JSW Steel Limited ("JSW") believes in democratic systems and platforms for policy interventions and grievance redressal as permitted by Law. It is a member of CII, FICCI, Assocham, World Steel and various other Industrial Bodies and all its policy interventions are strictly carried out through such platforms. JSW engages through stakeholder consultation with industry bodies, Independent Policy Research and other industry players where relevant to support the government in framing policies in the area of:

- Governance and administration.
- Advancement of public good.
- Economic reforms.
- Sustainable business principles.
- Energy, food, water and other natural resource security.
- Inclusive development policies.
