Project Review Committee of the Company.

Performance evaluation summary

Mr. Chaudhri has demonstrated a high level of commitment and independence in his role as an Independent Director. His contributions have been instrumental in guiding the Company on key strategic and governance matters. The performance evaluation reflected his active participation in the Board meetings, valuable insights, and adherence to the highest standards of integrity and corporate governance. In view of his consistent performance and the value that he adds, the Board considers his continued association to be in the best interest of the Company.

Basis the performance evaluation of Mr. Chaudhri and considering the contributions made by him during his tenure, his continuance as an Independent Director would be beneficial to the Company.

Mr. Chaudhri fulfils the identified core skills / expertise / competencies and the criteria laid down by the Board in the Company's Nomination Policy for appointment as a Director of the Company and as required in the context of the Company's business and the sector that it operates in.

The Board of Directors, at its meeting held on 11th May 2026, based on the recommendation of the CNRC, was of the opinion that given the knowledge, background, experience and significant contribution made by Mr. Chaudhri, it would be in the best interest of the Company to re-appoint Mr. Chaudhri as an Independent Director as his continued association would be beneficial to the Company in providing relevant skill-set

focus to the composition of the Board. In the opinion of the Board, Mr. Chaudhri fulfils the specified conditions for appointment as an Independent Director and is independent of the management.

In view of the same, the Board of Directors has recommended the re-appointment of Mr. Chaudhri as an Independent Director, not liable to retire by rotation, for a second term of 5 consecutive years from 14th July 2026 to 13th July 2031.

As per Sections 149 of the Act and the rules thereunder and as per Regulation 25(2A) of the Listing Regulations, a Director can be re-appointed with the approval of the Members by way of a Special Resolution. Accordingly, approval of the Members is being sought for the re-appointment of Mr. Chaudhri as an Independent Director of the Company for a second term of 5 consecutive years from 14th July 2026 to 13th July 2031.

A copy of the draft letter of appointment as an Independent Director stating the terms and conditions, is available for inspection by Members at the Registered Office of the Company between 11:00 a.m. and 1:00 p.m. on all working days of the Company from the date of circulation of the Notice until the date of the 32nd Annual General Meeting and the same is also available on the website of the Company at the link: <https://www.jswenergy.in/investors/policies/>.

As required under Regulation 36 of the Listing Regulations and Clause 1.2.5 of Secretarial Standard-2, other requisite information is annexed hereto and forms a part of the Notice.

Your Directors recommend the Resolution at Item No. 5 for approval by the Members by way of a Special Resolution.

Except Mr. Rajiv Chaudhri and his relatives to the extent of their shareholding interest, if any, in the Company, none of the other Directors, Key Managerial Personnel of the Company and their relatives are in anyway concerned or interested, financially or otherwise, in the Resolution set out at Item No. 5 of the Notice.

Items No. 6 to 17

The following statement sets out all the material facts relating to the Resolutions No. 6 to 17 to be passed as mentioned in the accompanying Notice:

As per Regulation 2(1)(zc) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), a related party transaction includes a transaction involving a transfer of resources, services or obligations between (i) a listed entity or any of its

subsidiaries on one hand and a related party of the listed entity or any of its subsidiaries on the other hand or (ii) a listed entity or any of its subsidiaries on one hand and any other person or entity on the other hand, the purpose and effect of which is to benefit any related party of the listed entity or any of its subsidiaries, regardless of whether a price is charged or not.

In terms of Regulation 23 of the Listing Regulations, material related party transactions require prior approval of the Members by way of Ordinary Resolution, even if such transactions are in the ordinary course of business of the Company and at an arm's length basis.

As per the Listing Regulations read with Schedule XII thereto, considering that the consolidated turnover of the Company for the financial year 2025-26 is ₹ 18,901.13 crores, a related party transaction is considered 'material' if the related party transaction(s) to be entered into individually or taken together with previous transactions during the financial year 2026-27 exceeds ₹ 1,890 crores, being 10% of the annual consolidated turnover of the Company.

Further, in terms of Regulation 23(4) of the Listing Regulations, all material related party transactions and subsequent material modifications shall require prior approval of the Members of the listed entity by way of an Ordinary Resolution, and no related party shall vote to approve such resolution, irrespective of whether the entity is a party to the particular transaction or not.

The Company and its subsidiaries have a well-defined governance process for the related party transactions undertaken by them. These transactions are independently reviewed by a reputed, independent accounting firm for arm's length consideration and compared with the benchmarks available for similar type of transactions and this analysis is presented to the Audit Committee.

Members may note that the Company's business operations are integrated and are carried out either directly or through its subsidiaries, joint ventures and associates, operating across diverse sectors such as power generation, energy storage systems, power trading, manufacturing, etc. In the ordinary course of business, various transactions are undertaken between the Company and such related parties or between such related parties in order to ensure operational efficiency, optimal resource utilisation, timely execution of commitments, value creation, and smooth conduct of business activities.

In view of the scale, nature and interdependent functioning of the Company and its group entities, it is essential to continue entering into transactions

such as purchase / sale of goods or services, job work, availing or rendering of services, leasing arrangements, sharing of resources, reimbursement of expenses, intercorporate financial support arrangements and other operational transactions, which are necessary for efficient business conduct and for strengthening the Company's growth trajectory.

In view of the above, related party transactions of the Company and related party transactions of its subsidiaries, though in the ordinary course of the business and at an arm's length, are expected to exceed the aforesaid threshold of ₹ 1,890 crores, being 10% of the audited annual consolidated turnover of ₹ 18,901.13 crores, for the financial year 2025-26 and hence are being placed for the approval of the Members of the Company as Ordinary Resolutions at Items No. 6 to 17.

The value of transactions (for which the approval is being sought) for the period commencing from 1st April 2026 till the date of this Notice has not exceeded the existing limits approved by Members / the materiality threshold and is not likely to exceed the existing limits approved by Members / the materiality threshold till the approval of these transactions by Members at this AGM.

Further, all related party transactions of the Company are undertaken after obtaining prior approval of the Audit Committee. The Audit Committee of the Company currently comprises only Independent Directors. All related party transactions as set out in this Notice have been unanimously approved by the Audit Committee after satisfying itself that the related party transactions are at arm's length and in the ordinary course of business. The Audit Committee of the Company reviews on a quarterly basis, the details of all related party transactions entered into during the previous quarter, pursuant to its approvals.

The related party transactions between the subsidiaries and their related parties as set out in this Notice are also approved by the Audit Committee (consisting of majority of Independent Directors) / Board of Directors, as the case may be, of the respective subsidiaries.

The Audit Committee reviewed the relevant details of the proposed material related party transactions as required under the Listing Regulations, including the material terms and the basis of pricing, the ordinary course of business and arm's length requirements and granted approval for the related party transactions to be entered into by the Company and/or its subsidiaries as mentioned in Items No. 6 to 17 of the Notice. The Board of Directors, at its meeting held on 11th May 2026, considered the recommendation of the

Audit Committee and reviewed all the relevant details of the related party transactions and recommended the same to the Members for their approval.

In view of the above, the necessary details are mentioned for each of the related party transactions under the below Explanatory Statement for Items No. 6 to 17.

With respect to related party transactions mentioned at Items No. 12 to 17, Members may note that JSW Neo Energy Limited ("JSWNEEL") is a wholly owned subsidiary of the Company and the designated renewable energy platform of the JSW Energy group, housing the Company's renewable energy Special Purpose Vehicles (SPVs) engaged in solar, wind, hybrid, battery energy storage, pumped storage hydro and green hydrogen projects. JSWNEEL also procures modules, turbines and sells to its subsidiaries.

In order to facilitate the implementation, operation and financing of the various projects being undertaken by its SPVs, JSWNEEL is required to provide financial assistance (in the form of equity shares / preference shares / debentures / loans / perpetual securities / pledge / corporate guarantees / undertakings, charge interest / guarantee commission thereon), supply / procure goods and services, enter into lease arrangements and carry out inter-company reimbursement of expenses with each such subsidiary.

Justification that the proposed related party transactions are in the interest of the Company:

The Company is one of India's leading private sector Independent Power Producers ("IPPs") and a part of the USD 23 billion JSW Group, with a locked-in generation capacity of approximately 30 GW (comprising thermal, hydro, wind, solar and hybrid assets) and 40 GWh of energy storage targeted by FY 2030. The Company is committed to support India's transition to clean energy and achieve Net-Zero by 2050 through a balanced portfolio of renewable, thermal, pumped hydro storage, battery storage, green hydrogen and wind turbine manufacturing businesses.

The Company operates through 200+ direct and step-down subsidiaries, joint ventures, associates and several project-specific SPVs formed to house individual renewable, thermal, pumped storage, commercial & industrial and hybrid projects. This extensive group structure, spread across 14 states in India and international geographies, necessarily involves significant movement of power, fuel, materials, services and capital amongst the Company and its subsidiaries / associates / joint ventures, giving rise

to multiple related party transactions which generate sustained revenues and operational synergies for the Company.

In line with regulatory requirements (including PPA tie-ups with SECI, NTPC, state DISCOMs and Commercial & Industrial customers) and lender requirements for ring-fenced project financing, each new renewable / thermal / pumped storage project is typically housed in a dedicated SPV. The Company, being the parent / sponsor, is required to provide seed equity, quasi-equity, perpetual securities, inter-corporate deposits, corporate guarantees, comfort letters, pledge of shares and other credit support instruments to enable these SPVs to achieve financial closure, execute projects and commence commercial operations. Such financial support, in turn, enables the Company to scale its locked-in portfolio from ~13.4 GW to 30 GW by FY 2030 and secures long-term cash flows for the Company.

Given the capital-intensive nature of the power sector and the varying cash generation profile of thermal (steady baseload), hydro (seasonal), wind (seasonal) and solar (daytime) assets, the Company ensures an optimal mix of equity investments, perpetual / quasi-equity instruments, loans, inter-corporate deposits and guarantees across its subsidiaries to maintain financial stability, meet capex commitments, service debt and optimise working capital. Cash surpluses in operating entities are leveraged to support capital expenditure, working capital and operational needs of growth-stage entities within the group, while interest / guarantee commission receipts ensure arm's length compensation to the providing entity.

The Company and its subsidiaries operate across the entire power value chain – generation (thermal, hydro, wind, solar, hybrid), transmission, trading, mining, equipment manufacturing, and energy products & services. This integrated set-up naturally gives rise to inter-company transactions such as sale and purchase of power, coal, fuel, renewable energy, green attributes, steel, fly ash, nitrogen, water, scrap, consumables, spares and equipment, along with sharing of common infrastructure and services.

The Company being the flagship listed entity, provides / avails shared services including management, advisory, consultancy, technical, operational, treasury, legal, IT, HR and other functional support services to / from its subsidiaries and fellow group companies. Common costs are allocated and reimbursed on a cost-to-cost basis without any mark-up, thereby avoiding duplication of resources and generating meaningful cost efficiencies at the group level.

Under its long-term PPAs, project finance documents, consortium / investor arrangements and obligations to lenders, rating agencies and counterparties, the Company is required to continue providing operational, financial and credit support to its group companies by way of sponsor support undertakings, equity infusion commitments, guarantees, comfort letters and pledge of shares, supply of power / materials / services. These commitments assure sustained revenues and operational linkages for the Company and are in the interest of the Company as well as its subsidiaries.

Majority of the proposed related party transactions are with subsidiaries and step-down subsidiaries of the Company whose financial statements get consolidated at the group level. These subsidiaries function as generation SPVs, trading arms, transmission entities or strategic support entities, and help further the Company's business footprint, grid presence and customer reach across India.

All the proposed transactions are on arm's length basis and in the ordinary course of business, backed by appropriate benchmarking, tariff orders (where applicable), and commercial / market parameters. The Audit Committee has reviewed and approved the proposed related party transactions after considering the rationale, commercial justification and the details as per Regulation 23(4) of the Listing Regulations read with the SEBI Master Circular bearing reference no. SEBI/HO/49/14/14(7)2025-CFD-POD2/II/3762/2026 dated 30th January 2026 ("SEBI Master Circular"). Details as required under the Industry Standards on "Minimum information to be provided to the Audit Committee and Shareholders for approval of Related Party Transactions" ("RPT Industry Standards") for Items No. 6 to 17 of this Notice are given in Annexure II and form a part of the Notice. The values of related party transactions specified in the Annexure exclude duties and taxes. The Audit Committee has also reviewed the certificate provided by the Joint Managing Director & CEO and Chief Financial Officer of the Company, as required under the RPT Industry Standards for the proposed material related party transactions.

The nature of transactions proposed are similar to those considered in the previous financial year. None of the related party transactions have any conflict of interest viz-a-viz Promoters / Key Managerial personnel / Directors as they are not party to or beneficiaries of the related party transactions.

Accordingly, Resolutions No. 6 to 17 are placed for the approval of the Members of the Company.

Item No. 6 - Material Related Party Transactions between the Company and JSW Mahanadi Power Company Limited, a subsidiary of the Company

Background, details & justification of the transaction

The Board, at its meeting held on 27th December 2024, approved the acquisition of JSW Mahanadi Power Company Limited ("JMPCL"), formerly known as KSK Mahanadi Power Company Limited, through the Insolvency and Bankruptcy Code, 2016 process. The Company successfully implemented the Resolution Plan for JMPCL on 6th March 2025, pursuant to which the Company holds 74% equity stake of JMPCL and the balance 26% stake is held by the lenders. JMPCL, a subsidiary of the Company, has a 3,600 MW thermal power plant, utilising domestic coal and located in the state of Chhattisgarh. Presently, 1,800 MW (600 MW x 3 units) is operational and 95% of the power generation is tied-up under long and medium-term power purchase agreements. An additional 1,800 MW (600 MW x 3 units) is under-construction out of which one unit (600 MW) was ~40% completed prior to acquisition.

The plant has a fuel security for the operational capacity in terms of a long-term fuel supply agreements with coal available from nearby coal mines present in state of Chhattisgarh and Odisha. Furthermore, the plant has a firm arrangement for water, rail and transmission infrastructure for the entire 3,600 MW capacity.

The Company proposes to enter into certain transactions with JMPCL aggregating up to ₹ 2,675 crores, comprising loans, interest payable on loans, purchase and sale of materials, and reimbursement of expenses payable and/or receivable, the details of which are set out in Annexure II.

Rationale and Justification

The proposed transactions aggregating up to ₹2,675 crores with JMPCL during the financial year 2026-27 are intended to facilitate operational, financial and business efficiencies within the group and shall be undertaken in the ordinary course of business and on an arm's length basis. Pursuant to the takeover of management control of JMPCL by the Company, JMPCL's operational and financial performance has improved significantly.

The Company has taken significant steps to improve operational efficiencies at JMPCL including reducing coal consumption, lower auxiliary power consumption and efficient re-negotiation of operations and maintenance contracts which has led to JMPCL generating strong cash flows.

Accordingly, in the event JMPCL generates surplus funds during the financial year 2026-27, it may extend such surplus funds, in whole or in part, to the Company

in the form of short-term loans or inter-corporate deposits, enabling optimal utilization of available funds within the group and supporting the Company's working capital requirements and other general corporate purposes. Consequently, the Company may incur interest expenditure on such loans or inter-corporate deposits. Further, the Company and JMPCL may undertake transactions relating to the purchase and sale of consumables, spares, equipment and other materials in the normal course of business to achieve operational synergies and efficient resource utilization. The parties may also incur expenses on behalf of each other from time to time, necessitating reimbursement of such expenses on an actual cost basis. These transactions are expected to support the efficient conduct of business operations and enhance overall operational and financial effectiveness.

The proposed transactions between the Company and JMPCL are intended to facilitate seamless business operations for both entities by ensuring an uninterrupted and consistent supply of facilities and services of the requisite quality and quantity, while also supporting their respective business requirements.

Except as stated in Annexure II, none of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 6 of the Notice.

Your Directors recommend the Resolution at Item No. 6 for approval by the Members by way of an Ordinary Resolution.

Item No. 7 - Material Related Party Transactions between the Company and JSW Renewable Energy (Vijayanagar) Limited, a subsidiary of the Company

Background, details & justification of the transaction

JSW Renewable Energy (Vijayanagar) Limited ("JSWREVL"), a step-down subsidiary of the Company, is primarily engaged in the business of generation of power from renewable sources.

JSWREVL has set up a 225 MW solar power project and is implementing 600 MW wind project and a 138 MW pumped storage project at Vijayanagar, 38 MW wind project at Salem and a green hydrogen manufacturing facility for supply of renewable power and green hydrogen to JSW Steel Limited, the captive user.

Approval for the omnibus related party transactions between the Company and JSWREVL for an amount upto ₹5,102 crores, which are likely to cross the materiality threshold in the financial year 2026-27, is being sought from the Members.

The proposed omnibus nature of transactions between the Company and JSWEUL are intended to facilitate seamless business operations for both entities by ensuring an uninterrupted and consistent supply of facilities and services of the requisite quality and quantity, while also supporting their respective business requirements.

The justification of the proposed material related party transactions is provided under the heading 'Justification that the proposed related party transactions are in the interest of the Company' above. The details of the proposed material related party transactions are disclosed in Annexure II, and form a part of the Notice.

Except as stated in the Annexure II, none of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 7 of the Notice.

Your Directors recommend the Resolution at Item No. 7 for approval by the Members by way of an Ordinary Resolution.

Item No. 8 - Material Related Party Transactions between the Company and JSW Energy (Utkal) Limited, a subsidiary of the Company

Background, details & justification of the transaction

JSW Energy (Utkal) Limited [formerly known as Ind-Barath Energy (Utkal) Limited] ("JSWEUL"), a subsidiary of the Company, is primarily engaged in the business of generation of power through a 700 MW (2x350 MW) thermal power plant located at Jharsuguda District, Odisha.

The proposed omnibus nature of transactions between the Company and JSWEUL for an amount of upto ₹4,486 crores, are intended to facilitate seamless business operations for both entities by ensuring an uninterrupted and consistent supply of facilities and services of the requisite quality and quantity, while also supporting their respective business requirements.

The justification of the proposed material related party transactions is provided under the heading 'Justification that the proposed related party transactions are in the interest of the Company' above. The details of the proposed material related party transactions are disclosed in Annexure II, and form a part of the Notice.

Except as stated in Annexure II, none of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 8 of the Notice.

Your Directors recommend the Resolution at Item No. 8 for approval by the Members by way of an Ordinary Resolution.

Item No. 9 - Material Related Party Transactions between the Company and JSW Steel Limited, a related party

Background, details & justification of the transaction

JSW Steel Limited ("JSWSL"), is a related party of the Company and a promoter group company. JSWSL is primarily engaged in the business of manufacturing and selling Iron and Steel products.

The Company, in the ordinary course of its business and on an arm's length basis, supplies power under sale or conversion basis / provides job work services, undertakes sale of various materials, provides operation and maintenance services, etc. to JSWSL. The Company also purchases fuel, steel and other materials, receives / avails services, etc. from JSWSL besides allocating the common corporate expenditure and reimbursement of expenses paid on each other's behalf.

The Company, in the ordinary course of its business, also provides Operations and Maintenance services (O & M services) for power plants owned by JSWSL.

Members, at the 28th Annual General Meeting held on 14th June 2022, had accorded approval for the Company to enter into the various transactions with JSWSL for an aggregate value of ₹10,000 crores over a period of 36 months starting from 1st April 2023 as a material related party transaction.

Power is being supplied on an ongoing basis by the Company to JSWSL under long-term Power Purchase Agreement(s) under Two-part tariff with post tax Return on Equity (ROE) as per the Central Electricity Regulatory Commission norms and coal is also procured under long-term Fuel Supply Agreement at actual price. In view of the job work arrangement, coal is supplied by JSWSL. Job Work service charges and O&M services provided are also under long-term agreements. O & M service charges are also determined as per the Central Electricity Regulatory Commission norms.

Accordingly, the value of transactions proposed to be undertaken during the financial year 2026-27, considering the additional power requirement for both renewables and thermal, price variation, inflation and for any other exigencies, etc., is expected to be for an amount not exceeding ₹ 3,662 crores.

The proposed omnibus nature of transactions between the Company and JSWSL are intended to facilitate seamless business operations for both entities by ensuring an uninterrupted and consistent supply

of facilities and services of the requisite quality and quantity, while also supporting their respective business requirements.

Approval for the omnibus related party transactions, which are likely to cross the materiality threshold in the financial year 2026-27, to be entered between the Company and JSWSL is being sought from the Members.

The justification of the proposed material related party transactions is provided under the heading 'Justification that the proposed related party transactions are in the interest of the Company' above. The details of the proposed material related party transactions are disclosed in Annexure II, and form a part of the Notice.

Except as stated in the Annexure II, none of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 9 of the Notice.

Your Directors recommend the Resolution at Item No. 9 for approval by the Members by way of an Ordinary Resolution.

Item No. 10- Material Related Party Transactions benefiting JSW Steel Limited or any of its subsidiaries /JVs

Background, details & justification of the transaction

As explained in Item No. 11, the Company will be acquiring the Demerged Business of GE Power India Limited along with the requisite Intellectual Property Licensing Agreement ("IPLA") from GE Vernova for the overall engineering of the boiler.

Presently, the Company is undertaking the engineering, manufacturing, supply and testing of two 800 MW ultra-critical boiler and its auxiliaries to be supplied to JSW Thermal Energy Limited ("JSWTEL") as explained in Item No. 11 and, accordingly, has engaged fabrication vendors for this process.

As a part of the boiler manufacturing and structural fabrication activities, the fabrication vendors engaged by the Company will have to procure structural steel / steel alloys / materials like steel plates, sections, and other structural materials in significant quantities.

To ensure consistency of technical specifications, quality, supply reliability, and procurement efficiency, these vendors may also source steel from JSW Steel Limited ("JSWSL") or any of its subsidiaries / JVs, apart from other suppliers.

Nature of the transaction:

The transaction involves the procurement of structural steel / steel alloys by the Company's identified third-party fabrication vendors from JSWSL or any of its

subsidiaries / JVs for the fabrication of boiler structures. The materials purchased will be used exclusively for the two 800 MW ultracritical boilers being supplied by the Company to JSWTEL.

The steel procurement requirement, is as follows as communicated by the vendors:

Steel Category	Quantity	Rate	Estimated Value
Structural Steel	Upto 61,000 MT	₹ 100/kg	₹ 610 crores
Alloy / Special Grade Steel	Upto 18,000 MT	₹ 300/kg	₹ 540 crores
Rebar	Upto 1,41,000 MT	₹ 57/kg	₹ 925 crores
Sheets		₹ 75/kg	

Total Estimated Transaction Value is ₹ 2,075 crores.

Neither the Company nor its subsidiaries will be a party to the supply contract to be entered between JSWSL and the vendors. The Company or its subsidiaries have no influence over the arrangements of the vendors with JSWSL or any other suppliers for the supply of structural steel / steel alloys.

The "purpose" of the contract by the Company with the third-party vendors is for fabrication activities as a part of manufacturing process of the boilers and related structural and civil works and not for the benefit of JSWSL or any of its subsidiaries / JVs. However, for such fabrication activities these vendors may also procure steel structures and material from JSWSL or other suppliers in their normal course of fabrication activities.

As stated above, the contracts for the supply of steel between JSWSL and the steel fabrication vendors of the Company will be independent contracts and not linked or conditional to the contract placed by the Company on these vendors for the fabrication activities.

Nevertheless, as a good governance practice and out of abundant caution, it is proposed to seek approval of the Members for the proposed contracts / arrangements that JSWSL or any of its subsidiaries / JVs and our identified vendors may enter into for the procurement of steel / steel alloys required for manufacturing / supply of boilers meant for JSWTEL.

The proposed transactions between the Company and the identified third-party vendors of the Company that could have the effect of benefiting JSWSL or any of its subsidiaries / JVs / companies forming part of the JSW Group, during the financial year 2026-27 for an aggregate amount not exceeding ₹ 2,075 crores which together with the transactions of ₹ 3,662 crores mentioned in Item No. 9 will be a material related party transaction.

Justification that the proposed related party transactions are in the interest of the Company:

The Company is undertaking the engineering, manufacturing, supply and testing of 2 x 800 MW ultra-critical boiler and its auxiliaries to be supplied to JSWTEL. As a part of the boiler manufacturing and structural fabrication activities, the fabrication vendors engaged by the Company will have to procure structural steel/ steel alloys materials like steel plates, sections, and other structural materials in significant quantities.

These third party fabrication vendors may procure structural steel / steel alloys from JSWEL which will be used in making components for structural steel/ steel alloys like steel plates, sections, and other structural materials. The said transaction is basis the assessment of the third party vendors and does not include any interference from JSWEL or its subsidiary.

That said, as a good governance practice and out of abundant caution, it is proposed to seek approval of the Members for the aforesaid transaction.

The details of the proposed material related party transactions are disclosed in Annexure II and form a part of the Notice.

Except as stated in Annexure II, none of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 10 of the Notice.

Your Directors recommend the Resolution at Item No. 10 for approval by the Members by way of an Ordinary Resolution.

Item No. 11 - Material Related Party Transactions between JSW Thermal Energy Two Limited, a wholly owned subsidiary of the Company, and Toshiba JSW Power Systems Private Limited, an associate of the Company

Background, details & justification of the transaction

In January 2025, the Company won the bid from West Bengal State Electricity Distribution Company Limited ("WBSEDCL") to set up a 2x800 MW Thermal Power Project in Salboni, West Bengal ("Salboni Phase-I Project"), which is being developed through its wholly owned subsidiary, JSW Thermal Energy Limited ("JSWTEL").

Subsequently, in December 2025, the Company won the second bid to set up another 2x800 MW Thermal Power Project in West Bengal ("Salboni Phase-II

Project"). The Power Supply Agreement ("PSA") for this Phase-II of the project at Salboni, was entered into in January 2026 between JSW Thermal Energy Two Limited ("JSWTE2L"), a wholly owned subsidiary of the Company, and WBSEDCL. As per the PSA, the units are required to be commissioned within 60 / 66 months from the Appointed Date, which is expected to be January 2027, post satisfaction of conditions precedent including environmental clearance, financial closure, etc. Further, based on the discussions with the State Government / WBSEDCL, additional requirement of 800 MW has emerged, which is expected to be put up for auction under a similar framework. The basic project infrastructure including land at the existing project location of Salboni is adequate to install an additional 800 MW capacity (total 5 units of 800 MW). Hence, it is proposed to have 3 Units of 800 MW as Salboni Phase-II project, considering the cost benefits in setting up all the 3 Units in single phase, as certain infrastructure would be common across all units. Accordingly, the total thermal capacity proposed to be set up at Salboni stands at 4,000 MW.

Boiler and Turbine-Generator ("BTG") are the major equipment for thermal power plants and have long delivery lead times, more so given the prevailing supply chain constraints. During the vendor discovery process for Salboni Phase-I, the major domestic Original Equipment Manufacturers (OEMs) of BTG in India have quoted significantly long delivery timelines, primarily on account of high demand and overbooked supply capacities, on account of which they were unable to meet the schedule requirements of the aforesaid Projects at Salboni. Foreign vendors are also constrained from supplying BTG equipment for the projects on account of the minimum domestic content requirements applicable to such major equipment.

To mitigate the supply chain risks for Phase-I, the Company on 18th September 2025 announced a strategic scheme of arrangement to acquire the business of manufacture and supply of power boilers components, pressure vessels, piping, and coal mills for thermal power plants undertaken at the Durgapur Facility ("Demerged Business"), as a going concern from GE Power India Limited (GEPIL) by way of Scheme of Arrangement between GEPIL ("Demerged Company") and the Company ("Resulting Company" or "the Company") and their respective shareholders under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 ("Scheme").

On successful implementation of the Scheme, the Company would be acquiring the Demerged Business of GEPIL along with the requisite Intellectual Property Licensing Agreement ("IPLA") from GE Vernova for the overall engineering of the boiler.

For sourcing the Turbine-Generator ("TG") Proper, the Company, through JSWTEL, has engaged with its joint venture entity, Toshiba JSW Power Systems Private Limited ("TJPS"), having a manufacturing facility of TJPS in Chennai for the supply of supercritical TG sets, in line with the strategic tie-up for sourcing TG sets.

In this regard, based on the approval and recommendation of the Audit Committee and the Board of Directors, the Members of the Company at the Extra-Ordinary General Meeting held on 3rd January 2026 have approved a related party transaction between JSWTEL and TJPS for availing engineering services and purchase of 2 units of 800 MW Turbine Generators for Salboni Phase-I Project, for an aggregate amount not exceeding ₹ 2,500 crores.

Members may note that the supply chain limitations for the major BTG players have further intensified, the manufacturing capacities of major BTG manufacturers in India have been already blocked considering they have emerged successful in tenders from government utilities for BTG supplies. As a result, their current supply schedules will not meet the PSA timelines for Salboni Phase-II Project (i.e., commissioning within 60 / 66 months from January 2027). Considering the absence of major TG set suppliers in India and abroad and given the readiness of TJPS to manufacture and supply additional 800 MW sets, it is in the best interest of JSWTE2L to enter into an arrangement with TJPS for supply of TG Proper for the 3x800 MW Salboni Phase-II Project. TJPS has confirmed its willingness and capability to supply these additional required TG sets for the three units of 800 MW each.

The scope of supply by TJPS to JSWTE2L would include:

- (i) Supply of 3 sets of 800 MW TG Proper for the Salboni Phase-II Project; and
- (ii) Technical Advisory services for erection and commissioning.

Placing this order on TJPS would support adherence to overall project timelines and would also provide similarity in design and interchangeability of spares with Phase-I, thereby resulting in a cost optimization throughout the project lifecycle.

The maximum cost considered in the earlier related party transactions approval for Phase-I, TG Proper supply was ₹ 2,500 crores (including GST) at prevailing

market rates. Accordingly, on a proportionate basis, the order value for the supply of 3 sets of 800 MW TG Proper for Phase-II is estimated not to exceed ₹ 3,750 crores (including GST).

TJPS is a related party of the Company within the meaning of Section 2(76) of the Companies Act, 2013 and Regulation 2(1)(zb) of the Listing Regulations, and as on date of this notice, the Company holds 4.64% equity shareholding in TJPS and has 2 nominee Directors on the Board of TJPS. The balance equity shareholding in TJPS is held by Toshiba Energy Systems and Solutions Corporation along with Toshiba Corporation ("Toshiba").

The value of the proposed transaction between JSWTE2L and TJPS exceeds the materiality threshold prescribed for the Company under the Listing Regulations. Accordingly, the said transaction qualifies as a material related party transaction requiring prior approval of the Members of the Company.

The rationale and justification for the proposed tie-up with TJPS for supply of TG Proper for Salboni Phase-II are as follows:

The proposed 3 Units of 800 MW (Phase-II) are to be installed at the same project location as the Salboni Phase-I Project, providing infrastructure and operational synergies.

In view of the current market scenario for 800 MW TG sets, where availability of alternate TG suppliers is constrained, and given that TJPS is already supplying TG Proper for Phase-I of Salboni and has the manufacturing capability to supply TG Proper for the 3 additional 800 MW sets, entering into the proposed arrangement with TJPS would help meet the TG supply schedule for Phase-II in line with the PSA timelines.

TJPS forms part of the Toshiba Group, a global turbine generator manufacturer with established technical expertise and manufacturing capabilities.

Adoption of the same TG design as utilized for Salboni Phase-I will result in cost optimization, ease of plant operations, and interchangeability and pooling of spares across units throughout the project lifecycle.

The details of the proposed material related party transactions are disclosed in Annexure II and form a part of the Notice.

Except as stated in Annexure II, none of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 11 of the Notice.

Your Directors recommend the Resolution at Item No. 11 for approval by the Members by way of an Ordinary Resolution.

Item No. 12 - Material Related Party Transactions between JSW Neo Energy Limited and JSW Renew Energy (Kar) Limited, subsidiaries of the Company

Background, details & justification of the transaction

JSW Renew Energy (Kar) Limited ("JSWREKL"), currently a wholly owned subsidiary of JSW Neo Energy Limited ("JSWNEL"), is primarily engaged in the business of generation of power from renewable sources.

JSWREKL is in the process of setting up a 200 MW Solar and a 400 MW Wind hybrid renewable energy project along with 80 MW / 320 MWh Battery Energy Storage System and a 19.8 MW floating solar power project, in the state of Karnataka for the supply of the power to JSW Steel Limited, the captive user, amongst the other proposed projects.

JSWREKL may cease to be a wholly owned subsidiary during the financial year 2026-27 considering that it is in the process of developing a captive power project for a third-party customer. Hence, the approval of the Members for the omnibus related party transactions, which are likely to cross the materiality threshold during the financial year 2026-27, to be entered between JSWNEL and JSWREKL for an amount of upto ₹7,467 crores, is being sought.

In order to facilitate the implementation of the various projects by JSWREKL, JSWNEL will be required to provide necessary support to JSWREKL.

The proposed omnibus nature of transactions between JSWNEL and JSWREKL are intended to facilitate seamless business operations for both entities by ensuring an uninterrupted and consistent supply of facilities and services of the requisite quality and quantity, while also supporting their respective business requirements.

The justification of the proposed material related party transactions is provided under the heading 'Justification that the proposed related party transactions are in the interest of the Company' above. The details of the proposed material related party transactions are disclosed in Annexure II, and form a part of the Notice.

Item No. 13 - Material Related Party Transactions between JSW Neo Energy Limited and JSW Renew Energy Three Limited, subsidiaries of the Company

Background, details & justification of the transaction

JSW Renew Energy Three Limited ("JSWRE3L"), currently a wholly owned subsidiary of JSW Neo Energy Limited ("JSWNEL"), is primarily engaged in the business of generation of power from renewable sources.

JSWRE3L is in the process of setting up a 200 MW Wind and a 150 MW Solar hybrid renewable energy projects in the state of Maharashtra for the supply of power to JSW Steel Limited, 300 MW SECI XII, 250 MW for Adani Electricity Mumbai Ltd., amongst the other proposed projects.

JSWRE3L may cease to be a wholly owned subsidiary during the financial year 2026-27 considering that it is in the process of developing a captive power project for third-party customers. Hence the approval of the Members for the omnibus related party transactions, which are likely to cross the materiality threshold in the financial year 2026-27, to be entered between JSWNEL and JSWRE3L for an amount of upto ₹ 6,420 crores, is being sought.

In order to facilitate the implementation of the various projects by JSWRE3L, JSWNEL will be required to provide necessary support to JSWRE3L.

The proposed omnibus nature of transactions between JSWNEL and JSWRE3L are intended to facilitate seamless business operations for both entities by ensuring an uninterrupted and consistent supply of facilities and services of the requisite quality and quantity, while also supporting their respective business requirements.

The justification of the proposed material related party transactions is provided under the heading 'Justification that the proposed related party transactions are in the interest of the Company' above. The details of the proposed material related party transactions are disclosed in Annexure II, and form a part of the Notice.

Except as stated in the Annexure II, none of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 13 of the Notice.

Your Directors recommend the Resolution at Item No. 13 for approval by the Members by way of an Ordinary Resolution.

Item No. 14 - Material Related Party Transactions between JSW Neo Energy Limited and JSW Renewable Energy (Vijayanagar) Limited, subsidiaries of the Company

Background, details & justification of the transaction

JSW Renewable Energy (Vijayanagar) Limited ("JSWREVL"), a subsidiary of JSW Neo Energy Limited ("JSWNEL") is primarily engaged in the business of generation of power from renewable sources.

JSWNEL, has entered into a 74:26 joint venture agreement with JSW Steel Limited, to form JSWREVL for setting up solar, wind, green hydrogen and pumped storage projects for JSW Group companies under the group captive scheme. JSWREVL has set up a 225 MW solar power project and is implementing 600 MW wind project and a 138 MW pumped storage project at Vijayanagar, 38 MW wind project at Salem and a green hydrogen manufacturing facility for supply of renewable power and green hydrogen to JSW Steel Limited, the captive user.

In order to facilitate the implementation of the various projects by JSWREVL, JSWNEL will be required to provide necessary support to JSWREVL.

The proposed omnibus nature of transactions between JSWNEL and JSWREVL are intended to facilitate seamless business operations for both entities by ensuring an uninterrupted and consistent supply of facilities and services of the requisite quality and quantity, while also supporting their respective business requirements.

Approval for the omnibus related party transactions, which are likely to cross the materiality threshold in the financial year 2026-27, to be entered between JSWNEL and JSWREVL for an amount of upto ₹ 6,264 crores, is being sought from the Members.

The justification of the proposed material related party transactions is provided under the heading 'Justification that the proposed related party transactions are in the interest of the Company' above. The details of the proposed material related party transactions are disclosed in Annexure II, and form a part of the Notice.

Except as stated in Annexure II, none of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 14 of the Notice.

Your Directors recommend the Resolution at Item No. 14 for approval by the Members by way of an Ordinary Resolution.

Item No. 15 - Material Related Party Transactions between JSW Neo Energy Limited and JSW Renewable Energy Coated Two Limited, subsidiaries of the Company

Background, details & justification of the transaction

JSW Renewable Energy Coated Two Limited ("JSWREC2L"), a subsidiary of JSW Neo Energy Limited ("JSWNEL") is primarily engaged in the business of generation of power from renewable sources.

JSWREC2L will be setting up solar and wind hybrid projects aggregating to 210 MW for supply of power to JSW Steel Coated Products Limited ("JSW Steel Coated"), for its captive use. JSWREC2L's project is meant for the captive use of JSW Steel Coated.

In order to facilitate the implementation of the various projects by JSWREC2L, JSWNEL will be required to provide necessary support to JSWREC2L.

The proposed omnibus nature of transactions between JSWNEL and JSWREC2L are intended to facilitate seamless business operations for both entities by ensuring an uninterrupted and consistent supply of facilities and services of the requisite quality and quantity, while also supporting their respective business requirements.

Your Directors recommend the Resolution at Item No. 15 for approval by the Members by way of an Ordinary Resolution.

Item No. 16 - Material Related Party Transactions between JSW Neo Energy Limited and JSW Renew Energy Twelve Limited, subsidiaries of the Company

Background, details & justification of the transaction

JSW Renew Energy Twelve Limited ("JSWRE12L"), a subsidiary of JSWNEL, is primarily engaged in the business of generation of power from renewable sources.

JSWRE12L is in the process of setting up a 163 MW Wind renewable energy project for the supply of power to Indian Metals & Ferro Alloys Limited (IMFA), a captive user.

In order to facilitate the implementation of the various projects by JSWRE12L, JSWNEL will be required to provide the support to JSWRE12L.

The proposed omnibus nature of transactions between JSWNEL and JSWRE12L are intended to facilitate seamless business operations for both entities by ensuring an uninterrupted and consistent supply of facilities and services of the requisite quality and quantity, while also supporting their respective business requirements.

Approval for the omnibus related party transactions, which are likely to cross the materiality threshold in the financial year 2026-27, to be entered between JSWNEL and JSWRE12L for an amount of upto ₹ 2,201 crores, is being sought from the Members.

The justification of the proposed material related party transactions is provided under the heading 'Justification that the proposed related party transactions are in the interest of the Company' above. The details of the proposed material related party transactions are disclosed in Annexure II, and form a part of the Notice.

Except as stated in Annexure II, none of the Directors or Key Managerial Personnel or their relatives are in any way concerned or interested, financially or otherwise, in the Resolution set out at Item No. 16 of the Notice.

Your Directors recommend the Resolution at Item No. 16 for approval by the Members by way of an Ordinary Resolution.

Item No. 17 - Material Related Party Transactions between JSW Neo Energy Limited and JSW Renewable Energy (Cement) Limited, subsidiaries of the Company

Background, details & justification of the transaction

JSW Neo Energy Limited ("JSWNEL") has entered into a 74:26 joint venture agreement with JSW Cement Limited ("JSW Cement"), to form JSW Renewable Energy (Cement) Limited ("JSWRECL") for setting up solar power projects for power supply to JSW Cement.

JSWRECL has developed a 8 MW solar power project in the state of Karnataka and another 10 MW solar power project in the state of Andhra Pradesh. JSWRECL will be expanding the capacity by setting up renewable energy projects for the supply of power to JSW Cement, the captive user. JSWRECL is also developing various other projects including captive power projects at Dolvi, Salem, Nandyal and Vijayanagar locations for JSW Cement.

In order to facilitate the implementation of the various projects by JSWRECL, JSWNEL will be required to provide necessary support to JSWRECL.

The proposed omnibus nature of transactions between JSWNEL and JSWRECL are intended to facilitate seamless business operations for both entities by ensuring an uninterrupted and consistent supply of facilities and services of the requisite quality and quantity, while also supporting their respective business requirements.

Approval for the omnibus related party transactions, which are likely to cross the materiality threshold in the financial year 2026-27, to be entered between JSWNEL and JSWRECL for an amount of upto ₹ 2,213 crores, is being sought from the Members.
